ANNOUNCEMENTS.

FOR SHERIFF.
I hereby announce myself as a candidate for the Republican nomination for the office of Sheriff of Coos county, subject to the decision of the Republican voters at the primary election, April 20, 1906.
L. W. TRAVER.

FOR CONGRESS.
We are authorized to announce S. B. HUSTON, of Hillsboro, Washington County, as a candidate for the nomination of Congressman for the First District, subject to the action of the Republican party.

FOR GOVERNOR.
James Withycombe, of Corvallis, candidate for the nomination of governor on the Republican ticket.

Before you get the spring fever, paint the house and plant some roses.

When it comes to shipping lumber, the Coquille valley is there with the goods.

One day last week 11,000 immigrants landed in New York from European ports.

The occupation tax is causing considerable discontent and it is very probable that the city election this year will be fought out on the issue of tax or no tax, or at least a reduction on the present schedule.

The indications are that the electric light franchise granted by the Board of Trustees will not be taken advantage of as Mr. Laird has decided not to put in the plant. It would cost the town about five hundred dollars per annum to light the streets under private ownership, and it seems that the proper thing to do would be for the town to put in its own plant. It would be a paying investment.

The increase in the postoffice business of a town is almost a sure sign that the town is making advancement. The business of the Bandon postoffice for the year 1905 shows an increase of 24 per cent over the preceding year, by far exceeding the showing of any other Coos county town. It will be a still greater source of satisfaction to the people of Bandon to know that the business of the first quarter for the year 1906 shows an increase of 30 per cent over the first quarter of 1905.

It is commonly charged, and believed by many, that the very rich men of this country have no more real respect for law than the wildest bomb throwing Anarchist. Mr. Rogers has done what he can to spread this belief. So doing, far more than any agitator can do it, he places Samson hands on the pillars of the temple within which property rights are housed. When the fortunate of this world show small respect for the law, what can be expected of the unfortunate? asks the New York Globe.

The Recorder this week is printed on its new cylinder press and four pages are printed in the office instead of two, which we feel sure will be appreciated by our readers. The business at the present time hardly justifies the expense we are put to in improving the equipment of the plant, but we have faith in the future of Bandon and trust that all citizens will feel they have an interest in the paper and help to improve it, because a newspaper is the best means of advertising a community and it takes a little money along with a lot of hard work to produce a live paper.

COURT TO DECIDE LIQUOR QUESTION APRIL 10th.

The Harbor has the following: Tuesday, the 10th of April, is to be a fateful day in Coos county. It will mark the death of the hopes of some and the birth of the joy of others. It is on that day that the supreme court is due to hand down its decision in the Coos county liquor case.

Attorney Upton and Attorney Coke returned this week from Salem where they went to argue the case. The court said its decision would be handed down in three weeks from the time the argument was presented which would be on the 10th of April.

If the court holds that the election was legally held and that prohibition should be enforced in Coos county the saloonmen who have been keeping open will be subject to heavy fines and also imprisonment. Each sale constitutes a new offense and a fine running into the millions and a life imprisonment could be charged up against the prisoners.

In any event it will mean the contest all over again at the June election. The fight over this will make tame even the congressional campaign. If the court upholds the law the saloonmen will call the election. If the law is not valid the prohibitionists will try again.

With the experience of two years ago the same mistake will not be made again. The law says the petition must be filed thirty days before election and it requires ten days notice for a special session of the county court.

The county court meets in regular session April 4th. It will probably adjourn before the decision is handed down.

But in the interest of economy on all sides steps should be taken to have the court adjourn over to a certain day. This will give either side the opportunity to file a petition without calling for a special session.

In addition to the local fight there are also some amendments to the state local option law to be voted on under the initiative and referendum. One of these is to change the number of signers to a petition from ten to 40 per cent. The Harbor is not familiar with the other provisions, but the pamphlets should soon be sent out by the state.

In view of the sure contest that is coming on it is interesting to note how the alignment stood two years ago. The following was the vote in the county on local option:

B. Fenton has sub-let the mill contract from this place to Remote, to George Barklow. A. A. Jamieson has the contract from here to Coquille.

Fir logs advanced another 50 cents a thousand feet in Portland last week. This makes the price \$8.50 a thousand, or within 50 cents of the highest price reached four years ago when logs were extremely scarce.

Mr. Redneck, a mining man, arrived here Tuesday from Portland, and will proceed to develop some valuable claims which he has in the Sixes country. Considerable machinery arrived Thursday, including a stamp mill, concentrator, etc., and we understand the mine will be worked on an extensive scale.

Will Kinnicut was arrested by City Marshal Traver, Tuesday, charged with conducting a tippling house and dispensing intoxicating liquors. Trial was held Wednesday before Recorder Pulford, and Kinnicut was fined \$50. Atty W. O. Chase, of Coquille, appeared for the defense, and City Attorney Roberts prosecuted the case. Kinnicut has appealed the case.

