BANDON, OREGON: THURSDAY, FEBRUARY 11, 1904

Number 6.

LOCAL NEWS.

Hay, grain and feed at N. Lorenz's Store.

J. B. Marshall is now prepared to register voters.

"Photo" Buttons, 10 to 15c, at Wrenshall's Gallery.

A. A. Jamison, of Fort Orford, was visiting Bandon this week.

A nice stock of new Feather Pillows at the Furniture Store.

The Misses Vandecar, of Myrtle Point, are visiting in town.

R. E. L. Redillon returned Monday from a business visit to San Francisco.

Any person desiring a title table for 1904, will find them at the El Dorado Saloon.

R. B. Dement, of Myrtle Point, came down Tuesday for a short visit to Bandon.

The Furniture Store has a fine line of Rockers and Diners coming on next steamer.

W. T. Johnson and wife, of Idaho, were in town yesterday on their way down the coast.

This week has been stormy and the steamers have been detained, both in arriving and departing.

Delicious! yes, you will find delicious hams and bacon, fine flour, and the best candies at Cox's grocery.

Dr. Prentiss is in town, and those needing dental work done should call at once and make appointments.

Judge Harlocker was down Saturday from the county seat, having had business which called him this way.

All persons desiring claims can obtain them by making arrangements with A. G. Erickson, Bandon, Oregon.

Sheriff Stephen Gallier and wife came down from Coquille, Friday, and visited relatives here for a day, or two.

J. M. Hughes, an attorney from Astoria, is in Bandon, and is looking the situation over with a view to locating here.

Mr. and Mrs. T. J. Thrift came down Saturday on a visit to friends here. Mrs. Thrift remained until Tuesday.

W. H. Logan and wife visited Coos Bay, last week, returning home Saturday evening. Mr. Logan gave Coos River a call while at the bay. Miss Lena Logan, who has been teaching school at North Bend, returned with them, school having closed on account of the prevalence of measles there.

Samuel Ness, of Astoria, has been looking around this part of the Coquille valley with a view to building a cannery to can salmon. The place selected is the old cannery site at Prosper. His idea is to make a stock business of the concern, and interest some of the residents of the valley in the industry.

Mr. Russell, of Neenah, Wisconsin, who has been looking over the resources of the Coquille Valley, leaves for San Francisco on the Steamer Elizabeth, and is favorably impressed with the advantages to business propositions offered by the resources and natural conditions in this section and place, and there is a good prospect of investment here, that will largely add to the interests of the place.

There has been considerable talk here about a woolen mill being built to help out business and build up the town. The proposition is a good one, and every citizen who can help in this matter, should interest himself and take stock. A town is what its citizens make it. If they are alive to their own interests, the town looks up and grows; but if they are selfish, each wanting some one else to go ahead so that they may reap a benefit from some one else's enterprise and energy, the elements of "do nothing" are then at work, and there is no advancement. If those who are able, and who would be benefited by this enterprise, lay hold, it can be accomplished; but it is not best to wait until the golden opportunity is past.

Post Office Burglarized.

Some party pried up a window in the post office here last night, and tried their hand at opening the safe, but were not successful. They got some stamps, but the amount of the robbery has not been determined yet. There is no clue to the robber.

Chamberlain's Stomach and Liver Tablets. Unequaled for Constipation.

Mr. A. R. Kase, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation." They are sure in action, and with no tendency to nauseate or grip. For sale by C. Y. Lowe, Druggist.

Miss Martha Hulung and Miss Nellie Dement, of Myrtle Point, came down Monday to take passage on the Steamer Elizabeth, to San Francisco, whether they go on a visit of a few weeks' duration.

The passenger traffic was light from San Francisco. W. C. Scott came in on the Elizabeth, and R. E. L. Redillon and another party on the Chico. Miss Nellie Dement, Miss Mattie Hulung, J. T. Fisher and Mr. Russell sailed on the Elizabeth.

The El Dorado tonorial parlors have taken on new fixtures during the past week, which, added to what had been done before, brings Barber Hoyt's establishment up to a first-class modern establishment, the equal of any in Southwestern Oregon. This has been accomplished by the introduction of two new hydraulic chairs, and a compressed air apparatus, which, together with the large mirrors placed in the room some weeks ago, has completed the furnishing, and Benton—well, he thinks that a shave in a new chair is worth a dollar, but he only charges at the old rates.

War Notes.

The Japanese attacked the Russians at Port Arthur.

Report says that vessels on both sides were sunk and considerable damage done.

A St. Petersburg dispatch claims that 12 Japanese vessels were sunk.

An official dispatch reports two Russian battleships seriously damaged, and a cruiser sunk.

Learn and Be Wise.

The Hon. John W. Brown, of Connecticut, will lecture on the "Triumphs of Socialism," in Kim's Hall, February 15th and 16th, in the evening.

No man or woman can afford to be ignorant upon any subject, and especially so this time when social interests and the welfare of the nation are at stake. Party ties are right only so far as they are in line with the true principles of government, and when ever they diverge from the truth they will lead you into error.

There are higher laws of government than the world has yet succeeded in attaining; why not seek them out and usher in a better brotherhood of man?

Men were not created to be enemies, one to another, but to be brothers, and the highest condition of civilization can only be brought to realization when men become helpers each of the other, and when equity reigns.

The earth produces bountifully, and when men quit pattering after the beasts of prey, there will be ample of the necessities and luxuries of life for all, and the human race will have ample time and means to attain to the highest state of intelligence.

Maybe a Pulp Mill for Bandon.

A gentleman named Russell is in Bandon negotiating for a site and sizing up the proposition of putting up a paper pulp mill. It is to be hoped that such a plant may be put in operation in Coos County, and Bandon is just as good as any other place for this business.—Coast Mail.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by C. Y. Lowe, Druggist.

Notice to the Public.

Notice is hereby given to all persons not to credit Harry Hughes, on my account, as he is going to leave this part of the country, and I will not stand responsible for any debts he may contract.
