An exchange tells of a newspaper reporter who interviewed thirty successful business men and found that all of them when boys had been governed strictly and frequently thrashed. He also interviewed thirty loafers and learned that twenty seven of them had been "mammy's darling," and the other three had been reared by their grandmothers.

W. N. Russ, the Humboldt million-are stock raiser, left on the Kilburn for Eureka last night after having completed one of the largest real estate deals made on the bay. Mr. Russ purchased the Grant Beale property of 1400 acres, on the Coquille paying \$37.50 per acre, and 360 acres at the mouth of Beaver slough at \$20 per acre, and 160 acres on the Coquille river at about the same price. The deal involved in all about \$60,000. The land will be improved and used for stock raising purposes.—Coast Mail.

Resolutions.

Coquille, Oregon, April 3rd, 1906.
We your committee appointed to draft resolutions censuring the authorities of Idaho and Colorado, do report the following preamble and resolutions, to wit:
That we find after carefully considering the various reports of the press, that the governors of Idaho and Colorado have violated the laws of their respected states, and of the United States, they having admitted the same; and that in so doing they have committed one of the gravest crimes against the law of the land and against good government, that of depriving innocent men of their liberties without due process of law and convicting them of crime without even giving them a chance to plead, by declaring them guilty and treating them like they were the worst of criminals.

Therefore be it Resolved, 1st, That we, the members of Local Coquille, denounce the governors of Idaho and Colorado for allowing, or even conniving at, the violation of the very laws of which they were the sworn custodian and bound by their oaths to execute, by any set or order of men, no matter under what name they may sail.
2nd, That in committing the act of robbing Moyer, Haywood and Pettibone of their liberties illegally and treating them like the worst of felons, they, the parties thereto, are guilty of malfeasance in office, if not treason; and have assumed the role of tyrants, and that all parties, corporation, and individuals that will in any manner uphold them in such acts are equally guilty, and should be censured and denounced by all law abiding citizens.

3rd, That we do most heartily agree with and commend the San Francisco Examiner in "That these men shall not be rail-rodged to the gallows," and if such flagrant acts of injustice and by which the law is set aside and innocent people are oppressed, are not stopped, that one day the manhood of America will arise, and when it does the perpetrators and upholders of these flagrant acts of injustice will be glad to quit.

J. H. JAMES,
Chairman of Committee.
On motion the above report was unanimously adopted, and the financial secretary ordered to furnish the Coquille papers with copies of these resolutions for publication, and also various other papers.

J. E. QUINN,
Secretary of Local Coquille.

Communicated.

Mr Editor: The enterprising citizens are zealously working to secure for Bandon several manufacturing plants, which, in addition to those already in active operation, will add greatly to the prestige and prosperity of this flourishing little city.

We do not under value this very commendable effort. It is one that should have the moral and financial support of every citizen who is in a position to extend it.

But there is one other basis of prosperity for Bandon that should not be overlooked, and that is the agricultural interest of the country tributary to our town.

The surrounding lands are capable of supporting an additional population of 20,000 or more. Bring that many people to this territory, let them engage in cattle and sheep raising, dairying, fruit, and vegetable growing, and you may stop every mill, shut down every factory, and close the possibility of a railroad ever reaching us, and still Bandon will be a prosperous town several times its present size. There are thousands of people in the east paying high rents and moving from farm to farm year after year, unable to accumulate property around them because of this transient, unstable mode of life, who could they be made to realize the opportunities lying all about us, would be only too glad to avail themselves of it. Then let it be the constant aim of every inhabitant of Bandon who has its interest at heart to spread abroad the news of this undeveloped country, with its possibilities, its climate, and its resources.

A united effort along this line will bring results. Let us hear from others on this subject.

Yours truly,

N. U. COMER

Bob Burdette says that the good things in this world are always the cheapest. Spring wheat costs less than corn whiskey; a box of cigars costs as much as two or three bibles; a gallon of old brandy costs more than a barrel of flour; a full hand in poker costs a man in twenty seconds more than his church subscription amounts to in three years; a town election costs more than a revival of religion; people sleep half an hour in church free, but a nap on a Pullman costs \$1.50 to \$2.00.

The Centennial Band has taken in hand the matter of a Fourth of July celebration in Myrtle Point, and a committee of the band boys are soliciting our business men and citizens generally for the funds necessary to assure success. If they meet with sufficient encouragement they promise us the best celebration Myrtle Point has ever had. Civic pride demands that we stand with the boys and back up their earnest efforts to make July 4th, 1906, a day to be remembered with pride and pleasure.—Enterprise.

A letter from Mrs. E. A. Stewart from Salem says that Miss Chase will be sent to Coos and Curry to speak in behalf of Woman Suffrage. She will speak at Dairyville, Port Orford, Wedderburn, Gold Beach and Chetco, at dates to be announced in due time. She is said to be a good speaker, and everybody should hear her, no matter what their belief on the vital question.

