During his absence he made two trips to Panama, in the employ of the Pacific Mail Steamship Co. Bobbed the Grave. A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. Charles L. Moon, Found.

At last the uncertainty that surrounded the disappearance of Charles Moon has been solved, and his disappearance accounted for. Sunday afternoon Mrs. Kittie Langdon, who lives back of Randolph, was on the beach near Betty's place, where she discovered the headless body of a man. She informed the Betty brothers, and they went to look after the body, while a couple of boys were to go to Edward Faby's place and telephone to Bandon in regard to the find. The boys failed to telephone and as help failed to arrive, Jack Betty went to the telephone Monday and sent word, the news reaching here Monday noon. Alfred Morris and his team were secured, and Justice Morse, accompanied by Keeper R. Johnson and two of the life-saving crew, went to Betty's beach and brought the body to town, and notified the relatives of the deceased at Coquille. E. N. Moon came down and recognized the body, being able to identify the clothing, although part of the clothing was gone. The body was in a bad state of decomposition, and was boxed up and sealed, and taken to Coquille, yesterday, for interment. Hume Gets a Dollar. Grants Pass, Oct. 16.—The jury in the title case against F. W. Chaussee, editor of the Oregon Observer, brought by R. D. Hume, gave the latter a verdict for \$1. Under the law, Mr. Hume also gets a dollar for costs, the balance of which he must pay. And Mr. Hume didn't need the dollar either. Better Than Pills. The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take, and their effect is so gentle and so agreeable, that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels, but improve the appetite and aid the digestion. For sale at 25 cents per bottle by C. Y. Lowe, Druggist.

Another Wreck.

The Steamship South Portland Wrecked Near Cape Blanco. News of the sinking of the Steamship South Portland, near Port Orford reef, reached here Tuesday morning, and calls for assistance. The tug Triumph was wanted, but the master thought best not to go, and the tug Columbia went from Coos Bay. Keeper Johnson of the Life-saving service took five men and left for the scene. The wreck occurred Monday evening, and reports differ as to the exact place, but it was in the vicinity of Cape Blanco. Perhaps later the exact locality will be determined. The crew numbered 25, and there were 14 passengers aboard, two of whom were women. So far 13 of the crew and five passengers are saved. First officer, Chas. Bruce, died about the time he got ashore. The first boat to get ashore contained Captain McIntyre, master, of San Francisco, John Bauer, stowman, Manuel Tapsonianis, cook, and four passengers. Leslie Baker, of Alameda, Al. Barley, of N. D., Guy Bout, W. L. Nelson, of Baltimore. A life raft was towed into Port Orford, Tuesday, by Charles Forty and three other parties, containing eleven persons, at one o'clock Tuesday afternoon. The raft contained First Officer Chas. Bruce, who died about the time the raft was landed, and James Ward, chief engineer, Chas. Hansen, first engineer, T. Pizzotti, second engineer, John M. Keown and J. Driscoll, others, W. Hughes and William Robinson, firemen, James Altwood and C. Johnson, seamen, and H. Webster, a passenger. Exact facts are hard to obtain, but it appears that Captain McIntyre's boat was swamped in launching, and that it contained seventeen persons, only seven of whom came ashore in the boat. One woman and her son, whose residence is Berkeley, is known to have drowned. Besides the above, there were two other boats and another life raft left the ship. One of the boats is reported found empty, and the other boat and life raft are to account for. The South Portland was on her way to San Francisco from Portland, when she struck a rock reported to have been Fox Rock, but later news says Swash rock, while another report says the ship's log registered 16 miles from Bandon, which would be in the neighborhood of Blacklock Point. The weather was foggy and the ship's fog horn was heard Tuesday afternoon, at intervals, as she was making her way down the coast, by persons who live near the ocean. The tug Columbia returned yesterday from the vicinity of the wreck, but the telephone line went down and there was no news available from that source. Keeper Johnson and crew are still at Cape Blanco. A Thoughtful Man. M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills, and she got relief at once, and was finally cured. Only 25c at Lowe's Drug Store.

Steam Feather Renovating.

