"Photo" Buttons, 10 to 15cts. at Wrenshall's Gallery. Seed Wheat, Oats, Corn and Barley at Sanderson Brothers' Store. This week closes the public school here for the present school year. Miss Lena Logan, of Bandon, opened a private school at North Bend last week. W. H. Logan went to work last Thursday with a force of men preparatory to logging for R. H. Ross. A. H. Bossen and Olla Bossen, of Dairyville, returned home last Saturday from a visit to San Francisco. The steamer Elizabeth came in Saturday evening from San Francisco, bringing about 110 tons of freight and seventeen passengers. W. F. Harris, the band instructor here, was made glad, Saturday evening, by the arrival of his wife and child, from California. Frank McMullen, Sr., of Northern Curry, was in town a couple of days this week awaiting the steamer. He went to San Francisco. John N. Luke, of Bandon, solicits your trade in Bricklaying and Carpenter work. All kinds of brick work, plastering and cement work done. Mrs. F. E. Dyer, who has been in Oakland, California, for some time, visiting her daughter, Mrs. J. D. Garfield, returned home Saturday evening. Sick headache results from a disordered stomach, and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by C. Y. Lowe, Druggist. Still to be found at the old stand is H. A. Cox, the grocer, and of groceries and provisions he keeps the best. In fruit, nuts, candies, etc., he keeps in the front, having always a fresh stock coming in. Elbert Dyer has sold his sawmill at Circle City, some four miles southeast of Bandon, to Alonzo Davis. Mr. Davis has been at work taking the mill apart this week, and will move it to his farm near New Lake. Mr. Dyer will build another mill at the same place where this one stood, some time in the future. L. H. Hazard, of Coquille City, came down Friday evening to meet his wife and son who were returning home from Los Angeles County, Cal., where they had been during the winter in the interest of the child's health, he being a sufferer from asthma. They arrived on the steamer Elizabeth which came into harbor Saturday evening. One of the greatest blessings a modest man can wish, for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by C. Y. Lowe. The steamer Elizabeth had the following list of passengers aboard on her arrival here Saturday: Esther Lorentzen, Mrs. W. F. Harris and child, Mrs. L. H. Hazard and child, Mrs. F. E. Dyer, Olla Bossen, Mary E. Butts, L. L. Page, E. M. Page, P. Hoffman, A. H. Bossen, James L. Drum, W. O'Connell, F. A. Zeinberg, O. F. Pira, R. D. Jones and M. M. Fraker and wife. If half, or even one-fourth, of the misdemeanors alleged against Congressman Hermann are true, he is a good man to leave at home when selecting a Congressman, and we think that the Republicans could have done better than select him for the place, as it is evident that if he has lost the confidence of the administration and his colleagues, at Washington, he will be but of little benefit to Oregon. There was a time when Hermann was a power at Washington, but his star appears to be waning. Those that want photographs, viewing done, old pictures copied and enlarged, or anything in my line, will do well to call at an early date, as I expect to return to the valley some time in the coming June. Court House, and other pictures and views for sale. Call and get them while you have the opportunity. Will complete all work before going. T. L. GRAVES, Coquille City, Oregon. FOR SALE—A Studebaker wagon; only been in actual use about three months; is in perfect condition. Enquire of J. S. Tilton, six miles south of Bandon, or at this office. DIED.—Sunday, May 1st, S. F. Avery, of Sixes, of heart failure. Deceased had been a resident of that locality for about thirty years, and was unmarried. The remains were interred at Eckley.

