Chinese in Fight with the Russians.

Vancouver, B. C., Feb. 21.—Chinese and Russia have come into conflict in Manchuria, and the former drove back the Muscovites with loss and tore up 50 miles of the railway. This information comes to the Chinese reform Association here in one of those mysterious ways which Chinese have of securing news. The Empress Dowager herself gave the orders to drive back the Russians because they first made an unprovoked attack on her soldiers. The news came from sources which have hitherto been reliable upon, and there is no reason to doubt its authenticity. The officials of the Reform Association believe that China will seize the first opportunity to make war on Russia in the hope of recovering the "cradle of their race."

Chico Co. at the World's Fair.

Portland, Feb. 24th, 1904.

Publisher RECORDER:

This communication is being sent to every newspaper man in your county, for the purpose of interesting the public press. It is desirable that your county shall have proper literature at St. Louis, and the Commission desires that you will send back at least 50,000, if not 100,000 pamphlets descriptive of your county resources, productions, manufactures, climate, etc., for the benefit of the thousands of St. Louis visitors, that they may be attracted to our growing state. This matter should be of interest to you, and you are requested to call at once upon your fellow county publishers for the purpose of perfecting an organization to advocate the supplying of the literature mentioned, and to secure county aid for its publication. You are requested to press organization and act as a unit, so that some thing may be accomplished. These pamphlets should be printed at once, or at the latest, so that they may be in our hands at St. Louis, by May 15th. It would perhaps be commendable for you to work with your local boards of trade for this important work. The regular term of your county court in April, will be the best time to present this matter, and if you are properly organized you will be successful.

Again permit me to impress upon you the advisability of taking up this matter at once, as your county should be represented at St. Louis. As soon as your county publishers are organized to prosecute this valuable work, your secretary will please notify me at the following address: "W. H. Wehrung, Gen'l Supt., Stearns Bldg., Portland, Oregon." I will then be able to further assist you in getting matters in shape.

It is advisable that your organization shall be permanent, that you may later take up the matter of county exhibits at the state and district fairs, and the coming Lewis & Clark Centennial to be held in Portland. The success of the Oregon exhibit at St. Louis, and of properly advertising our state, depends largely upon the county press. We earnestly request that you lend us your aid in this matter, and that you do not delay in organizing and pushing this work to a successful conclusion that your county may have plenty of literature for St. Louis visitors.

Thanking you in advance, I am
Yours truly,
W. H. WEHRUNG.

It put him on his feet in short order and now he testifies, "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. For sale by C. Y. Lowe, Druggist.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sandusky, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia, and have always gotten the best results." Sold by C. Y. Lowe, Druggist.

Best Remedy for Constipation.

"The finest remedy for constipation I ever used is Chamberlain's Stomach and Liver Tablets," says Mr. Eli Butler, of Frankville, N. Y. "They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition." Sold by C. Y. Lowe.

A Trio of Corckrels.

A pretty good one happened recently to one of the clerks at Marshfield, but our informant wouldn't tell who. Knowing, however, that Vince Pratt handles more chickens than any other clerk in town, it certainly would be fair to guess that he was mixed up in it. It happened in this way: A blushing damsel from South slough tripped into the rear end of the store with three chickens under her arm. She held them for awhile and gazed about the store as if looking for some particular article. She finally laid the three birds down on the counter and started for the other end of the store, when the affable young clerk ask her, "Will they lay there?" not knowing they were tied, and being too busy to take care of the poultry at the time, "why no," she replied, "they are all three roosters." Mr. Pratt immediately began looking for something under the counter—but he never found it.—Coast Mail.
