EDITORIAL

Eastern weather has been lively during the past week, with the mercury dancing around at from twenty to forty degrees below zero.

The Russian Bear, according to war gossip, is considering the propriety of giving the British Lion's tail an extra twist just by way of diversion. This could be easily accomplished by an attack on the northern frontier of India, but it is not likely that Russia will invade a struggle with England at the present time, unless she sees her designs more difficult of accomplishment in the future, and lays hold on the present as the only time that offers her a chance of success.

James K. Yardman, Governor of Mississippi, declares that education only makes the negro more vicious and immoral. As the world is to wax more wicked until the time of the end, he might well say the same of the white race or of any other color. In feudal times men plundered and robbed to get possession of other men's wealth, without regard to covering up their crimes, the strength of their castles and the vigilance of their retainers, being their only safeguard.

Congratulations

Mr. John H. Cullom, Editor of the Garland, Texas News, has written a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby, he was subject to coughy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take, and our babies really like it. Another is, that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy." For sale by C. Y. Lowe, Druggist.

Night Was Her Terror

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me, and I gained 58 pounds." It's absolutely guaranteed to cure Colds, Coughs, La Grippe, Bronchitis, and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at C. Y. Lowe's Drug Store.

Human Torpedoes

United States Naval officers are testing the expediency of a plan for the escape of the men from a submerged torpedo boat. It is announced that an experiment was made a few days since with the submarine Shark, under the command of Lieut. Nelson, which demonstrates that this is not only possible, but feasible. Two large dogs on board the boat were placed in the flying torpedo tube, and with a wooden wall behind them were fired into the water while the vessel was submerged. The dogs came to the surface without any trouble, and swam about with as evident satisfaction as if the whole affair was merely a matter of play.

The result of the experiment is interesting if not important. It is fair to assume that one of Uncle Sam's able-bodied seamen will, without doubt, make as good a projectile as even the best-bred canine, but one is curious to understand just what sort of discipline would be maintained under contingencies where it would become necessary to fire the whole crew into the vasty deep with an unqualified permit to swim ashore, or to any other haven of safety that might offer, as best they could. Then, again, the question arises, Who is going to fire the last man? Must he be an automatic loader and self firer? Or is he expected to reap all the glory of heroism and perish with the ship? These are questions that probably are not yet determined, possibly they have not been considered, but they are of interest, nevertheless, and in much greater degree to the crews of the submarine boats than to the general public.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O. Sold by C. Y. Lowe, Druggist, 75c. Hall's Family Pills are the best.

Brutally Tortured

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobick, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism, and nothing relieved me though I tried everything known. I came across Electric Bitters, and its the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by C. Y. Lowe, Druggist.

W. C. T. U. COLUMN

The next W. C. T. U. meeting takes place Tuesday, at 2.30, P. M. at the M. E. Church.

Not To Be Bribe

A bright boy, who had been taught the nature of strong drink, and promised to shun it, one day visited a rich uncle, who was not a teetotaler. He offered the boy a glass of wine, which he declined. Wishing to see how far he could be tempted, he urged the boy to drink, and finally offered him the gift of a watch if he would drink. He declined, saying, "Please don't tempt me; if I keep a teetotaler, I can some day buy a watch of my own, but if I drink and take your watch, I may later on have to pawn it to get bread."—Temperance Cause.

No Safe Limit

A writer in The Outlook asks significantly whether it would increase a young railroad man's chances to obtain a situation if he carried with him a letter of recommendation from Prof. Atwater saying that the young man used alcoholic liquors very moderately and carefully, taking pains not to absorb more than the "safe limit" of two and a half ounces of absolute alcohol per diem. Also whether a young man with such a letter would be considered a desirable risk by any life insurance company. "Is the best business sense," continues the writer referred to, "in advance of science, and if so, does it stand where science must eventually come?"

Governor Briggs' Collar

One of the men of strong individuality who founded the Congressional Temperance Society, was Hon. Geo. N. Briggs, so long Governor of Massachusetts. He was a man of fine personal appearance, and exceedingly neat in his apparel, but all who ever saw him noticed that he never wore a collar. His reason for this, as he tells it, was as follows: When a young man he worked in a hat factory. Most of his associates were given to drink. There was one young man in whom he took great interest, and to whom he had often spoken in the effort to dissuade him from his evil ways. This fellow turned on him with vehemence, saying: "I don't want you to preach to me, Briggs. You don't drink, but you are as proud as a peacock. When you have done your work dress up in your frilled shirt and white collar, and you strut around town to be admired. If you will tear off that ruffe from your bosom, and that collar from your shirt, and never wear either again, I will sign the pledge and keep it as long as you keep your promise."

Briggs took his hand out of the water, and gave it to his friend as a pledge of the agreement. It was kept by both. The young man rose to be a member of Congress, and Briggs also to be Congressman and one of the wisest governors of the old Bay State, but he never wore a shirt collar.—Christian Endeavor World

Found a Cure for Indigestion

I use Chamberlain's Stomach and Liver Tablets for indigestion, and find that they suit my case better than any dyspepsia remedy I have ever tried, and I have used many different remedies. I am nearly fifty-one years of age, and have suffered a great deal from indigestion. I can eat almost anything I want to now.—Geo. W. Emory, Rock Mills, Ala. For sale by C. Y. Lowe, Druggist.

CONTEST NOTICE

Department of the Interior. UNITED STATES LAND OFFICE, Roseburg, Oregon, Dec 23, 1903. A sufficient contest affidavit having been filed in this office by John K. Stillwell, contestant, against homestead entry No. 12022, made Sept. 20, 1902, for S1/4 of NE1/4, NW1/4 of NE1/4, NE1/4 of NE1/4, Section 25, Township 29 S., Range 15 W., by F. L. Bridgen, contestant, in which it is alleged that F. L. Bridgen has wholly abandoned said tract, that he has changed his residence therefor for more than six months past continuously up to date since making said entry, that said tract is not settled upon and cultivated by said party as required by law, and that he with his family has removed out of the State of Oregon into the State of California, said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a.m. on Feb. 24, 1904, before Col. C. T. Rosenbrother, U. S. Commissioner, Bandon, Oregon, and that final hearing will be held at 10 o'clock, a.m., March 7th, 1904, before the Register and Receiver at the United States Land Office in Roseburg, Oregon. The said contestant having, in a proper affidavit, filed Dec. 21, 1903, set forth facts which show that after due diligence personal service can not be made, it is hereby ordered and directed that such notice be given by due and proper publication. J. H. Booth, Receiver.

LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAULINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine cures the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

THEFORD'S BLACK-DRAUGHT

Watches!

Are You Aware That in the course of a year the balance of your watch makes 137,820,000 revolutions? Think of It. In time the oil runs, and produces friction, which wears the delicate bearings, destroys the high finish, and perfect fit; thus ruining an accurate time piece. When you do this do not blame the jeweler because he cannot make it run as accurate as it did before. An ordinary watch is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year. Do not neglect your watch, but have it repaired by Arthur Dow, the reliable jeweler, who guarantees all his work. Bandon, Ore.
