BANDON, OREGON: THURSDAY, APRIL 7, 1904

Number 14.

LOCAL NEWS.

Hay, grain and feed at N. Lorenz's Store. Lard \$1.30 per gallon can, cash, at T. Anderson's. Lee Cox, of Langlois, was a Bandon visitor last week. Seed potatoes at one cent a pound of J. H. Tucker. "Photo" Buttons, 10 to 15cts, at Wrenshall's Gallery. A. Gotche and wife, and A. W. Johnson, of Coquille City, were in town Friday. Military and shirt waist at Denholm's. The best assortment ever brought to Bandon. Col. C. T. Blumenrother has received a supply of register blanks and is ready to register voters. W. F. Harris, a band instructor, from Texas, arrived here Sunday, and will instruct the F. D. Band. Delicious! yes, you will find delicious hams and bacon, fine flour, and the best candies at Cox's grocery. Mr. Adam Pershbaker and daughter Ruby, of Prosper, returned home Sunday from a short visit to San Francisco. B. S. Moss, of Stockton, California, and J. A. Romeleo and L. L. Page, of Napa, same State, visited Bandon last Sunday. FOR SALE—A span of Bails; 6 feet 9 inches and 6 feet 10 inches, respectively. Enquire of J. H. Tucker, Bandon, Oregon. J. H. Hunt and family attended the funeral of William Williams, of Riverton, who was buried at Coquille City last Saturday. Myrtle Point Enterprise: Charles Dodge brought a back load of passengers in from Roseburg Saturday. There is considerable travel over the Middle Fork Road. FOUND—Near the Livery Stable, Friday morning, March 18th, a black silk neck handkerchief, flowered design. Owner can get same at this office by applying and paying for this notice. Any one wishing to improve their stock of chickens for winter layers, should get a cock from J. R. Stillwell. He has the finest stock in the county, and has made a specialty of breeding for winter layers. "I have used Chamberlain's Stomach and Liver Tablets with most satisfactory results," says Mrs. F. L. Phelps, Houston, Texas. For indigestion, biliousness and constipation, these tablets are most excellent. Sold by C. Y. Lowe, Druggist. The steamer Elizabeth arrived here Sunday afternoon from San Francisco, carrying about seventy tons of freight and nine passengers aboard. The passenger list follows: Adam Pershbaker, Miss Ruby Pershbaker, S. Brannon, Dr. R. B. Boyle, L. L. Page, M. Sohn, W. F. Harris, B. S. Moss, J. A. Pannel. Dr. R. B. Boyle, a veterinary surgeon from San Francisco, was a passenger on the steamer Elizabeth this trip. Mr. Boyle has visited Coos Co. on two or three other occasions, being a friend to Edward Fahy and family. This time he comes to locate in Coos, intending to practice his profession. He will probably locate at Marshfield. The Coos County Push Club has on hand \$1500, the \$1000 which was given by the County, and \$500 raised by the Club. It was the intention to use this money for exhibits and advertising this County at the St. Louis fair. But exhibits have come in slowly; in fact there has been nothing worth mentioning and it is now too late in the day to try to do anything. The time for the Lewis and Clark fair will soon be here and it would not be out of place, perhaps, to suggest that the amount which has been raised be used for advertising at the Oregon fair. Thousands of people will come West to the fair and to see the homes, and this is the time for the County to get in its work in way of advertising. We believe the money should be used for the Portland fair.—M. P. Enterprise. Best Cough Medicine for Children. When you buy a cough medicine for small children, you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by C. Y. Lowe.

FOR SALE—A fresh milk cow at Sanderson Bros. Early Rose Seed Potatoes for sale by J. R. Stillwell, Bandon. R. Pomeroy, of Parkersburg, was doing business in town last Friday. Early Rose and Beauty of Hebron seed potatoes at Sanderson Bros' store. A. J. Counts, of Dairyville, was a Bandon visitor Saturday, having come up for a load of freight. W. H. Hull one of Riverton's prominent citizens was doing business in Bandon last Tuesday. Dr. G. D. Elgie, of Langlois, was a visitor in town Tuesday night on his way to visit Coquille City. George M. Brown, District Attorney, is after the nomination again, desiring to be his own successor. Persons wishing to have carpets or rugs woven should apply to Mrs. H. M. Tucker, Bandon, Ore. Fancy rugs a specialty. Fresh Groceries and Provisions at Cox's Grocery. Flour, Hams, Bacon, Fruits, Nuts, Candies, etc., of the best quality. Charles Adams and wife of Myrtle Point were Bandon visitors this week, as was also J. E. Moles from the same place. William Nasburg, a well-known merchant of Marshfield, died last Thursday morning from the effects of an operation for appendicitis. Del Norte Record: About 40,000 ft of lumber has recently been rafted from the Childs sawmill to the mouth of the Chetco river. The sawmill is located about 8 miles up the stream. It seems that the engineer's strike was not altogether settled when the steamer Elizabeth left San Francisco, and it is not quite certain when the steamer Chico will put in an appearance. Dr. Prentiss, the Marshfield dentist, wishes to give notice to his many patrons that he will be in Bandon again in August, at which time he will be prepared to take care of all work in his line. C. B. Zeek and wife were in town the latter part of last week, having come in from the black sand mines in the Randolph district. Mr. Zeek expects to leave here in the course of a few months. Port Orford Tribune: The Rogue River Packing and Navigation Company have purchased the machinery of a cannery on the Columbia, and will move the same to Gold Beach, where they propose engaging in salmon canning on quite a large scale. Easter Sunday was a beautiful day, being pleasant and bright, but the weather since that day has been much the same as it was before, and Winter is still resting in the lap of Spring. However, yesterday again was inclined to sunshine, and was one among the bright ones indicative of approaching spring. There has been some changes in the barber business this week. J. L. Thompson has purchased C. A. Mooman's business on the steamer Dispatch; Mooman in turn purchased Ralph Nosler's business at Coquille City, and Mr. Nosler has gone to Marshfield. Mr. Mooman and wife moved to Coquille. Coquille Bulletin: J. V. Foster brought to the Bulletin office a peculiar growth or formation which he dug out of the ground while grubbing an elder stump. It was soft and spongy, resembling a rubber cushion or ball, and was larger than a man's fist, and could easily be cut with a knife. It was dug out of the ground last Friday, and has since shrunk in size, and has hardened so that it cannot be cut with a knife, and is more like sand or gravel mixed with some substance which hardens on exposure to the air. None of our local scientists have been able to tell us what it is.

