

As a summer resort has no equal on the coast north of San Francisco. Bandon is noted for its evenly tempered climate, the moderate and temperature being less variable than at any other point in the United States. Destructive winds and electrical storms are unknown. Housekeepers will find many opportunities here.

Free Graphophones

For 90 Days, at Lorenz & Hoyt's.

Until June 1, 1906, we will issue Graphophone coupons with each cash purchase of 25c or over. When you get \$50 in coupons we will present you with a Type AU Columbia Graphophone, the regular selling price of which is \$12. Remember, you have no cash to pay, the graphophone is given absolutely free for \$50 in coupons which are given with cash purchases.

Call and see the new goods in all departments which we have just unboxed.

LORENZ & HOYT.

NEW WOOLEN MILL TO START MACHINERY.

Manager Bedillion of the new Woolen Mill informs us that the mill will commence making goods in a very short time—about March 1st. The management has at last succeeded in securing the necessary capital with which to operate the plant, and has already purchased quite a stock of wool, and intends having goods going into the market inside of 30 days. M. S. Smith left on the steamer Elizabeth, Monday, for San Francisco, where he will select his first stock of wools and dye stuffs. He will also secure a dynamo with which to supply the lights for the plant. Mr. Smith also expects to close a large contract for various kinds of flannel, amounting to several thousand dollars, and which will keep the mill in operation for several months. If the orders keep coming, a double shift may be worked. The management has been compelled to turn down many eastern orders as well as some in the west. The eastern orders which were not filled were too large for a plant of this size to handle at the present time.

The history of the new plant at Bandon is too well known for us to comment upon at this time, but will say that the plant is second to none on the coast for the size of it, and has no equal when taking the natural advantages into consideration. The plant will have a greater output than the old mill formerly operated at this place by Clark, but will not employ quite as much labor, having all the latest patent attachments and feeds. The mill is much better located than the old one, as it is on the water front, thereby saving much in operating expenses. The citizens of Bandon may feel proud of their undertaking in this line, as the plant is owned exclusively by local capital.

Pension Appropriation.

Washington, Feb. 8.—The House passed the pension appropriation bill carrying \$139,000,000 for pensions and \$1,245,000 for administration, after a consideration of three hours. In presenting the bill to the House Gardner detailed an interesting array of information concerning pensions. Forty years after the Civil War, he says, the pension appropriation is at its maximum. There are 1,000,000 pensioners, all but 55,524 of them from that war, with an annual roll of \$139,000,000. In the 57,524 are represented veterans of all other wars the country ever had. The Civil War cost \$8,000,000,000. Up to the present time half as much again has been paid out for pensions, and Gardner predicts that before the end of its pension rolls comes, the first cost of the war will have been equalled. In 20 years from now he predicts the pension rolls will contain 500,000 names, of which 132,414 will be chargeable to the Spanish-American War.

Ten Measures to be Voted on by People.

Salem, Feb. 3.—This was the day for filing initiative measures in the office of the secretary of state, and six measures were added to the four already on file. The bills and proposed amendments to be voted upon are as follows: The \$1,000,000 appropriation bill passed by the last legislature and held up by referendum petitions. The local option bill proposed by the Liquor Dealers' Association as an amendment to the present local option law. The bill filed by the owners of the Barlow road, requiring the state to buy the road for the sum of \$24,000. The proposed constitutional amendment filed by the Equal Suffrage League, extending the elective franchise to women. A bill by the People's Power League making it unlawful for public service corporations to give passes or free or reduced rate service to public officials. A bill by the State Grange, levying a license tax upon the gross earnings of the refrigerator and sleeping cars and oil companies. A constitutional amendment proposed by the People's Power League to amend section 1 of article 12, so that the public printing will be entirely within the control of the legislature, and may be let by contract, or a printer elected or appointed, upon a salary or other compensation. An amendment proposed by the People's Power League to amend sections 1 and 2 of article 17, so that one legislative assembly may submit constitutional amendments, and that when the vote upon an amendment has been canvassed by the governor and a majority found in its favor, he shall proclaim it adopted, and it shall then be a part of the constitution, beyond the power of the courts to pass upon; also that no law for a constitutional convention shall be in force until approved by a vote of the people. An amendment proposed by the People's Power League to amend section 2 of article 11, giving the legal voters of a municipality power to frame and adopt their own charters, and forbidding the legislature to create municipal corporations. Scher Oregon left S. F. Saturday for Bandon. L. B. Grant of Corona, Calif., arrived on the last Elizabeth and is visiting his sisters, Mrs. F. E. Dyer of this place, and Mrs. R. E. Beck of Coquille. H. G. VanDusen, master fish warden of Oregon will be here in a day or two to look after the matter of establishing a fish hatchery on the Coquille.

