Our old friend William Gallier had the pleasure of greeting his sister, Mrs. Linegar, of Colorado, July 4th. Mrs. Linegar came out to visit her son Fred, and other relatives, at Coquille reaching that place before they were aware that she was coming.

Among the number of Bandonians at North Bend were Mr. and Mrs. Robert Walker, Jr., B. N. Harrington, wife and son, H. M. C. T. Blumenrother, U. S. Commissioner is in town today having business in his line to attend to. He brought word of an excellent time at Dairyville on July 4th, and speaks very highly of the Address made by Howard M. Brownell, also of the preliminary remarks of Col. R. H. Ross.

We understand that Taylor Siglin has served notice upon Stephen Galtier, Sheriff-elect, of a contest to be made in the late election. Just what the charges we have not learned, but there is considerable rumor of irregularities in the North Bend precinct.

Whether they are true or false we do not know, but there is one thing that is that all persons are interested in, and that is that the law shall be upheld. If we wink at injustice and suffer, our liberties will soon have fled.

J. C. Snooks, dentist, who had advertised to be at Bandon, July 11th, cannot come until the end of July.

Watch for his notice.

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Borge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years, and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well, and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by C. Y. Lowe, Druggist.

Notice is hereby given to all persons to whom water is supplied by the Bandon Water Co., that all water bills from and after this date must be paid in advance.

The New management took possession of the Tupper House yesterday morning, Mr. Bedillion stepping down and out.

Jack Tupper, of Coquille, was in town yesterday on his way to the "Reservation" to gather blackberries. Jack was traveling in strange company—all the same as Roosevelt was censured for doing with—a "coon."

Benton Hoyt and wife left this morning for Portland where Mrs. Hoyt will undergo a surgical operation. Mr. Hoyt does not expect to return for five or six weeks, and during his absence W. F. Harris will hold down his barber business for him.

For several years my wife was troubled with what physicians called sick headache of a very severe character. She consulted with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work.

About a year ago she began taking Chamberlain's Stomach and Liver Tablets, and today weighs more than she ever did before, and is well again.

W. Wright, of New London, New York. For sale by C. Y. Lowe.

The Fourth at Bandon.

July 4th, was observed in by no means the least gratifying manner of visiting Bandonians. At the mill park of Nelson's mill, at the mill park of the time of Sauris, and the populace arose to participate in the exercises that mark this day, and mark it memorably as a national anniversary and a time of rejoicing.

The early morning showed up somewhat foggy, but soon gave signs of clearing and the day as a whole was very pleasant and well enjoyed as a holiday for our outdoor exercises.

It was near ten o'clock by the time the boats arrived from Coquille and all their large congregations to the numerous gathering that had already assembled. Then the Colman band for parade accompanied by a program with various exhibitions which were conspicuous and added to the pleasure of the occasion.

One of these exhibitions was the presence of a collieryman band in grotesque apparel and make up which showed up to good advantage.

The other was a couple of managers grotesquely dressed, who fell into line and marched with the collieryman making much merriment for the on-lookers.

On arrival at the grounds the band opened up the exercises by one of its most stirring selections, which was followed by an excellent national anthem, by the choir, and then Mrs. Len Jenkins read the Declaration of Independence in her happy manner, which was followed by a second choice selection by the choir, and then W. H. Bunch was introduced as the Orator for the occasion, who set forth the greatness of the American Republic, and its superiority over other nations, in an able manner, ringing out many good points, and pointing out some of the dangers that threaten our liberties.

The exercises closed with the National hymn "America," which is dear to every true American, and then the assembly proceeded to partake of dinner, many having brought their lunch with them, while others took advantage of the opportunity offered by the Ladies Aid Society of the Presbyterian Church, while, perhaps a greater number made their way to the hotel and restaurant.

The afternoon sports were preceded by a few minutes of base-ball between a Bandon nine and a team from Riverton. The score was six to four in favor of Bandon, but the Bandonians had one more inning than the Rivertonites. The races then came off with the following results:

safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. For sale by C. Y. Lowe.

The Obstacle Race was won by Terry McKine, with Arthur McDuffee second. Prizes, \$3 and \$2.

The race for boys under 12 years was won by Thomas Devereux, \$3, and Gay Frederick, \$2. The next was the race for girls under 12, and was won by Anna Miller and May Cronan. Prizes, \$3 and \$2.

The race for men, free to all, was won by Terry McKine and Oscar Waldvogel, Terry getting \$5 and Oscar \$3.

There was a dearth of runners in the ladies' race, free for all, and the race was declared off. The sack race was then called, being won by Ray McNair and Thomas Devereux. Prizes, \$3 and \$2.

The Pick and Pack race was won by George Martin and Irvine Urquhart, who took first prize and Dale Barrows and Arthur McDuffee who took second money, the prize being \$3 and \$2.

The Hose contest took place on First street and was won by the Bandon fire laddies the time being twenty-eight and three-fifths seconds. The Coquille boys failed to get the nozzle attached to the hose before the water made its appearance, other wise the contest would have been very nearly a tie.

Next came the Darktown fire brigade, consisting of all kinds of a make-up, with a hose cart with some two hundred feet of small leaky hose, a few buckets and a cowbell or two, to help out the din. The red end of the cart and had to be rolled over and over on the street to get the hose clear and when the water was turned on a spray-like stream was emitted from the nozzle. This was one of the amusing features and the Darktown fire company was a success.

The life-saving crew then gave an exhibition in the life boat which was watched with interest, especially by those who were not frequent observers of these maneuvers.

The closing contest was the Daek race, in which Henry and Miss Avoril and Donald Charlson figured as principals. This race consisted in the two former endeavoring to catch the latter who had a small boat while they had a larger one. The object was to capture the man in the small boat and transfer him to the larger one.

The race was very interesting, and after the small boat was captured, Charlson took to the water, and then, when caught, oversteered the other boat, winning out in the race.

In the evening the band gave a concert, and then gave a ball, which was largely attended, and a very enjoyable affair, lasting until morning.

There was a small boy who received some injury to one of his hands by letting a fire cracker explode while in his hand, but the injury was not great as the skin was not torn.

One incident, perhaps, should be mentioned, when a dog picked up a fire cracker and it exploded in his mouth with direful effect, cutting off the tongue, and twisting the jaws out of place. The dog was shot to put him out of misery, but he would have died in a short time anyway. These were the only incidents that marred the occasion.