The feathers, beds and pillows, will be called for at each residence and taken in the ticks just as they are, and during the day are thoroughly washed with steam, and dried perfectly dry, and returned the same day before bedtime. Old ticks are cleaned or new ones put on at reasonable prices. One person's feathers are never mixed with another's. This is positive. All disease germs and vermin are absolutely destroyed and separated from the feathers, and when they are finished and returned at night, they are pure as snow and light as air. Taylor & Steckel, Proprietors. A Great Sensation. There was a big sensation in Leesville, Ind., when W. B. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief, and soon thereafter effected a complete cure. Similar cases of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by C. Y. Lowe, Druggist. Trial bottles free. The Weekly Oregonian and this paper give you all the news of home, state, the Northwest and the nation.

Saved by the Cross-Bay Life Savers.

Thursday's Coast Mail, of last week, had the following account of the narrow escape of George Cook: George Cook, son of Dr. Cook, of Empira, came very near finding a watery grave Tuesday night. He was only saved by the diligent search of the Life-Saving crew, who promptly went to the rescue at the call for help from Captain Rooke of the Bischo. Mr. Cook and family had been camping, and he had returned to Empira with his family, whom he landed safely, and he was returning to the Life-saving station for another load. The sea was running very high, and his yard dipped into one of the waves, which upset the boat. Mr. Cook immediately began to call for help, which was heard by Captain Rooke and Mr. Cook's brother Lee, who were at the wharf in Empira. The Blanco immediately notified the Life-Saving crew, it being then 9:30, quite dark and somewhat thick. The lifeboat was immediately launched, and search began, the crew constantly keeping up a call. The first sign of him was seen at 9:30. He was clinging to the bottom of his boat. When called to he could not respond, being too far gone to reply, and he had become deaf. He was so benumbed that the crew were obliged to literally carry him to the station from the lifeboat. He was rubbed and given hot drinks and rolled in woolen blankets and put to bed. Wednesday morning he was returned to Empira safe and sound. Sheriff Hits Five Times. Under the above heading, the Oregonian of last Thursday gave an account of the capture of Walter Wyland. Residents here and readers of the Recorder, will remember Wyland as the man who started in to do up some of our citizens here, some time ago, and who at that time received rough handling, was arrested and jailed in the town jail, but made his escape with the aid of assistance from the outside. Medford, Or., Oct. 14.—Word was received by telephone late this evening, that Walter Wyland was shot five times by Sheriff Rader and E. W. Carver, while resisting arrest at Wyland's uncle's ranch, situated on Antelope Creek, 15 miles east of Medford. None of the wounds are thought to be serious. Wyland, while under the influence of liquor, last Sunday evening, drew his pistol on a son of Justice of the Peace Purden, for some fancied grievance, and finally brought up at the Hotel Nash bar with the intention of doing up Charles Gay, the night barkeeper. They exchanged a few words, and both drew their pistols and began shooting. Gay fired but one shot, which took effect near the thigh, making a slight flesh wound, while Wyland fired five shots, non-taking effect. Wyland then left town, a warrant was sworn out for his arrest, and Sheriff Rader has been on the lookout for him. He was taken to Jacksonville tonight, and will be brought here for preliminary examination tomorrow. Wyland generally is considered a desperate character. WYLAND CAPTURED. Walter Wyland, the man who "shot up" the Nash saloon, at Medford, Sunday night, while crazed with whiskey, was arrested Wednesday at the home of his uncle, Aaron Wyland on Antelope, where he had been since Monday night, by Sheriff Rader accompanied by E. W. Carver. Wyland offered no resistance, and the sensational story sent out from Medford to the effect that his deputy had made a target of Wyland before he surrendered, was without any basis of truth. Wednesday he had a hearing in Justice Purden's court at Medford, and was bound over to await trial in the circuit court. His bail was fixed at \$2000, and being unable to furnish it, he was confined in jail at Jacksonville. In the duel Sunday night, it is learned, Barkeeper Gay's shot took effect on the inside of the right thigh of Wyland, passing through the flesh and then through the back of the left leg. They were flesh wounds and not at all serious.—Ashland Tribune. Many Mothers of a Like Opinion. Mrs. Pilmer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy, and want no other kind for their children. For sale by C. Y. Lowe, Druggist.

Watches!
Are You Aware
That in the course of a year the balance of your watch makes 157,500,000 revolutions?
Think of It.
In time the oil runs out, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit; thus ruining an accurate time piece. When you do this do not blame the Jeweler because he cannot make it run as accurate as it did before. An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year. Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work. Bandon, Ore.