Woolsocks and Butter kegs at Sanderson Bros'. The steamer Elizabeth is due here again next Wednesday. Bring your wool to Sanderson Bros. Highest market price guaranteed. E. J. Hadsall, Democratic nominee for county surveyor, was in town yesterday. We call your attention to the adv. of the Racket Store in another Column. Read it, it may be to your benefit. J. Tawse, who superintends the Riverton coal mine, took passage on the Elizabeth for a visit to San Francisco. A second hand De Laval Separator for sale at Sanderson Bros. Cheap. Good as new. Capacity 600 pounds an hour. Miss Esther Lorentzen, of Dairyville who has been visiting relatives in Oakland, California returned home last Saturday. Miss Ethel Dyer went to San Francisco on the steamer Elizabeth, this trip, to join her mother, Mrs. Elbert Dyer, who is now at San Jose. N. Lorez, of Coquille, spent a couple of days in town this week having come down to see his daughter and her husband off for their California home. Elder E. Keefer arrived here yesterday from San Francisco. He will preach in Recorder Hall, Sunday, May 15, at the usual hours, morning and evening. Mrs. J. Boyle, of California, a niece of N. Lorez, who has been visiting relatives in Coos took passage on the Elizabeth, to San Francisco, on her way home. Cottage Grove Leader—Mrs. Kittie Kime and little son, of Bandon, arrived in this city, Wednesday, with their household goods. Dr. Kime and daughter Mamie will arrive in a few days, and will make Cottage Grove their future home. Dr. A. W. Kime and daughter, Mamie, left today for Cottage Grove. In his departure Bandon loses a competent and faithful physician and a good citizen, one not easily replaced, and Mr. Kime's many friends wish him success, and stand ready to welcome him back at any time. The steamer Elizabeth sailed yesterday for San Francisco with a large load of lumber and miscellaneous freight. Following is the list of passengers: S. S. Norton and wife, Mrs. J. Boyle, J. Tawse, R. R. Dinnigan, Frank McMullen, C. Bruce, Miss Ethel Dyer, James Netzger, F. Cabran, J. Tucker, W. Donnelly, Fred Miller and L. Newman. Coquille Bulletin: Capt. Polhemus, well known in this county, and particularly on Coos Bay, passed through this place Monday en route to Myrtle Point, returning to Coos Bay, Tuesday. He is in the employ of our Uncle Samuel, and was looking up matters in relation to some proposed improvements in our harbor and river. His headquarters are now in Portland. Myrtle Point Enterprise—Garland, the eight-year-old son of Wm. Murray, of Bancroft, is again a finger and thumb as a result of playing with a giant powder cap. He had found one, and not knowing what it was, he was trying to light it, holding the cap in his left hand. The cap exploded and tore the thumb and forefinger both off his left hand at the last joint. Dr. Stemmler, who dressed the wound, reports the little fellow as getting along nicely. Prof. O. F. Stafford, University of Oregon, has issued Mineral Resources and Mineral Industries of Oregon, published by the University at Eugene. This is the most authentic and comprehensive account of the mineral industry of the state ever issued. Practically all the more important known mineral deposits of the state receive mention in the 116 pages devoted to the Bulletin. A large map of the mineral deposits of the state is inserted, and several beautiful half tones embellish the pages. A list of known mineral deposits, such as antimony, asbestos, barite, borax, cement, chromite, etc., are arranged alphabetically, and location of deposit given, followed by descriptive articles on the distribution of placer gold, beach gold and its source, and dredging operations in Oregon. A list of mining districts of the state is given, and the properties in such districts well written up. Oregon has long needed such descriptive matter and the Bulletin cannot help but prove to be of advantage to the state. Prof. Stafford is to be commended for his work, which has been accomplished under many adverse conditions. The Bulletin may be obtained from the University at Eugene for 50 cents.