To build a toll wagon road, paralleling it with a telephone line, from a point ten miles west of Leland, on the line of the S. P. R. R., in Josephine county, to Port Orford, on the Curry county coast, a total distance of about 90 miles, is the stated purpose of a newly formed corporation, represented by Capt. E. B. Burns of Marial, Curry county. The corporation takes the name of the Leland, Illabe and Port Orford Wagon and Toll Road and Telephone Co. Associated with Captain Burns in the initiatory step are two other Curry county gentlemen, Jacob Frye of Illabe, and J. D. Cooley of Aguess. The capital stock is fixed at \$100,000, divided into as many shares. For the present, Leland will be the headquarters of the company. The construction of the proposed road would tap one of the richest mineral and timber belts on the Pacific coast, hence, the project is of the greatest importance to all of southwestern Oregon.—Enterprise.

PROCLAMATION.

WHEREAS, the Secretary of State of the State of Oregon has notified me in writing that pursuant to the provisions of an act entitled "An Act making effective the initiative and referendum provisions of Section 1 of Article IV of the Constitution of the State of Oregon, and regulating elections thereunder, and providing penalties for violations of provisions of this act," approved February 24, 1903, the People's Power League of Oregon duly filed in his office on February 3rd, 1906, an initiative petition containing 8,327 signatures properly attached to a copy of said measure, certified in accordance with law, demanding that a proposed amendment to Sections 1 and 2 of Article XVII of the Constitution of the State of Oregon shall be submitted to the legal voters of the State of Oregon for their approval or rejection at the general election to be held in said state on the 4th day of June, being the first Monday in June, 1906, designated by said People's Power League of Oregon as "Constitutional amendment providing method of amending Constitution and applying the referendum to all laws affecting constitutional conventions and amendments," which said proposed amendment is hereinafter particularly set forth.

NOW, THEREFORE, I, Geo. E. Chamberlain, Governor of the State of Oregon, in obedience to the provisions of said act hereinbefore first mentioned, do hereby make and issue this Proclamation, do hereby make and issue this Proclamation to the people of the State of Oregon, announcing that the People's Power League of Oregon has filed said initiative petition with the requisite number of signatures thereto attached demanding that there be submitted to the legal voters of the State of Oregon at their approval or rejection at the regular election to be held on the 4th day of June, 1906, said day being the first Monday in said month, a proposed amendment to Sections 1 and 2 of Article XVII of the Constitution of the State of Oregon, as follows: "Constitutional amendment providing method of amending Constitution and applying the referendum to all laws affecting constitutional conventions and amendments," which said proposed amendment is as follows:

"Sections 1 and 2 of Article XVII of the Constitution of the State of Oregon shall be and hereby are amended to read as follows: Section 1. Any provision of amendments to this Constitution may be proposed in either branch of the legislative assembly, and if the same shall be agreed to by a majority of all the members elected to each of the two houses, such proposal, amendments or amendments, shall, with the yeas and nays thereon, be entered in their journals and referred by the secretary of state to the people for their approval or rejection, at the next regular general election, unless the legislative assembly shall order a special election for that purpose. If a majority of the electors voting on any such amendment shall be in favor thereof, it shall thereby become a part of this Constitution. The votes for and against such amendment, or amendments, severally, whether proposed by the legislative assembly or by initiative petition, shall be canvassed by the secretary of state, in the presence of the governor, and if it shall appear to the governor that the majority of the votes cast at said election on said amendment, or amendments, severally, are cast in favor thereof, it shall be his duty forthwith after such canvass, by his proclamation, to declare the said amendment or amendments, severally, having received said majority of votes to have been adopted by the people of Oregon as part of the Constitution thereof, and the same shall be in effect as a part of the Constitution from the date of such proclamation. When two or more amendments shall be submitted in the manner aforesaid to the voters of this state at the same election, they shall be so submitted that each amendment shall be voted on separately. No convention shall be called to amend or propose amendments to this Constitution, or to propose a new Constitution, unless the law providing for such convention shall first be approved by the people on a referendum vote at a regular general election. This article shall not be construed to impair the right of the people to amend this Constitution by vote upon an initiative petition therefor."

Forest Reserve Law.

The senate public lands committee has authorized a favorable report upon the Cater bill to provide for the entry of agricultural lands within forest reserves. The bill provides that lands within forest reserves, chiefly valuable for agriculture, shall be listed in the land office of the district in which they are situated, and shall be open to settlement and entry under the homestead law. The bill also permits settlers in forest reserves, whose homestead rights have been exhausted, to purchase agricultural lands upon which they have settled, at \$2.50 per acre.
