Telegram: Oyama has Linievitch cornered. If the Japanese army does not crush the Russian army within the next few days, Oyama will have demonstrated that his self-restraint is as remarkable as his skill in strategy.

Centennial Notes.
The attendance at the Lewis and Clark Exposition is increasing daily. Excursions are run every day from one or more cities in the Northwest, bringing many people to the Fair.
Everybody who has visited the Lewis and Clark Exposition pronounces the Trail "the best ever." There are thirty shows, and you can see them all for about \$7. The prices range from 10 to 50 cents.
The price of admission to the Lewis and Clark Exposition on Sundays has been reduced to 25 cents. The weekly admission remains at 50 cents. On Sundays the gates open at noon and close at 11:30 p.m.

July 12 will be Advertising Men's Day at the Lewis and Clark Exposition. The Pacific Coast Advertising Men's Association will be in session on that date. This Association is working along very broad lines for the promotion of the coast and its products, and for the elevation of advertising and the betterment of the craft.

Towns and cities of the state of Washington will begin their special days at the Portland Fair this week. June 27 was Oklahoma day, and Governor Ferguson of that territory, with many citizens, was in attendance. June 30 was Woman's day, and July 1 is Tacoma day. The Dominion of Canada also will have special exercises on that day. The American Library Association Convention begins its sessions Monday, July 3. On the Fourth of July there will be a grand celebration of Independence Day with a great display of fireworks in the evening.

Telegram: Four more saloons have been licensed to do business in the neighborhood of the Exposition. Brave indeed are the gentlemen who compose the liquor license committee of the City Council.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war, know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon and will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas. "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by C. Y. Lowe, Druggist.

Telegram: The law decides that Senator Mitchell is not charged with moral turpitude. There is more of what the late Josh Billings would have called dam phoolishness in the law to the square inch than is associated with all other professions.

THE SHEEP-HERDER.
De Laney's new novel
An Oregon writer's Greatest Effort.

A story of the great range wars in which is interwoven the romantic episodes of acquiring timber lands, and the advancement of irrigation.

This production will appear in the Semi-Weekly Oregon Journal in serial form. The Journal will be closed with the "Shepherd," the two for \$2.25. Subscribe at once and read this great story of life as told by Paul De Laney.

Huge Task.
It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion, and suffered from dreadful backache, headache, and depression. I found Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by C. Y. Lowe, Druggist. Price 50 cents."

Oregonian: New York is to have an ordinance permitting her citizens to get drunk three times in one year without being punished. If the New York drunks are like those of some cities, the authorities will have great difficulty in determining where the "spree" begins and where it ends. Three drunks of the kind indulged in by some professionals, would last for three years.

Dying of Famines
is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at C. Y. Lowe's Drug Store. Price 50c and \$1.00 a bottle. Trial bottle free.

An Irish Bull.
One day an English gentleman met Pat and at once got into conversation with him. "Well, Pat," he said, "I have often heard of an 'Irish bull'; can you tell me what it is?" "Well, sir," replied Pat, "you see those seven cows standing up by that tree? Well, the one lying down is an Irish bull."—Glasgow Times.

No Secret About It.
It is no secret that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Texas. 25c at C. Y. Lowe's Drug Store.

Kiraly's great specialty. "The Carnival of Venice," on the Lewis and Clark Exposition Trail, opened last week. This is a remarkable show. Bolossy Kiraly has been known to the world over for many years as a successful creator of brilliant spectacular exhibitions, and this time he has surpassed himself. There are nearly 300 people in the performance, including scores of pretty girls. Performances are given every afternoon and evening.

Just What Everyone Should Do.
Mr. J. T. Barber, of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of Colic, Cholera Morbus and Diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic, and it has proved to be the best medicine I ever used." Sold by C. Y. Lowe, Druggist.

Oregonian: The log raft is extending its field for operations. When it first appeared on the Pacific the builders were unable to get it safely over the course from Coos Bay to San Francisco. But the route was lengthened to the Columbia River, and then to Puget Sound, and now a San Francisco firm is said to be arranging to tow one of the unwieldy masses of logs across the Pacific to Japan. The first rafts towed on the Pacific were not very successful, but since A. B. Hammond began operations with them, not a raft has been lost, and it is highly probable that the trans-Pacific tow could be successfully accomplished.

Sprained Ankle, Stiff Neck, Lame Shoulder.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by C. Y. Lowe, Druggist.

The Weekly Oregonian and this paper give you all the news of home, state, the Northwest and the nation.

Home Circle Column
Crude Thoughts As They Fall From The Editorial Pen. Pleasant Evening Reviews. A Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

TWO PICTURES.
When morning broke and baby came The house did hardly seem the same As just before. The very air Grew fragrant with the essence rare Of a celestial garden, where The angels, breathless, leaned to hear The youthful mother's fervid prayer To God, to guard her first-born care, And with what diligence each ear Did listen, as her lips did frame The helpless little stranger's name—
When baby came!

When darkness came and baby died, The misty grief that fell belied The transient joy that filled the room But just before; where brooding gloom Now dumbly spoke the baby's doom. We hid away the little things Woven by nature's matchless loom— A woman's hands! The amber bloom Waxed dimmer on the flash's wings! The flowers, too, in sorrow ried, As if kind nature drooped and cried—
When baby died!

A Bad Scare.
Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at C. Y. Lowe's Drug Store. Only 25 cents. Try them.

X-Ray Gas Generator.

SHOWING WILLINGNESS AT HOME.
Love shows itself in our willingness to do little or big things that will please our loved ones. A man may not care for violets, but he shows his love for his wife, if he will, for her sake, go down on his knees in the grass and gather a bunch just for her. He may not care to go to church, but if his wife and children want him to go, he could show his love for them by going with them. He may think that they ought to know he loves them dearly, because every day of his life he is working for them.

But his love is not all that it might be until it leads him to do the things that are specially pleasing to his family. Numerous cares, deep thought, an absorbing life work, a crowded day, free no man from the duty of showing his love at home in ways which are wholly of his wife's or his children's choosing.

The man who complains of the useless demands his family make upon him, had better right about face and ask himself how much he is doing to make such loving claims seem no longer like demands.

THE DEADLY FOURTH.

The Fourth of July is rapidly becoming a day to be dreaded rather than enjoyed. The Fourth of July means the death of hundreds of children by explosives of different kinds. The daily papers on the fifth of July never fail to contain columns after columns of death notices from toy pistols, fire crackers and various kinds of explosives. In New England the growing disgust that a day which should be hallowed by patriotic memories should be degraded into a day marked by the killing and maiming of hundreds, if not thousands, of children, and into a day of torture for the sick and nervous, and of dread and anxiety for the strong and well. The hospitals of the large cities on

the Fourth of July are filled with youngsters of all ages, cut and burned, with their hands torn to shreds and their sight destroyed or injured, and the death due to lockjaw alone would, if we were not cautioned by custom, cause such an outcry that those who sell or parents who put into the hands of their children the deadly toys would be held up to general execration. That there is no exaggeration in this statement of the case is borne out by the newspapers of the morning following the Fourth, in every city in the country. Among the sick and unwell, or those who are in the least nervous, the constant din and the sudden ear-splitting explosions cause a degree of misery that in itself would justify the suppressions of all explosives even if they were entirely innocuous to those that handle them and to surrounding property. No one has the right to subject others to torture merely to amuse himself. To bring children up deliberately to disregard the comforts and well being of others is to teach license, not liberty, on the day that should be consecrated to liberty.
