Crescent City News: Judge James Hamilton of the Circuit Court of Oregon, has commenced suit against R. D. Hume for \$150,000 damages, on account of an article written by Hume and published in the Port Orford Tribune, relative to Judge Hamilton's method of presiding in court, and deciding cases.  
News reached here last week of a case of diphtheria at Coquille. It seems that Miss Ivy Marsh, a teacher in the school, had contracted the disease, and that the pupils of her room were exposed. The disease is of a mild character, and the proper quarantine has been made to prevent the disease from spreading.  
William Gallier, the hardware dealer, wishes to call your attention to his fine line of Stoves and Ranges, Granite-ware, Tinware, Agate, Glassware and Crockery, saws, and other goods. He has a line of superior glass lamps that merit inspection, and will be pleased to show you his goods and give prices, feeling sure that he can please you as to quality, quantity and price.  
Something should be done in regard to the purchase and fencing of the cemetery. As conditions now are, there is insecurity holding its changeable hand over the matter, and a change of property may necessitate the finding of another cemetery. Bandon citizens should let this matter rest no longer. If the proper arrangements are once made, then there are other things that should be attended to, chief among which is to put a proper fence around the tract.

Kid gloves—at Mrs. T. Anderson's. William Roderick of Seattle, was a visitor here Monday.  
Get ready now for the Knights' Ball, November 21st.  
The Steamer Chico is detained on account of rough bar.  
For first class real estate, correspond with Geo. P. Topping.  
You can rely on Cox, the grocer, for goods of the best quality and prices that will suit you. New goods by every steamer.

M. B. Lee, of Myrtle Point, was looking after business interests in Bandon, yesterday.  
There was a large quantity of sawlogs going out over the bar to-day. A lot came from above Myrtle Point.  
A penny saved is a penny earned. You can save the penny by purchasing your groceries of H. A. Cox. He always keeps the best, and his prices are all right.  
Elbert Dyer gave Coquille a visit Monday, returning same day. Elbert fooled his neighbors that time. Parties who saw him start thought that he was off for Portland or San Francisco, but he wasn't.  
Dr. Kime was called to Randolph last Monday evening to see Douglas Tiller, whom he found suffering from smallpox. Tiller was exposed at Coquille some days previous to taking down with the disease.  
Barber Thompson comes to the front with a new outfit, and is now fixed up in first-class style, having modernized his parlors by fitting up with new chairs of the most approved design. He has also put in a new porcelain bath tank, and is better prepared to serve his customers than ever. Call and see him.  
The Knights of Pythias are forging ahead with preparations for their annual ball, and as they have heretofore made a success on such occasions, they confidently expect that this one will be no exception in that respect. Ample arrangements are being made, and the public, which is always made welcome, can confidently look forward to an entertainment not to be excelled. Remember the place and date, Long's Hall, Nov. 21st.  
Myrtle Point Enterprise: Sheridan Croy, of Canas Valley, who slashed George Brown with a pocket knife at Canas Valley a few weeks ago, voluntarily surrendered himself to the sheriff of Douglas County, last Friday. Croy waived examination in the justice court, and was bound over to appear at the next term of circuit court, under a bond of \$1000, with James Newland and S. K. Sykes, as securities. He denies the report that his wife was implicated in the fray, and, according to his story, it is Brown who was the aggressor, and not Croy. Brown is improving rapidly, and will soon be able to resume work again. Croy's action in giving himself up was expected whenever he should learn that Brown was in no serious danger.  
Death Takes His Victim.  
The ranks of the living have again been invaded, and death, the enemy of life, has carried from our midst another victim, Miss Edith Haydon, daughter of Mrs. and Dr. Haydon, of this place.  
Miss Haydon took sick some four weeks ago and gradually grew worse until death ended her suffering, dissolution occurring Sunday morning about eight o'clock, interment taking place Monday afternoon in the Bandon cemetery.  
Miss Edith was a bright girl, 16 years of age, and will be missed by her family and by her many friends. The bereaved family have the sympathy of the community in their bereavement.  
Arm Severely Cut.  
Carl Tilton, of this place, met with a severe accident to his left arm, while working at Parkersburg, last Friday morning.  
He was working at the trimmer and getting his arm in contact with the saw, cut a gash about four inches long, which lay him off work for some time.  
MARINE ARRIVED.  
Nov. 9—Ochr Advanon, Ogdnessen, 9 days from San Francisco, to C. M. & T. Co.  
Fog Began.—A lot of fog, on corner Iris Street and Coquille Avenue, with heavy and outbuilding. Cheap. Inquire at this office.

