For a Christmas Pepper Shake, call at Gallier's Hardware Store.

Christmas goods going at cost at J. B. Marshall & Son's store. Call and see their stock.

Rev. J. J. Handsaker, of Coquille, has received a missionary appointment to Kingston, Jamaica.

Mrs. Thomas Anderson has been on the sick list for some time, but is slowly improving, being able to be up part of the time.

Mrs. W. L. Davidson, who has been bed fast for a couple of months past, has not been feeling quite so well during the last few days.

S. A. Alumbang, of whom mention was made last week as having received a stroke of paralysis, is improving very nicely and is now able to sit up.

Mrs. F. J. Hite has now on display a fine line of Christmas Goods, such as Dolls, Books, Games, Photo Albums, Toys, Tree Decorations, Candles, etc.

John Berry, of Myrtle Point, was a Bandon visitor yesterday, having come down on the lower river for the purpose of purchasing a supply of salted salmon.

A. B. Carey, of Curry County, was in Bandon Friday night having come up after his son in law, M. D. Sherwood, and family, who were moving from Coquille to Curry County.

Monday and Tuesday showed up well in the way of rain, giving a good rise of water in the river and affording the loggers an opportunity to float their logs out of the small streams.

J. A. Bowman and wife, of La Grange, were in town Friday night, Mr. Bowman having come up to meet his wife who has been visiting relatives in the Willamette Valley for some time past.

Charles H. Wood, of M. T. Clinton, of Norway, had the misfortune to cut his thumb with a saw while working on the mill. He was using a hand saw and almost his hand got in the way of the saw.

J. F. Turner, who was in the hospital at Coquille, has been discharged. He was suffering from a severe cold and had been in the hospital for some time.

On Saturday evening word reached here that a vessel had sailed for a day or two as there was a storm blowing up the Coquille coast due here about Monday, but as nothing of that nature has passed along, we conclude that either got lost or switched off.

J. L. Davison, of Two-mile had the misfortune to cut his left hand severely last Thursday while driving a shaft. Both tendons of the little finger were severed and had to be stitched together. The injury will lay him off work for some time to come.

Our good friend, W. Hite, has been carrying an arm in a sling since yesterday, a week ago. He was up at his ranch, near Coquille, being hay, and tripped, falling in such a manner as to double his wrist, throwing it out of joint. It will be some time before he can use it.

The steamer Elizabeth got into harbor Tuesday evening from San Francisco, having had to wait outside some 30 hours for the bar to calm down. She brought up about 60 tons of freight and the following list of passengers: Mr and Mrs William Linegar and daughter, and R. E. L. Bedillion.

Harvey James has accepted a position on the steamer Favorite, and will move to Coquille City again.

FOR SALE—Two good lots with six-room house. Good well of water. Enquire of Mrs. M. A. FELTER, Bandon, Oregon.

Denholm will sell Millinery at greatly reduced prices during the month of December. Call and see for yourselves.

R. H. Mast, T. P. Hanly, J. F. Fahy, Frank Flam and J. L. Kronenberg were in town Saturday night, having business which called them Bandonward.

Charles Fitzhugh, of Sixes River, has gone to Jerome, Arizona, to join James F. Cox, of Sixes, and Leo Cox, of Bandon, who started for that point a few weeks ago.

The Children's Masquerade was very much of a success last Saturday evening, and attracted enough to fill the hall quite full. There were some 30 children trigged up for the occasion, and the prizes awarded were given to Florida Munck, who represented a clown, the other prize being awarded to Mildred Moree.

Isom Clinton, of Norway, had his hand mangled, last Sunday, by a shotgun. He, in company with his step-brother was out hunting. He laid his gun down in the boat and reached around for it. The gun was discharged, the contents passing through his hand at the base of the thumb. The hand will probably be saved.

Mr. and Mrs. William Linegar and daughter arrived here Tuesday evening, from Colorado, on a visit to relatives in Coos County. They visited Mr and Mrs. William Gallier at this place, and then went to Coquille yesterday where they will visit Mr. Linegar's mother and brother and other relatives. They will remain until after the holidays.

Mrs. John Johnson, received a telegram from San Francisco, Tuesday, conveying the sad intelligence that her niece, Mrs. I. Thomson, had died that day in childbirth, having been delivered of a twelve pound baby.

Mrs. Thomson, whose maiden name was Inga Johnson, stayed with her aunt here two winters ago, and made many friends in Bandon who will be glad to hear of her recovery.

Post Office, which about ten years ago, was a severe shaking up last Thursday evening, while the steamer Dupont was loading. He had jumped on the boat when she first touched the wharf, secured his can of milk and undertook to leave the steamer before she was tied to the wharf, and in so doing fell between the steamer and wharf to the lower deck of the steamer. He received a heavy bump but was able to walk home and was around all right next day. The marshal has repeatedly warned the boys about going aboard the steamer before they have landed, but the warning has gone unheeded, and it is rather the wonder that several accidents have not frequently happened.

Revolution Eminent.  
A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it don't give perfect satisfaction. Guaranteed by C. Y. Love, Druggist.

Christmas Salt and Pepper Shakes at Gallier's.

