E. D. Hume Sued.

Salem, Ore., Feb. 16.—(Special)—R. D. Hume, of Curry County, was today made defendant in a damage suit for \$15,000, filed in the Circuit Court by Representative Robert Burns of the same county.

Mr. Burns in his complaint alleges "that on or about February 13, 1905, in the City of Salem, defendant did willfully, wickedly, wrongfully and maliciously print, circulate and pub lish a circular letter of and concern ing plaintiff, as a citizen, as an at torney and as an official, the follow ing false, malicious and defamatory words, viz.: "I declare Robert Burns to be a sneaking, cowardly rascal and unfit to associate with honorable gentlemen."

Mr. Burns charges that all said words are false and defamatory and that the purpose of the circular was to convey the thought that the def endant, as an attorney, as a citizen and as an official, is a felon, corrupt, dishonest and loathsome.

This circular which was placed on the desk of every Senator and Rep resentative, was called forth by a bill introduced by Burns which would destroy the fishing monopoly which Hume now enjoys on the Rogue Riv er. Hume has been in Salem for several days doing all in his power to defeat the passage of the bill.

Hume in an interview tonight said that he is glad the suing has been brought and that when he gets Burns on the witness stand he will "show him up." I am prepared to defend myself," he said "and that \$15,000 will be all a dream." Hume is very con fident of being able to prove the charges which he made in his circular.

Burns had nothing to say further than that he is not afraid of Hume's threat and is willing to let the courts settle it.

John L. on Lecture Platform.

John L. Sullivan, the original heavy weight champion slugger has re formed and taken to the lecture plat form, and is now dealing cigarettes and booze the same stunning knock out blows which formerly character ized his prize ring career.

"Drinking takes a lot of vitality out of an athlete; smoking dries him up inside, and cuts his wind. If you're thinking of ever being any kind of an athlete, don't touch tobacco or rum unless the doctors tell you to—and they never will. He says:

"In all my experience with doctors they never prescribed but a couple of spoonfuls of whiskey and two bottles of ale for me. I'd never have been able to lecture from experience on what they gave me.

"I would have been champion of the world for years longer, and prob ably never would have been whipped had it not been for intemperance in living—in eating and in drinking and in smoking. I didn't drink much in training, and the smoking that I did did not hurt me materially, but then I did too much of it and when I met Corbett you could have whipped me if you had made me run after you long enough."

Sick Headache.

This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be warded off, or greatly lessened in severity, by taking a dose of these Tablets as soon as the first symptom of an attack appears. Sold by C. Y. Lowe.
