THURSDAY, MAY 31, 1906.

In addition to the election of state, district, county and precinct officers, there are other matters of importance that will engage the attention of the voter of the state next week. These are the several proposed constitutional amendments, the referendum of the special appropriation bill and several measures proposed by the initiative.

Voters generally are not acquainted with the importance of these measures, numbering in all eleven. They are of vital interest as affecting certain laws now on the statute books besides making material changes in matters of taxation of corporations and raising additional revenue for the state. Everyone of these measures should be carefully studied and investigated by every individual voter that he may vote intelligently on each proposition.

The arrangement of the different propositions on the official ballot will be such as to require a careful examination by the voter if he would vote as he wishes on the different subjects. Voters cannot be too careful in marking their ballots. Each one of the 11 propositions is printed twice on the ballot, one immediately following the other. Both have a number and the marking of an "X" before one indicates an affirmative vote; an "X" marked before the other indicates a negative vote. Unless the voter is extremely careful, he will make the mistake of voting both "yes" and "no" on the same question, thereby invalidating that part of his ballot, and at the same time fail to vote at all on an equally important question that follows one on which he votes twice.

For the information of the voters of this country we herewith present a complete list of the eleven different measures on which they will be called to pass at the June election:

Referring to the special appropriation bill passed at the last session of the legislature and providing funds for the maintenance of the various state institutions.

Proposing an equal suffrage amendment to the state's constitution.

Amending the local option law.

For the purchase by the state of the Mt Hood and Barlow toll road for \$14,000.

Constitutional amendment providing a method of amending the constitution and applying the referendum to all laws affecting constitutional conventions and amendments.

Constitutional amendment giving cities and towns exclusive power to enact and amend their charters.

Constitutional amendment for initiative and referendum on local, special and municipal laws and parts of laws.

Constitutional amendment to allow the state printing, binding and printer's compensation to be regulated by law at any time.

Bill for law prohibiting free passes and discrimination by railway companies and other public service corporations.

An act requiring sleeping car companies and oil companies to pay an annual license upon their gross earnings.

An act requiring express companies, telephone companies and telegraph companies to pay an annual license on their gross earnings.

These last two proposed laws have been presented by initiative by the members of the grange in this state.

John F. Hall, Democratic candidate for county judge, was interviewing the voters of this section the first of the week.

The Oregon Equal Suffrage Association intended to appeal for your vote simply because it is right and just that women should vote. However, in a recent Protest the corporate interests, acting with a few multimillionaire women, have arrayed themselves against the Equal Suffrage Amendment. This is a direct blow to the wage-earners of Oregon. The most powerful defense of the people is the Initiative and Referendum, and in the letter asking for signers to this protest, these ill-advised women attacked the initiative and referendum, for it is the increased vote of the laboring citizens that the millionaire classes fear.

This Protest was designed to frighten the average voter upon the ground that equal suffrage would hurt the business interests of Oregon, limit railroad-building, and scare timid investors.

In denial, we submit to the common sense of Oregon men the following facts, taken from the United States census, showing that in all the states where women vote, wages have advanced, population increased, agriculture and manufacturing interests grown rapidly. The percent of increase is as follows:

	Population per cent	Mfg. Interests per cent	Agl. Interests per cent
Colorado	30	142	151
Wyoming	49	81	431
Utah	32	137	237
Idaho	88	187	309
Oregon	30	11	100

From the above it will be seen that if the opponents to Equal Suffrage desire to hide their selfish greed and prejudice, under the guise of an appeal for Oregon's prosperity, they have used a boomerang which will give to Equal Suffrage a large majority vote June 4th.

Business men, working men and farmers can study these conditions to advantage. In the four equal suffrage states the value of manufactures has risen per capita, while in Oregon during the same period it has fallen from \$132 to \$112, an average loss of \$20 to each person in the state.

Manufacturing Value Increased for Each Person.

Colorado	\$87.00
Wyoming	8.00
Utah	4.00
Idaho	8.00
Oregon	20.00 loss!

The average earnings are greater in equal suffrage states.

Average Annual Earnings.

Colorado	\$612.61
Idaho	583.68
Wyoming	618.54
Utah	512.23
Oregon	483.49

We do not claim that the prosperity of these states is due wholly to woman suffrage; what we do say is, that the charge made in the protest of the corporate interests is false, and founded upon prejudice of self-interested capitalists.

By referring to statistics of wage-earning women and children, we find, that while Colorado has a population of one hundred thousand more than Oregon, yet in Colorado there are only 73 more women working for a living than in Oregon with its smaller population. A larger number of children work in the factories of Oregon and at a lower age, than in Colorado. No state can afford child labor. This is race suicide in its worst form.

The above showing should be a rebuke to the capitalists who are trying to control for their selfish ends, the interests which should be of mutual benefit to all Oregonians.

Do your share in protecting the rights of the people through the Initiative and Referendum by putting "X" between 302 and "Yes" on your ballot.

Yours for justice,
Oregon Equal Suffrage Association.

Deputy Dist. Atty. Farrin returned Tuesday from Myrtle Point, where he has prosecuted the case of the State of Oregon against S. R. Lushbaugh, charged with dumping sawdust where the high water would carry it into the Coquille river. A conviction was secured and a fine of \$50 imposed. The case against Joe Fish on the same charge was continued until June 15th.—Mail.