Robert Walker, Sen. has been on the sick list for a couple of weeks. He was confined to his bed for several days, but has so far recovered as to be able to be up part of the time.

Begin to Show Up.  
Saturday forenoon the familiar sound of the steamer Chico's whistle announced her arrival inside the harbor, and called those interested, as well as the curious, to see her land, the most interesting item connected with her coming being the fact that she was mostly loaded with machinery for the Bandon Woolen Mills.

Besides the machinery for the Woolen Mills she carried about 60 tons of other freight which she unloaded at Dyer's wharf, after which she moved to Ross's wharf and commenced discharging, having about three-fourth of the machinery aboard for the Bandon Woolen Mills.

A good many Bandonians visited the scene during the afternoon all pleased to see the material arriving for the new mill.

Among those whose features were lighted up with pleasure we noticed some of the employees of the old mill who have been working at North Bend while the mill was in operation here.

The machinery was unloaded and housed on the first floor of the mill except some that could be left in the weather.

There is a large pile of it, with over 200 tons yet to arrive, but when it is put in place it will present a better appearance and look more like order.

The following item we clip from the Coquille Herald:  
The steamer Chico arrived in the river last Saturday, bringing a lot of the machinery for Bandon's new woolen mills. While it has taken strenuous effort on the part of Bandon's good and enterprising citizens to erect and equip a new woolen mill, there is no question but that they will be well paid for their enterprise. It also shows what a community may accomplish by working together with a common cause in view, and its purpose being the greatest good to the greatest number. Bandon has other enterprises in view which will be a reality in their midst in the near future if we are not much mistaken. When it comes to business enterprises in that place, the knocker has to part in it and things move steadily on without a hitch.

For School Boys and Girls  
Portland, Oregon, Dec. 1, 1904. The Oregon Society of the Sons of the American Revolution is an organization composed of descendants of those who assisted in establishing American independence. Any male descendant of such ancestor is eligible to admission into the society. Its objects are purely patriotic and historical. One of them is to stimulate interest in the history of the American Revolution, and loyalty to its principles. For this purpose the society offers three prizes of \$25.00, \$15.00 and \$10.00 respectively for the best essay written by any student under twenty-one years of age, in any public school in Oregon, on either of the following two American Revolutionary subjects:

1. The Quebec campaign.
2. The co-operation of the French, how brought about, and the results. Essays are limited in length to twenty-five hundred words, must be written on legal cap on one side of the paper in the student's own handwriting, and must be accompanied by the certificate of the principal of the school attended by the author, to the effect that the author is a bona fide student in the school, and has been in attendance therein not less than six weeks during the school year of 1904-05. Essays must be forwarded to the chairman of the committee in charge, General Thomas M. Anderson, 251 North Twenty-fourth Street, Portland, so as to reach him not later than February 1, 1905. In awarding the prizes the committee will be governed by these three considerations:

1. Historical accuracy.
2. Manner of treatment.
3. Orthography, grammar, syntax, and punctuation.

Any additional information relative to the competition which may be desired will be cheerfully furnished by the chairman of the committee. The essay which is awarded the first prize will be published in full, with the name of the author, in the public press.

Strenuous Denial.  
Mr. Editor, and to whom it may concern:

Having learned that it has been reported around that remarks had been made by some of the members of the Grand Army Post, of Bandon, against the Foresters' Lodge, of Bandon, we take the liberty of denying the same, and stating that it is an unqualified falsehood, and whoever says the remarks were made is an unqualified falsifier, and we defy anyone to disprove the assertion.

The G. A. R. Post has business enough of its own to attend to without attempting to meddle with the affairs of other organizations, and our motto is to live in amity and peace with all, but we are very sorry to say that such is not the case with the others for the following reasons:

The Grand Army of the Republic is a charitable organization and a loyal one, whose objects are to take care of the widows and orphans of old soldiers, and to take care of and aid all old soldiers, who, at the risk of their lives and limbs, presented themselves as a living breastwork so that this glorious union of states might be kept together as one, and how nobly they performed that duty these glorious United States now show, as most of the members of the organization are in poor financial circumstances, they have, ever since their organization, "some 16 or 17 years ago," held one Annual Ball on every Christmas Eve, December 24th of every year, and as it is the first and oldest organization in the town of Bandon, that evening was by general consent of the public, conceded to them so as to replenish their fund for charitable purposes. This has been done ever since the Post was organized here, but this year a certain party in Bandon thought this should not be so, and to prevent the G. A. R. Post from holding their Annual Ball, as usual, on their regular evening, this same party went to work and hired the only two halls in the town of Bandon, with the intention of giving a Ball in one hall and closing up the other hall so that the members of the G. A. R. Post should be barred from holding their Annual Ball for charitable purposes. As this was attempted and persisted in, we take this method of informing the general public and our friends that Bandon Post, No. 56, of the Grand Army of the Republic, will hold their Annual Masquerade Ball on the usual night, on Christmas Eve, December 24th, 1904, at Kime's Opera Hall, the proceeds of which will be used only for the purpose stated, "Charity," and we will guarantee the public and our friends that they will have the usual happy and enjoyable time.