Self rising Backwheat Flour for pancakes, at Sanderson Brothers. George Wilson and E. F. Goodwin, of Corbin City, registered at the Tipper House Saturday. Father Mueller will hold services in the Catholic Church here, Sunday, April 10th, at the usual hour. Go to Denholm's for the latest styles and the lowest prices in Millinery. Also a large line of white shirt waists and Ladies' summer suits. During the week several Marshfield citizens among whom were T. E. Dow, H. A. Green, Fred Christensen and A. J. Seeley were in town. The Methodist Guild gave a Dime Social last Friday evening at the Residence of Mrs. George Lorenz which was well attended and was a success both as to finance and socially. E. Lewin had the misfortune to seriously cut his left hand with a cleaver while cutting meat in Noble's butcher shop at North Bond. He came to Marshfield to have the wounded member dressed.—Coast Mail. John K. McLeod, of Coquille City, was in town last Thursday night on his way to New Lake to purchase cows and heifers for his ranch. He and W. S. Marshall of New Lake brought in ten head Saturday evening, which Mr. McLeod had purchased of Mr. Marshall. Coast Mail—Deputy District Attorney E. L. C. Farrin returned yesterday from Myrtle Point where he had been to prosecute the case of L. Haines, who was before Judge Bender on the charge of having deer hides in his possession. He was fined \$50 and his hides taken. Coquille Bulletin: The whirring of machinery in the old Lyons mill, on the water front, has made merry music to many eager ears this week. The mill has been idle for a long time, and many men formerly employed there have been forced to look elsewhere for work. We are glad to see the change for the better, and hope the new management will keep the wheels turning every day.

The Socialist Convention convenes at Coquille, April 16. Mrs. George Conger, of Coquille, was buried last Saturday. Seed Wheat, Oats and Barley at Sanderson Brothers' Store. For first class real estate, correspond with Geo. P. Topping. James Chenoweth, of Langlois was a Bandon caller last Saturday. E. W. Stillwell and wife have moved in with his brother, T. J. Stillwell. Would not interest you if you're looking for a guaranteed Salve for Sores, Burns or Piles, Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me." It's the best Salve on earth. 25cts at Lowe's Drug Store. The Democratic Primary. The Democrats of Bandon Precinct assembled in the Town Hall last Saturday afternoon for the purpose of selecting seven delegates to the County Democratic Convention which convenes at Coquille City, Saturday, April 9. After assembly, D. J. Lowe was selected as chairman, and C. Y. Lowe was called as secretary, with Chris Rasmussen to assist. The convention then proceeded to select delegates, and for that purpose nominated twelve to be voted upon, from which number the following named persons were selected: J. D. Lowe, Chris Rasmussen, S. J. Colver, Charles Lorenz, W. C. Sanderson, Nels Rasmussen and A. G. Hoyt. Harmony prevailed, and the delegates were sent without instructions. The Republican Primary. On Thursday, March 31st, the Republicans assembled in Kime's Hall and proceeded to elect delegates to the County Republican Convention, which convened at Coquille City today. Geo. P. Topping was chosen chairman, R. Frederick, secretary, and Harry Walker, assistant secretary. There was a lively interest taken in the convention, which called out a large representation, but when they lined up and counted the votes, it was very evident that sentiment was very largely one-sided, and the delegates elected were all in favor of R. D. Hume for Joint Senator of Coos and Curry Counties. The delegates chosen to attend the County Convention were R. Frederick, W. P. Holman, A. W. Kime, George Button, Jack Hogver, A. G. Erickson, Geo. P. Topping, Gurley Boak, E. M. Blackerby and A. D. Morse. \$1,000 to loan on Real Estate. Apply at this office. Testimony of a Minister. Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by C. Y. Lowe, Druggist. Only 50cts. Tom Cat Plays Foster Mother. At the home of J. L. White, south of Marshfield, there is a peculiar fostering of a clutch of chickens by a burly old tom cat who takes the little chickens under his wing, so to speak, and is raising them. The little fellows are doing nicely and are thriving under the management. They are beginning to understand the feline call. The old boy is in bad straits when it comes to scratching for worms, but the little fellows are fast teaching him, and the zoological fact that the cat never scratches for food may be changed in this case.—Coast Mail.

Come Settle Up.

Having concluded to locate elsewhere, I desire all persons indebted to me to come forward and settle by May 1st, 1904. After that date all accounts will be left in the hands of an attorney. A. W. KIME.