Wedding Bells.  
Another wedding assembly has congregated, and again two souls have been made happy by being bound together, and the family ship started joyfully over life's ocean.  
The happy parties this time are Ralph Holman and Miss Lena Patterson, who, through the kindly services of Rev. Habery, were set adrift on the Matrimonial Ocean, Tuesday evening, at 8 o'clock, amidst the many relatives and friends invited to see the ceremony.  
The contracting parties are two of Bandon's well-known young people, and the Roondeas joins their many friends in wishing them a prosperous voyage.  
Flipped Up By a Falling Tree.  
Glen B. Cox, who lives near Prosper, where he has been logging during the summer, met with a severe accident Monday evening, which might have proven worse, but which will retire him from labor for a few days or perhaps weeks.  
He was helping to fell a tree which fell across a log upon which he was standing. Mr. Cox was thrown into the air, and fell back upon the log with a force sufficient to jar him up severely, while two of his ribs were cracked by the fall. Dr. Kime was called and looked after the injuries.  
Two More Passed Over.  
Death again invaded this vicinity, yesterday, and two more of our citizens have passed over to the silent majority.  
The first to go was Mrs. Ida Strater of Two-mile, who died at 11 a.m., and who will be buried tomorrow about 2 p.m.  
Mrs. R. F. Shannon, who has been sick for some time, died at noon, and the funeral and interment took place this afternoon.  
Mrs. Strater was about 52 years of age, and Mrs. Shannon about 45 years.  
Thanksgiving Proclamation.  
Washington, Oct. 31.—The President today issued his annual Thanksgiving proclamation in the following terms:  
By the President of the United States of America—A proclamation: "The season is at hand, when, according to the customs of our people, it falls upon the President to appoint a day of praise and thanksgiving to God. During the last year, the Lord has dealt bountifully with us, giving us peace at home and abroad, and the chance for our citizens to work for their welfare, unimpeded by war, famine or plague. It behooves us not only to rejoice greatly because of what has been given us, but to accept it with a solemn sense of responsibility, realizing that under heaven it rests with ourselves to show that we are worthy to use aright what has thus been entrusted to our care.  
"In no other place, and at no other time, has the experiment of government of the people, by the people, and for the people, been tried on so vast a scale as here in our own country, in the opening years of the twentieth century. Failure would not only be a dreadful thing for us, but a dreadful thing for all mankind, because it would mean loss of hope for all who believe in the power and the righteousness of liberty.  
"Therefore, in thanking God for the mercies extended to us in the past, we beseech Him that He may not withhold them in the future, and our hearts may be aroused to war steadfastly for good and against all forces of evil, public and private. We pray for strength and light, so that in the coming years, we may, with cleanliness, fearlessness and wisdom, do our allotted work on earth in such manner as to show that we are not altogether unworthy of the blessings we have received.  
Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby designate as a day of general thanksgiving, Thursday, the 26th of the coming November, and do recommend that throughout the land people cease from their wonted occupations, and in their several homes and places of worship, render thanks to Almighty God for his manifold mercies.  
"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.  
"Done at the City of Washington, this 31st day of October, in the year of our Lord, one thousand nine hundred and three, and of the Independence of the United States the one hundred and twenty eighth.  
THEODORE ROOSEVELT.  
"By the President:  
"JOHN HAY, Secretary of State."

Riverton Coal Mines.  
In an interview with a Bulletin reporter Wednesday, Jack Tawse, manager of the Riverton coal mines which are owned by the Coquille Company, of San Francisco, stated that the company's new steamer is to be put on the run between this place and San Francisco some time this month.  
Mr. Tawse was to leave on the Chico for San Francisco for a conference with the directors of the company, and E. T. Kruse, president of the company and sole owner of the new steamer is to accompany Mr. Tawse back to this place, or else will follow shortly after him, to consult with the merchants and shippers on the river, and solicit their trade for his boat.  
If all the arrangements, as now planned, are carried out, the company will have 75 or 100 men at work in their Riverton mines before the first of the year.  
There is good coal at Riverton, several veins of it, on the land owned by this company as well as on all the adjoining lands, and we hope to see them developed, as it will mean much not only to our own town, but to the whole river.—Bulletin.  
A Startling Test.  
To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation, and Kidney troubles. Try them. Only 50 cents at C. Y. Lowe's.

To more than half a million American families it carries every week its message of cheer. Its stories picture the true characteristics of the young men and women of America. Its articles bring nearly three million readers in touch with the best thought of the most famous of living men and women.

The Youth's Companion, 144 Berkeley Street, Boston, Mass.  
The Man Behind.  
In every newspaper we pick up we are sure to find a lot of gush about the man behind the gun, the man behind the buzzsaw, and the man behind the bar, the man behind the plowshare, and the man behind the fence, the man behind the bars, the man behind the kodak, and the man behind the cars, the man behind his whiskers, and the man behind his fists, and everything behind has entered on the list.  
They skipped another fellow of whom nothing has been said, the fellow who is even or a little way ahead, who always pays for what he gets, whose bills are always signed. He's a blessed sight more important than the man who is behind. All we editors and merchants and the whole commercial class are indebted for existence to the honest fellow man. He keeps us all in business, and his town is never dead, and so we take our hats off to the man that is ahead.—Exchange.  
Chamberlain's Cough Remedy is Pleasant to Take.  
The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years, and can truthfully say that it is the best preparation of the kind I know of. The children like to take it, and it has no injurious after effect." For sale by C. Y. Lowe, Druggist.

The Best Liment.  
"Chamberlain's Pain Balm is considered the best liment on the market," writes Post & Bliss, of Georgia, Vt. No other liment will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liment a trial and you will never wish to be without it. Sold by C. Y. Lowe.

That in the course of a year the balance of your watch makes 157,500,000 revolutions?  
**Think of It.**  
In time the oil runs, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit; thus ruining an accurate time piece.  
When you do this do not blame the jeweler because he cannot make it run as accurate as it did before.  
An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year.  
Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work.
