BANDON, OREGON: THURSDAY, JUNE 9, 1904

Number 23.

LOCAL NEWS.

"Photo" Buttons, 10 to 15cts. at Wrenshall's Gallery. Mrs. H. M. Tucker went to North Bend, last week, and will visit there with her husband for a few weeks. Inspector Roberts, of Portland, was here yesterday inspecting the life saving service. He has started on his return North again. W. M. Vandecar, of Myrtle Point, spent a day in Bandon the latter part of last week renewing acquaintance with former associates. For sick headache take Chamberlain's Stomach and Liver Tablets, and a quick cure is certain. For sale by C. Y. Lowe, Druggist. John N. Luke, of Bandon, solicits your trade in Bricklaying and Carpenter work. All kinds of brick work, plastering, and cement work done. The rally at Coquille, last Thursday evening, was the largest ever held in Coos Co., so say those attending, and the Democrats did themselves proud. By an oversight a grievous error crept into the "Notice to Water Renters," last week, which we have corrected, and which was altogether the fault of the office. See notice for correction. Still to be found at the old stand is H. A. Cox, the grocer, and of groceries and provisions he keeps the best in fruit, nuts, candies, etc., he keeps in the front, having always a fresh stock coming in. Joe Nay, of Elk River, Curry Co., came near losing his residence by fire a few days ago. The roof caught on fire from a chimney burning, the soot falling on the roof. Mr. Nay and his neighbors succeeded in extinguishing the fire. T. T. Smith, of Parkersburg, was in town Thursday, having business to look after. He had received word, a few days prior to that time, from his daughter, Mrs. Livesay, of Humboldt, Calif., stating that she had been sick, and that her hearing had become impaired. On Friday we paid a visit to the fountain head of the Bandon water-works. It is situated about a mile and a half east of town in the head of a small gulch. A bountiful spring bubbles forth at that point and forms the supply. The Bandon Light and Water Company have a small reservoir in the gulch which holds about 250 thousand gallons of water, from whence the water main is laid to town. The company has constructed a second reservoir below, which will hold about eight times as much water as the upper one, the two being separated by a bank of earth, a few feet in thickness, and from which a second main will be laid, and which will make the supply vastly greater. The supply is not only pure, but the surroundings are clean, and the company is improving the conditions in order to keep the supply pure. FOR SALE—A span of Bulls; 6 feet 9 inches and 6 feet 10 inches, respectively. Enquire of J. H. Tucker, Bandon, Oregon. FOR SALE—A Studebaker wagon; only been in actual use about three months; is in perfect condition. Enquire of J. S. Tilton, six miles south of Bandon, or at this office. MARRIED—At Bandon, Wednesday evening, June 8th, Miss Lanna Shannon to George Henry, Rev. W. H. Myers, officiating. The Recorder joins their friends in congratulations. MOWERS—Now that the Haying Season is coming on you will need a mowing machine, and William Gallier the Hardware Dealer can give you a bargain in that line, also in other lines of hardware.

