Heart to Heart Talk with Business Men.

Bandon is large enough to support a good paper. Will it do it? A newspaper is, to a great extent, what the people of a community make it. Give it poor support and you are sure to get a poor paper. Give it good support and you are at least entitled to a paper that will do the community in general some good. Of course there are a few business men in every community who are too penurious to do anything for the good of the town, but we hope that Bandon is comparatively free from this class of so-called business men. A man looking for a location is almost sure to ask to see a copy of the local paper, and his impression of that town is, to a great extent, formed by the appearance of that paper. If it is full of local news and live advertisements, he can depend upon it that the town is alive and up-to-date. If the paper looks like a last year's almanac, he forms an impression that does the town no good. If the people here will come forth with the proper support we will do our best to get out a paper that will do the town some good. We are willing to spend every dollar we make in improving the paper, but we have neither the time or inclination to keep drumming for business and not get it. Life is too short to spend it day-dreaming, and if Bandon is to share in the development and prosperity that is headed this way, now is the time to commence and do something or forever hold its peace.

Fresh Groceries at all times at Trowbridge's.

The Umpqua salmon pack amounts to about 7,000 cases.

Old papers, 10 cents per hundred, at Recorder office.

S. Mandy is making some improvements on his residence property.

Born—To Mr. and Mrs. Harry Nelson, a daughter, Nov. 12th, 1905.

Retail business in Portland is from 30 to 50 per cent better than it was a year ago, says the Journal.

Although the sea was running high Sunday, it was a beautiful day, and many people could be seen along the beach and bluff viewing the breakers.

J. W. Neur, the S. P. right-of-way man, has been instructed to have the right-of-way ready so that grading on the Drain-Coos Bay road may begin January 1st.

The Misses Davison gave a party last Friday evening in honor of Miss Minnie Ferguson, of Portland, who is visiting at their home. The evening was pleasantly passed with music and games. Light refreshments were served.

The Gold Bar Mining Co. at Illabe, Curry County, Oregon, report their work greatly enlarged there. One trestle, 61 feet high and 60 feet long, is completed, and the three-quarter mile ditch is almost ready for bringing water to their mill. There are 28 men now at work and excellent progress is being made.

A new Gun Club was organized in Bandon last week. The membership will be limited to about fifteen, and they have leased the Marshall ranch of 1200 acres and the McClellan ranch of 1100 acres for the privilege of fishing and hunting with shotguns until March 15th. If the good people of Langlois have a terrific bombardment in that vicinity in the near future, they can rest assured that it is not the Japanese fleet.

Madison Scott, a veteran citizen of near Bandon, sent us on Thursday, by Uncle Thos. Smith, samples of his crops, at which we are much pleased as well as surprised. Although grown on up lands, we have seen no nicer and better developed specimens of corn and parsnips grown anywhere in the valley. Ears of corn measured 10 inches in length and perfectly developed, while the parsnips measured 11 inches in circumference and a foot in length, and are as nice samples as anyone would wish to see.—Coquille Herald.

The Exact Thing Required for Constipation.

"As a certain purgative and stomachic for Chamberlain's Stomach and Liver Tablets seem to be the exact thing required strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says R. S. Webster & Co., Toronto, Ontario, Canada. For sale by C. Y. Lowe, Bandon.

W. Hite picked several quarts of fine strawberries in his garden the past week. Bandon climate against the world.

Thos Anderson has added to the appearance of his meat market by giving the interior a liberal application of paint.

Fire has destroyed what remained of the wrecked steamer St. Paul, which went ashore at Point Gorda early in October.

Going to get married! The Recorder has just received a nice line of wedding invitations, and can print them on short notice.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. Sold by C. Y. Lowe, Druggist.

Wm. H. Washburn, representing a Portland company, arrived last week and will make a final test for gold values in the old Lane mine in the black sand district north of town.

J. A. Hartman received a consignment of cement on the last Elizabeth and work on his new building has been resumed. The walls are being raised at the rate of a foot a day.

Some parties from near Eugene passed through here last week with 440 head of Angora goats which they were to deliver in Langlois for R. D. Hume. They received \$100 a head for the goats.

Delphi Lodge, No. 64, Knights of Pythias, will give their Eleventh Annual Ball at Muncie's Hall, Saturday evening, Nov. 18th. Arrangements are being made for a great time, and a large crowd is expected.

There will be preaching services at the Presbyterian Church, next Sunday, November 19th, both morning and evening. Sunday School at 10 o'clock, and Christian Endeavor at 6:30 o'clock. All are cordially invited to these services.

Bert Harrington went hunting a few days ago and after getting into the game country discovered that he had no gun. Why on earth a man would want to go hunting without a gun is more than we can comprehend. However, he insists that he had a gun when he left here.

Osborn & Elliott, who moved their sawmill from its old location three miles south of town to a point two miles northeast of Randolph, report that they have everything in good running order again, and expect to be able to ship lumber by the 25th inst. They are cutting white cedar almost exclusively, and are located in a fine body of timber.

While engaged at his work at the North Jetty, one day last week, Wm. Sorenson fell from the trestle work and only escaped serious injury, and perhaps death, on the jagged rocks below, from the fact that a large breaker came in just as he fell, and he struck the water instead of the rocks. The breaker tossed him upon the rock and he escaped with only a severe shaking up. It was a close call.

Otto Gross, the 15 year old son of H. A. Gross, met with an accident at the government works last Monday that will make him a cripple for life. He has been firing one of the "donkey" engines. Monday morning he attempted to board one of the rock trains, but slipped, and a car loaded with rock passed over his left foot. He was taken to Dr. Honston's office where it was found necessary to amputate the toes and about half of the foot. The boy is getting along as well as could be expected.

Herb W. Edwards injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on his leg last winter, spraining his wrist and bruising his knee. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared." For sale by C. Y. Lowe.

The first issue of the Bandon Recorder under its new owner and editor, bears evidence that a skillful printer and wide awake editor is at the helm. In his oration from the rostrum, Mr. Fetter lucidly announces the policy of the paper as Independent Republican, dealing lightly with politics, but devoted to the interests of Bandon and vicinity. We wish and predict success, Mr. Fetter.—Port Orford Tribune.