Langlois.

Every day's continuation of this delightful weather increases the business activity around us. Residents avail themselves of the opportunity to make needed repairs and improvements while pleasure vehicles and work wagons pass much more frequently than a month ago. We watch for old Sol every morning and when we see his bright face peeping over the eastern buttes we feel sure of one more pleasant day. We are often reminded by some trouble-borrower that "we'll get our pay for this," but we prefer to enjoy the present rather than suffer the future. We know no scientific reason to suppose that pleasant weather must be balanced by its measure of future storm. A dance was given last Saturday evening at Bowman's hall by and for the children. It was an enjoyable affair and the best thing about it was that it closed at 10:30. Miss Lena Belloni, who has been visiting old friends here, returned to her home in Coquille last Friday. Master Ino, Thomson, who has been attending the school of Prof. J. C. Logan at Brook's creek for the last few months, returned home last Saturday. That is the best of all when our boys try to improve. The light house inspector passed through Langlois last Tuesday on his way to and from Cape Blanco. The sad intelligence was received here last Thursday of the serious illness of Mrs. Guerin, mother of Prof. W. S. Guerin, followed Friday by news of her death. She will be remembered very kindly and lovingly by the many who knew her here as being in every way worthy of the highest esteem and affection. Prof. Guerin and family went to Myrtle Point Saturday to assist in the last sad rites offered as tokens of regard to the deceased. We hear that the subject of railroad building is again in the air. It will be wise for land owners not familiar with the history of railroad building to make no grant of land to any prospective railroad company without learning all the conditions and results of such grant. Much as we wish a railroad, we should also remember that each step leading to it has a regular and well-established precedent. The legal phrase indicating transfer of property is "For value received."

Bids Wanted.

The Knights of Pythias want bids for grubbing, clearing and plowing a two-acre tract of land to be used for cemetery purposes. For full particulars call on B. N. Harrington, Bandon, Oregon.

Did you get a Valentine?

Don't forget that Dr. Steele, dentist, is located in Bandon. Same Krant and Limburger cheese at Mrs. Hartman's. J. W. Felter was a business visitor at Coquille Saturday. There will be a dance at Bowman's Hall, at Langlois, tonight. Dr. Steele the dentist has been at Parkersburg the past week. Mrs. Bedillion left this morning for Marshfield for a few days' stay. Mrs. Phelin and son of Myrtle Point are Bandon visitors this week. D. E. Stitt returned Monday evening from a business trip to Myrtle Point. Jonathan Quick and son have gone to Washington to look over the country. It will be a great relief to the general public when Alice and Nick are married. Rev. and Mrs. Horsfall returned Monday evening from a visit at Marshfield. O. A. Trowbridge has purchased the grocery stock of the Bandon Commercial Co. For Sale.—A good Estey Organ at reasonable price. Enquire of Mrs. Emma Erickson, Bandon. A. H. Post of Port Orford has purchased four lots in Fisher's Addition and will build a residence this spring. Extra grade English Breakfast, Japan and Gun Powder tea, roasted and green coffee at Mrs. Hartman's grocery. A new smokestack for the steamer Dispatch arrived last week on the Elizabeth and was placed in position Sunday. Alf Miller of Curry county was a visitor last week. Mr. Miller is a candidate for the nomination of Sheriff of that county. The eclipse of the moon came off as advertised last Thursday night. The sky was cloudless, the night lovely, the moon was full—and there were others. C. B. Zeek, dealer in hay, grain and feed, will receive a large consignment of grain and hay on the schooner Oregon which is expected in a few days. The typhoid fever epidemic in Eugene is becoming more serious every day, and there are now nearly 100 cases. The city water is said to be the cause. The pupils of the public schools are enjoying a three-days' vacation this week on account of some of the teachers taking examinations at the county seat. Mrs. Allen Boice and sister, Miss Julia Guerin, returned from Myrtle Point, Monday evening, where they went to attend the funeral of Grandfather Guerin. P. J. Werlich, Com. U. S. N., and Inspector of the 13th Light House District, was here this week on a tour of inspection. He made a trip to Cape Blanco yesterday. Orvil Dodge, who recently purchased the Coquille Recall, has changed the name of the paper to the Coquille Valley Sentinel. The first issue shows a decided improvement. A disastrous fire occurred in Portland, Monday morning, on East Morrison street, in a row of frame buildings built on pilings. It is reported that 19 people lost their lives in the flames, and 9 others were severely injured. Harry Wilson, of Denmark, was a Bandon visitor the past week, and called at the Recorder office and joined our large list of readers. Mr. Wilson has sold his place in Curry county and expects to move to Bandon this spring. The fire department was called out Thursday night and made a run to Mrs. Erickson's house which was reported to be on fire. The fire was confined to the chimney, however, which was burning out, and the services of the firemen were not needed. C. R. Snyder and family and Ron-berd Ralph of Atwater, Minn., arrived here Monday and left for Curry county where they expect to locate. They were agreeably surprised at the beautiful spring like weather and the green grass and blooming flowers. Louis W. Worrell writes the Recorder to change the address of his paper from Bremerton to Charleston. He says: We are living in Charleston instead of in Bremerton as we at first anticipated. Bremerton is built up to the east gate of the Navy Yard, while Charleston adjoins the Navy Yard on the west. The W. R. Haines Music Co., Marshfield, will refund all expense of transportation, including a days' stop at Marshfield, to anyone purchasing a piano, coming from the following places or tributary thereto: Langlois, Bandon, Coquille and Myrtle Point. Have several different makes of all styles and finish. We carry piano players, pipe and reed organs, talking machines, and a full line of sheet music and musical merchandise, also Domestic sewing machines. Easy Domestic.