The Bandon Woolen Mills MEMBERS OF THE COMPANY MET AND PROCEEDED TO INCORPORATE. Measures are being taken to hurry proceedings, and actual operations will soon commence. A meeting was held here, last Saturday evening, of persons who have taken stock in the company to build and operate a Woolen Mill at this place, and proceedings were set on foot to incorporate in the sum of \$40,000, the incorporators being Robert E. L. Bedillion, C. Y. Lowe and W. D. Marshall. The name of the incorporation is "The Bandon Woolen Mills," and the papers of incorporation were started for Salem last Monday morning. A meeting of the stockholders will be arranged for as quickly as possible, and operations then set in motion to get the machinery here, set up and ready for business. As soon as the company is in working order, a man will be sent East to receive the machinery, and it is expected that it will begin to arrive here about the middle of next July, or at the farthest, by the 1st of August. This institution will again bring Bandon up, as a manufacturing town, to where she was before she lost her former woolen mills, and although she will have lost her pay roll during the eight or nine months that will have intervened between the time that the one left and the other begins operations, she will have gained in the better class of machinery that will be installed. Mr. Bedillion has been the principal mover in this industry, and deserves much credit for the energy and perseverance he has displayed, while he has enlisted the energy and means of a company of men of whom Bandon may feel proud to acknowledge as her citizens and friends. George Folsom, of near Dora, has discovered a gold mine on his ranch, near his house. He lately killed a chicken and found about \$100 in fine gold in its craw. Mr. Folsom's curiosity was aroused and he at once commenced an investigation and chose the gravel which had been thrown out of the well as the most likely place to find the gold. True to expectations he found gold among the gravel, taking out two small chunks valued at about \$100 each. On further investigation he found as high as 40 colors to the pan. Mr. Folsom will draw all the water from the well and will go to bed rock in search of the yellow metal. He may have a Klondike in his yard.—Myrtle Point Enterprise. Doctor to Locate. Dr. Kime received a telegram yesterday from H. S. Houston, at Portland, stating that he would leave there Wednesday or Thursday evening. Dr. Houston comes well recommended, and should arrive here tomorrow or next day. Memorial Services. Memorial services will be held at the M. E. Church, Sunday, May 22 at eleven o'clock. An invitation is extended to the members of all other churches to attend, with the request that other churches in town will not hold services at that hour. The Fulton Floated Again. After repeated efforts, continuing over ten days, including preparations, the steamer Dispatch succeeded last Friday night, in hauling the stranded steamer Fulton off the beach at this place, and on Saturday afternoon took her departure for San Francisco with the water-logged vessel in tow. All the deckload of lumber on the Fulton was thrown overboard, the lumber in her hold not being molested, while all available space was filled with air-tight tanks, thus insuring her from sinking. As the weather and sea has since been favorable, the Dispatch will probably have little difficulty in reaching the city with her tow. The Fulton's bottom is evidently badly damaged by the buffeting of the breakers on the beach during the unusually severe storms that prevailed since her going ashore, which occurred on February 11th, but it is now believed she will be repaired and again placed in commission. The officers and crew of the Dispatch are entitled to much credit for their perseverance and faithful efforts, which brought about the success of the undertaking.—Eckley Tribune.

Deceased was a daughter of Mr. and Mrs. Thomas Perkins, and besides her father and mother, leaves a husband, one daughter, three sons, and other relatives to mourn her departure. Primary Notice. Notice is hereby given that a Primary will be held in the Town Hall, in the Town of Bandon, on Wednesday, the 18th day of May, 1904, at the hour of 7:30 o'clock, p. m., of said day, for the purpose of nominating two tickets to be voted on at the Town election, said tickets to be for one Recorder of the said Town of Bandon, and five members of the Board of Trustees of said Town, to hold office for the term of one year. Also to devise ways and means for celebrating the Fourth day of July. An Open Letter. From the Chapin, S. C. News: Early in the spring my wife and I were taken with diarrhoea, and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand, gave each of us a dose, and we at once felt the effects. I procured a bottle, and before using the entire contents we were entirely cured. It is a wonderful remedy, and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by C. Y. Lowe, Druggist. Bids Solicited. Notice is hereby given that the Board of Trustees of the Town of Bandon will receive sealed bids for the painting of the Town Hall, one coat. The Board reserves the right to reject any and all bids. All bids to be filed with the Town Recorder on or before 6 o'clock in the afternoon on the 14th day of May, 1904. A. D. Morse, Recorder. Elijah Smith Wants Railroad. In conversation during his stay in Marshfield, yesterday, Elijah Smith talked quite freely, and it would not appear that the Southern Oregon Company is likely to sell its holdings here. Among other things, Mr. Smith expressed himself as anxious to see rail communication with the interior established, and he announced his intention of looking into the matter of the pass through the mountains which is reported to exist at the head of the East fork of the Coquille. Mr. Smith said that this matter of a railroad was the uppermost of the things he had in mind for this summer, and it is to be hoped that he will devote his energies and influence to help along Coos Bay's prospects for a road.—Coast Mail.