The steamer Elizabeth is due here again next Tuesday. George W. King and Charles Wilson, of Roseburg, were in Bandon this week. Robert Burns, the Democratic Representative elect from Curry, was in town Tuesday. Mrs. Charles Lorenz went to Coquille yesterday on a visit to her parents and friends. Mrs. R. H. Mast, of Coquille, gave friends here a visit during the latter part of last week. Ben F. Crow and son, of Coquille, were in town Monday night on their way down the coast. Willis and Lee Neely of Fairview, Oregon, are looking around this locality with a view toward locating. W. H. Logan had a logging donkey brought down from Coquille, last Saturday, to use in logging operations for R. H. Rosa. Mrs. C. T. Farris, of North Bend, came over during the latter part of last week to visit friends at Bandon, and remained over Sunday. Mr. Denholm is having his house treated to a coat of paint, and Axel Erickson is wielding the paint brush in a very artistic manner on Loug's Building. Miss E. Gladys Newell, of Eugene, and a graduate of Eugene College arrived here Tuesday on her way to New Lake to take charge of the New Lake school. James Costello is at work on his sailing sloop, transforming it into a gasoline launch. He is building a house upon it preparatory to putting in the engine. Mrs. Fred Mohl left last week to attend the Grand Chapter, O. E. S., which meets at Portland on the 18th. She will probably not return until the end of the month. Cox, the grocer, is having his business quarters re-arranged and enlarged. Just keep your eye on Cox and you will profit in the choice goods to be found there. The steamer Elizabeth's passenger list to San Francisco, yesterday, was as follows: J. B. Nelson, G. J. Strong, J. C. Rouse, W. J. Jefferson, Miss Mae Jefferson and W. H. Button. C. T. Bluntenrother, of Four-mile, gave the county seat a visit Tuesday, carrying the poll books of his precinct with him. B. T. Davidson carried the poll books in from the Bandon precinct. William A. Bingham and Gurley Book are down the coast this week, in the neighborhood of Port Orford, with the little gasoline boat, Nellie and Cressy, engaged in blunting eggs, fishing, etc. George Sypher, of Myrtle Point, was here last week on his way to visit relatives in Northern Curry. He has sold his interests at Myrtle Point, and intends going to Arizona in quest of better health. W. H. Button and Hans Christensen were in town Monday, having come up from the oil well near Dairyville. They went back to Dairyville Monday afternoon. Work is moving along nicely at the well. J. W. Felter and L. C. Gibson have been moving partitions and changing the arrangement of A. J. Hartman's building on the corner of First and Pacific Streets, to accommodate H. A. Cox's grocery business. A. G. Hoyt lost a fine horse last Saturday. He had let the animal out to B. T. Davidson, who had driven down the coast a ways. The horse dropped on the road near Two-mile and died without a struggle. Elders H. L. Holt and E. Keeler have taken a tent and gone to North Bend to do missionary work. They held services at Bridge, Oregon, for several days, closing last Friday. They baptized one convert at Bridge. The Broomhandle Mill shut down this week, and will remain idle for a couple of weeks, perhaps until after July 4th. The company is short on squares, and has a large surplus of handles on hand which they wish to dispose of before resuming work. Mr. and Mrs. Watson Boyd, Arthur Rice and M. Breuer, of this place, and Gust Goodman of Prosper, and other representatives of the Bandon Lodge, W. O. W., attended the unveiling of the monument to the memory of W. H. Erdice, at Myrtle Point, last Sunday. The steamer Elizabeth came in Saturday from San Francisco, bringing about 80 tons of freight and 14 passengers. Following is the passenger list: Mrs. Carme, Miss Carme, W. B. Simonds, Lucia Sperry, S. J. Strong, J. C. Rouse, Mae E. Jefferson, G. W. Shelly, Geo. Rackleff, J. L. Fox, E. A. Payson, W. J. Jefferson, C. B. Bunch, and Mrs. W. H. Bunch.

The Election.

Monday was an ideal day for election, but being also an ideal day to pursue the various occupations of labor, it was not an occasion calculated to call out the full voting strength, although there was interest enough taken to call out a strong vote. At Bandon the day passed off quietly, and although there was considerable interest taken in making choice of candidates, the work seems to have been done in advance, and the voters quietly went to the polls and did their work. The number of votes cast was 240, which was 12 below the number registered, and of these 10 were sworn in, so that it is evident a considerable per cent stayed at home. Below is the Precinct vote: STATE—FOR CONGRESS. H. Gould, Pro... 9 Binger Herman, Rep... 121 B F Rump, Soc... 30 R M Vestch, Dem... 71 FOR JUSTICE OF SUPREME COURT. Thrift succeeds on Sheriff, the last report placing S. Gallier, the Republican candidate, ahead by 10 votes, with a chance of losing. The rest of the county ticket is Republican. J. W. Hamilton is re-elected Circuit Judge.

Look Out FOR July 4 AT BANDON.

WATCH FOR WHAT COMES AFTER: Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription. Mr. J. W. Turner, of Trubart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by C. Y. Lowe, Druggist. COMING! STEEL & FREELAND CELEBRATED MOVING PICTURES ILLUSTRATED CONCERT AT THE OPERA HOUSE Friday, June 10th 1904 Reserved Seat—at the Drugstore. A Good Show Coming. Minor of Shoshone, Idaho, winning second prize at the Fall Carnival at Denver. The Okadale Tidings says of Feb. 14th says: "Last Saturday evening those of our citizens who were fortunate enough to be able to attend the Steel & Freeland Moving Picture Show given at the Auditorium in this city, enjoyed a treat such as is rarely in a town the size of Okadale. While these gentlemen have given similar entertainments at various times in this city, never before did they give such a splendid performance as on this night. For the past week every body has been talking about it and the scenes representing "The Life of an American Fireman" and "The Trip to the Moon" seemed to receive special praise. The Moving pictures were excellent inasmuch as the glimmering, hazy appearance so common with many similar shows, was entirely absent and the pictures were reflected on the canvass with a steady bright light. The illustrated songs by Mr. Freeland were also deserving of much praise. A Frightened Horse Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences.
