ANNOUNCEMENT.

I hereby announce myself as a candidate for the Republican nomination for the office of Sheriff of Coos county, subject to the decision of the Republican voters at the primary election, April 20, 1906.

L. W. TRAVEL.

The Umpqua Valley News of Roseburg, says the Coquille river empties into Coos Bay. Look at your map, Brother Willis.

The shingle mill man who was here last week has offered to put in the mill at Coquille if given a site and boom privileges. The Board of Trade has taken an option on the Hoade property near the Coquille Creamery, and the final arrangements were to be made within fifteen days.

The Drain Nonpareil has been enlarged from a six to a seven column paper. It is the same size as the Recorder now and almost as good a paper. Bro. Shutt writes us that when the new railroad is completed, he will charter a train and bring the whole thing down to Bandon Beach for a vacation.

A farewell surprise party was given at the school house last Friday evening, for Prof. Worrell, who leaves soon for Washington. The evening was pleasantly passed with music and games, and light refreshments were served. Prof. Worrell was presented with a couple of mementos by two of the classes to serve as a token of the esteem in which he was held by the school.

The Socialists effected an organization at this place last Monday evening with a membership of twenty-six. Following is the list of the officers elected; Organizer, M. Brenner; Reporting Sec., John Nielson; financial sec., W. W. Hayes; Treasurer, Amos Corson. Short speeches were made by several persons, and the enthusiasm shown gives assurance of the earnestness of the advocates of reform.

E. Lewin, who was formerly engaged in the meat business in Bandon, but a resident of North Bend for the past three years, has decided to again become a resident of the city by the sea, and expects to move his family here about the first of February. Mr. Lewin arrived Tuesday evening, and will be found behind the counter at Anderson's Meat Market, where he will be pleased to meet old acquaintances and former patrons.

Dr. Tatom, dentist, at Bandon, one week, commencing Friday, Feb. 2nd.

Port Orford.

Born-In Port Orford, Oregon, on the 13th of January, to the wife of James Quickey, a daughter.

Railroads are being mapped out in every direction, and some of the wise builders talk of leaving their townships at every place but the one they really mean. This explains why they are so silent about Port Orford, which they know is the deepest harbor on the coast except Puget Sound.

The S P. Railroad surveyors under Cooper were near Trinidad at last accounts. From there to Eureka it is almost a level country, and the survey should reach Eureka in a few more weeks. Mr. Cooper has had charge of the survey since it started at Drain, and he is said to be one of the ablest engineers in the country. As the road from Drain to Coos Bay would not "earn its salt" the immediate construction of the through line will be a necessity.—Tribune.

DR. TATOM, DENTIST.

Will visit Bandon, February 2d, and remain one week.

Newport will build a new \$25,000 school house.

Nearly 300 hunters' licenses have already been issued by the County clerk.

It is reported that J. Deenholt and Mr. Lundy will each commence the erection of a new business building on Main street, soon.

To the Principals of the High Schools in the State of Oregon.

The Oregon Equal Suffrage Association hereby offers to the High School pupils throughout the state a prize of twenty dollars for the best essay on the subject:

"Reasons for Equal Suffrage."

The conditions are as follows:

No essay shall contain less than twelve hundred nor more than fifteen hundred words.

All essays must be complete and in the hands of the committee by April the first.

Decisions to be rendered by May the first. Literature on the subject may be obtained free by application to the Oregon Equal Suffrage Headquarters Press Department, Stearns' Building, Sixth and Morrison Sts., Portland, Oregon.

As Equal Suffrage will come before the people of Oregon as a vital question next June, for adoption or rejection at the polls, we believe it should receive its share of attention in the educational influence of the day, and respectfully and cordially invite your cooperation toward that end.

Sincerely Yours,
HELEN F. SPALDING,
Chairman Committee on Prize Essay.

Republican Meeting.

At a meeting of the Republican Central Committee of Coos county, Oregon, held in Coquille, on the 18th day of January, 1906, it was decided to call a meeting of the Republicans of the County, to be held at the Court House, in Coquille, on Wednesday, March 7th, 1906, at ten thirty o'clock, in the forenoon of said day.

The object of this meeting is to discuss, and disseminate knowledge of the necessary steps to be taken to conform to the requirements of the "Direct Primary Nominating Election Laws" of Oregon, passed by initiative on June 6th, 1904, to the end that the members of the party be prepared to work in harmony for the best interests thereof.

It is earnestly requested that there be a general attendance of the members of the party, and particularly that each voting precinct in the County have a full representation present.

W. C. CHASE,
Chairman Republican Central Committee for Coos County, Oregon.
Dated January 18, 1906.

Langlois.

The respective dairies are making active preparations for an early opening of the season's business. The public can not long fail to notice that we are in the midst of a rich dairy region, accessible by better roads than can be found either north or south of us. The faithful worker is always rewarded here by good returns.

Geo. Green, a former resident, has been in town the past few days; he returned to Port Orford Monday.

Dr. Green made some professional calls near town last week.

The Woodmen and Women of Woodcraft continue to meet in regular session as formerly.

A new lodge was organized among the juvenile portion of the community a few months ago and immediately after the various members appeared with conspicuous badges marked H. B. C., whatever that may mean. We judge from all accounts that the prime object of the club is sociability and fun and they fully succeeded in carrying out their object. They meet at the homes of the various members in succession.

The Sunday School continues prosperous, there being an average attendance of about 25 members, arranged in four classes.

Mr. and Mrs. Chas. Wooley were pleasantly entertained a part of last week at the home of Mr. and Mrs. Wallace Pomeroy. They are enthusiastic in praise of the hospitality of the Pomeroy home.

Mr. and Mrs. Z. Boice came down from Bandon Monday and are visiting their son and daughter on Fire's creek.

There will be services morning and evening at the church next Sunday, Jan. 28, the Rev. Geo. Koeh officiating.

J. M. Perkins was a Bay visitor last week.
