Try a Washer.

We called in at J. W. Fairbank's workshop, a few days ago, and found him still engaged in making washing machines, having about twenty on hand. Mr. Fairbank makes an excellent washer as those who have purchased will testify to, and what is more, he is eminently fair in his proposition to let persons desiring to purchase, take them on trial, as nothing but a machine having merit can stand that test. Try one; they save labor; they make your work toilsome when it can be done better with less labor.

The Study Club has undertaken to raise the money requested of Coquille City by the statue association, and will do so by giving an entertainment which will be Indian in every detail of scenery, costume, music and other features. He was arraigned in Court on Monday morning, but waived examination. Bail was fixed at \$5,000, and not being able to get bondsman, he was taken to jail.

A Card of Thanks.

Editor Recorder: Permit me through your paper to thank the friends for their kind consideration in placing my name before the voters of Coos County, for the office of County School Superintendent. The honor was entirely unsought—the position wholly undreamed of. My opponent for this position has been long and favorably known. As I have resided in the County but a short time, and am unknown to many, it seems proper to state for the information of such, that prior to my coming to Oregon, I had taught eight years, and was a member of the County Educational Board where I resided. In this State I taught two years at Perryville, two years in Elkton, and nearly two years at Coos County Academy. My record as an educator is within easy reach.

It would be pleasing to me to meet the friends of education in every precinct of the County, during the campaign, but this is out of the question. I am teaching school on a small salary to support a large family, and have neither the time nor the money to make the canvass. I must trust to the friends who so kindly placed me in nomination to plead my case during the campaign, and to speak for me at the polls.

Thanking them in advance for any favors they may thus show me, I am, most sincerely yours, A. H. MULEY.

Doctor's Notice.

Notice is hereby given the public that I have closed my practice in Coos and Curry Counties, and am settling up preparatory to leaving. Call on some other physician.

A. W. KIME, M. D.

Broke Into His House.

S. Le Quinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure. 25c at Lowe's Drug Store.

Baseball League.

A movement is on foot to organize a baseball league of local talent, that is assuming proportions which vouchsafes a successful ball season. It is proposed to collect all the available talents in the circuit and each team will be limited to three imported players, which would allow a battery and an extra man for general utility duty. This, it is argued, the towns could support without cramping their finances as last year's wholesale importation of players did. Chas. Baxter, Coquille City's manager, is heartily in favor of the proposition. North Bend has heretofore expressed a willingness to be in the fray, and Marshfield is awakening up in the 11th hour. While the quality of ball will not be up to the standard of last season's games, it will nevertheless excite the fans to a pitch that will draw an equally large patronage and help us all to pass away the long summer days. Everyone should push along the movement. The national game is the popular outdoor sport of Coos county and its admirers are anxious for a continued enjoyment in this line.—Marshfield Sun.

Serious Stomach Trouble Cured.

I was troubled with a distress in my stomach, poor stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by C. Y. Lowe.