RELIABILITY SELLS GROCERIES.

or we would have been out of the business long ago. It's all very well to offer specialties at tempting prices once in awhile, but our method is to give the most and the best for the money in staple and fancy groceries week in, week out. When we do get in an invoice at a genuine bargain we share the gain with you. Among the new goods received this week is a fine line of ladies and gents new spring caps, also a line of new things in shoes. Your inspection invited.

California Figs, 2 lbs for 15c at Mrs Hartman's. Fresh Groceries at all times at Trowbridge's. Miss Alice Porter left Tuesday for Coquille for a week's stay. More electric light talk. Some of these days somebody will actually put in a plant.

Amos Walsler sustained a rupture and severely sprained his back while working at the rock quarry the first of the week and will be confined to his bed for some time. Dr. D. L. Steele, our resident dentist, who has been absent doing dental work in up river towns, has returned, and can be found at his office over Anderson's Meat Market, room 4.

The Band will give a Washington Birthday Ball at Bank Hall, Saturday evening, Feb. 24th. The Seaside Orchestra will furnish the music. Everybody come and have a good time. The latest report as to the condition of Miss Mary Yaeger is that she is still very low and unconscious. It is not known positively whether she is suffering from brain fever or tuberculosis of the brain. If the former, some hope is entertained for her recovery.

The steamer Roanoke left San Francisco, Saturday, for Portland. She has been completely overhauled and made an oil burner. For the present she will be operated between Portland and Los Angeles, but an effort is being made to get her on the Portland Alaska run. Capt. Duobam was given a gold medal and a purse of \$250 the other day by the underwriters for the able manner in which he handled the vessel when she lost her rudder off the California coast. The line-up of the basket ball teams in the game at the opera house last Saturday night was as follows: WHITE—Elmer Osborn, center; E. Boak, Ray McNair, forwards; Len Davis, James Lamont, guards; E. Boak, captain. BLACK—O. C. Waldvogel, center; Spray Osborn, Roy Gibson, forwards; A. Rice, Lloyd Ross, guards; Roy Gibson, captain. The game resulted in a score of 17 to 9 in favor of the Blacks. An additional half was played and the Whites ran their score up to 16.

The people of Bandon will regret to learn that Prof. W. F. Harris has tendered his resignation as director of the band to take effect March 1st, and expects to move with his family about the 10th, to Santa Ana, California, where he has been offered a lucrative position in an abstract office. The offer of the position came to him unexpected and unsolicited, and while he has refused several good positions elsewhere since his residence here, this last offer seems too tempting for him to turn down since it comes from his old home, and 'way down in his heart he has a feeling' that he should accept it. Since coming here Mr. and Mrs. Harris have made many friends and they will be greatly missed in business, social and musical circles.

Bids Wanted. The Knights of Pythias want bids for grubbing, clearing and plowing a two-acre tract of land to be used for cemetery purposes. For full particulars call on B. N. Harrington, Bandon, Oregon.