Bishop Morris of Portland died at midnight of the 18th inst., of old age, being over 86 years of age, and having been in the ministry 60 years. Years ago he made annual visits to Coos and Curry, and became well known to all our people. At that time we had only trails, but he loved the horse-back ride along the coast with its good scenery. He loved our mountain streams and was an expert angler, and once said to us that his trips to Curry was one of the greatest pleasures of his life. He had great executive ability, was a successful financier in church matters, and in every way was a man of force and usefulness.

Messrs Jones and Newton, right-of-way men for the Oregon Coast and Eastern Railway, who have been down the coast as far as Crescent City, arrived at Port Orford last Friday. They have secured right-of-way from nearly all the people in the lower half of the county, including, as they say, R. D. Hume, Asa Crook and Raleigh Scott. And now when their company has incorporated, and shows definite intention to build soon, they will no doubt be able to secure rights where they have heretofore failed. They owe the good will of the people and all have but little trouble when the line of their survey is established.—Tribune.

The Chico arrived in Bandon at 11:30 a.m. Friday. She left the city Tuesday night and consequently the crew knew nothing of the awful calamity that had befallen San Francisco. When fifty miles this side of the city they felt the first shock, and say the ship shook and pitched and the crew thought they were on the rocks. The Chico stopped at Albion 125 miles north of S. F. and report that there were a number killed at that place. Capt. Martin ordered the boat to sea again, thinking it safer, her machinery was somewhat disabled from the effects of the shock, and will have to be repaired before going to sea again.

PROCLAMATION.

WHEREAS, the Secretary of State of the State of Oregon has notified me in writing that pursuant to the provisions of an act entitled "An Act making effective the initiative and referendum provisions of Section 1 of Article IV of the Constitution of the State of Oregon, and regulating elections thereunder, and providing penalties for violations of provisions of this act," approved February 24, 1905, the People's Power League of Oregon duly filed in his office on February 3rd, 1906, an initiative petition containing 8,327 signatures properly attached to copies of said measures certified in accordance with law, demanding that a proposed amendment to Sections 1 and 2 of Article XVII of the Constitution of the State of Oregon, shall be submitted to the legal voters of the State of Oregon for their approval or rejection at the general election to be held in said state on the 4th day of June, being the first Monday in June, 1906, designated by said People's Power League of Oregon as "Constitutional amendment providing method of amending Constitution and applying the referendum to all laws affecting constitutional conventions and amendments," which said proposed amendment is hereinafter particularly set forth.

NOW, THEREFORE, I, Geo. E. Chamberlain, Governor of the State of Oregon, in obedience to the provisions of said act herebefore first mentioned, do hereby make and issue this Proclamation to the people of the State of Oregon, announcing that the People's Power League of Oregon has filed said initiative petition with the requisite number of signatures thereto attached demanding that there be submitted to the legal voters of the State of Oregon for their approval or rejection at the regular election to be held on the 4th day of June, 1906, said day being the first Monday in said month, a proposed amendment to Sections 1 and 2 of Article XVII of the Constitution of the State of Oregon, designated by said League as "Constitutional amendment providing method of amending Constitution and applying the referendum to all laws affecting constitutional conventions and amendments," which said proposed amendment is as follows:

"Sections 1 and 2 of Article XVII of the Constitution of the State of Oregon shall be and hereby are amended to read as follows: "Section 1. Any amendment or amendments to this Constitution may be proposed in either branch of the legislative assembly, and if the same shall be agreed to by a majority of all the members elected to each of the two houses, such proposed amendment or amendments, shall, with the year and days thereon, be entered in their journals and referred by the secretary of state to the people for their approval or rejection, at the next regular general election, except when the legislative assembly shall order a special election for that purpose. If a majority of the electors voting on any such amendment shall vote in favor thereof, it shall thereby become a part of this Constitution. The votes for and against such amendment, or amendments, severally, whether proposed by the legislative assembly or by initiative petition, shall be canvassed by the secretary of state, in the presence of the governor, and if it shall appear to the governor that the majority of the votes cast at said election on said amendment, or amendments, severally, are in favor thereof, it shall be his duty forthwith after such canvass, by his proclamation, to declare the said amendment or amendments, severally, having received said majority of votes to have been adopted by the people of Oregon as part of the Constitution thereof, and the same shall be in effect as a part of the Constitution from the date of such proclamation. When two or more amendments shall be submitted in the manner aforesaid to the voters at the same election, they shall be so submitted that each amendment shall be voted on separately. No convention shall be called for the purpose of proposing amendments to this Constitution, or to propose a new Constitution, unless the law providing for such convention shall first be approved by the people on a referendum vote at a regular general election. This article shall not be construed to impair the right of the people to amend this Constitution by vote upon an initiative petition therefor."
