THURSDAY, JUNE 28 1906.

Inspection of Launches.

Portland Telegram: Bright and early this morning the gasoline launchmen were astir getting together equipment for their boats in compliance with the new law which was recently passed compelling them to place a life preserver on board their craft for each passenger carried. They were also notified today to call around at the United States inspectors' office Monday and apply for licenses.

While they will not be obliged to stand an examination it lies with the discretion of the inspectors as to whether or not they are supplied with certificates. If it is known they are incompetent to operate boats their applications for the documents will be rejected.

Until books containing engraved licenses for the purpose are received the local inspectors will issue them written licenses. These are for only temporary use. When the engraved licenses come from Washington the written forms will be taken up and those of regular form issued.

It is also provided by law that every person given a license shall be a citizen of the United States. This ruling will be the means of keeping a few of the owners of launches from securing licenses until they declare their intention of becoming naturalized. The inspectors are given the power to revoke licenses for misconduct, gross negligence, recklessness in navigation or for intemperance. A person losing his papers cannot have them renewed until a year has elapsed, and then it is optional with the inspectors whether his request is granted. A penalty of \$500 is provided for those who fail to carry the required number of life-preservers.

After dark lights will also have to be carried on the launches. Negligence to do this heretofore, it is declared has been the cause of the majority of accidents. A number of fatalities occurred in Portland harbor last year by reason of careless navigation, and agitation was immediately started to have the Government prescribe certain regulations for the guidance of the operators, with the result that congress took up the matter.

Washington, June 19.—The president has agreed to a proposition made by a San Francisco delegation, headed by Franklin K. Lane, and to which Secretary of the Treasury Shaw has given approval, that the government is to place \$12,000,000 on deposit in San Francisco banks on security of San Francisco city bonds. The terms during which deposits may remain are not determined, but Mr. Shaw has given assurance that no part of the loan will be called in until the treasury needs it. The delegation called at the White House this morning, and after departure made the announcement of the transaction.

An eastern editor says that a man in Missouri got himself into trouble by marrying two wives. A western editor replies that a good many have done the same by marrying one. A northern editor says that quite a number of his acquaintances found trouble through barely promising to marry and not going any further. A southern editor says that a friend of his found trouble enough when simply found in company with another man's wife. And so the world do move.

John Newton Mulkey, oldest son of Pres. B. F. Mulkey, died at his home in Ashland June 15th.

A True Tale of Johnnie.

Nowadays, when Johnnie is bad at school the teacher takes out her book and gives a black mark. Next day Johnnie is worse than ever. Fifty years ago when Johnnie was bad at school the teacher took down a dogwood sprout, made about two dozen black marks across his bare legs, and Johnnie never repeated the offence. Fifty years ago Johnnie got up at daylight, started the fire, fed the horses, milked a dozen longhorned cows that gave barely enough milk to put into the coffee, chopped and brought in wood enough to last mother all day, ate a hearty breakfast and walked five miles to school. Today Johnnie doesn't get up at all unless he is forced to do so, eats little or no breakfast, goes out behind the barn to smoke a cigarette and if the school house is over three blocks away he grunts about the long distance he has to walk. The Johnnie of fifty years ago is now a hale, hearty man. Fifty years from now the Johnnie of today will be dead and buried. Isn't that a true tale of Johnnie?

Trouble With the Cities.

How much did Philadelphia Pa? Whose grass did K. C. Mo? How many eggs could New Orleans La? How much does Cleveland O? What was it made Chicago Ill? 'Twas Washington D. C. She would Tacoma Wash., in spite Of a Baltimore M. D.

When Hartford and New Haven Conn. What Reuben do they seek? Could Noah build a Little Rock Ark. If he had not Guthrie Ok?

We call Minneapolis Minn. Why not Annapolis Ann? If you can't tell the reason why, I'll bet Topeka Kan.

But now you speak of ladies, what A Butte Montana is! If I could borrow Memphis' Tenn. I'd treat that Jackson Miss.

Would Denver Colo cop because Ottumwa Ia dore? And, tho' my Portland Me doth love I threw my Portland Ore.

Myrtle Point.

W. E. Pike, who has just returned from San Francisco, says that there is considerable building under way. A contract has been let at \$93,000 to tear down the Palace hotel. The Smith cash store, one of the largest in the city before the calamity, is now conducted in a sheet iron front no larger than the ordinary store building in Myrtle Point. The same is true of Seaport bank. "It looks something like a boom mining camp," said Mr. Pike.

Mr. and Mrs. Guerin returned Saturday from Riverside, Cal., where they spent the winter in the interest of their health. Mrs. Guerin was greatly improved in health, but Mr. Guerin complained that he was compelled to leave a share of the avoirdupoise he had acquired in the ocean on the trip up.

Z. T. Johnson thinks that this section is deserving of mention as a potato country as well as for its berries and it is. New potatoes that will go from a half pound to a full pound in weight are being taken from the gardens of town and country. Mr. Johnson brought in some fine samples of the Early Red Humboldt, that are beauties for the season and state that he has been eating of them since the first of June. A mid-wester who has potatoes as large as walnuts by the Fourth of July thinks he is doing something in the potato line, but he should see those as large as two fists that the average Oregonian is eating two weeks before the natal day.

Angelen Endicott, son of Moses Endicott, and Miss Millie Wilson, daughter of Mr. and Mrs. Thomas Wilson, both well known young people of Myrtle Point, were united in marriage at Coquille on Wednesday the 20th.

Peter M. Coles and Mrs. M. Kendall were quietly married Tuesday evening at 7:30 at the Guerin hotel by Rev. J. E. Burkbart.

Married, in Marshfield, Or., June 17, 1906, James L. Ferrey and Miss Viola L. Murnsbam, Rev. J. L. Beatty officiating.

Mr. and Mrs. Shiller B. Herman who have made Myrtle Point their home during the past thirteen years left for Marshfield Wednesday morning and will take a boat for Portland, from thence leaving for the east where they expect to reside. Charles Page accompanied them.—Enterprise

Portland, Or., June 19.—Mrs. Emma L. Watson, the companion of S. A. D. Pater, under conviction for complicity in the Oregon land frauds was this morning surrendered to the Federal authorities here. She was lodged in the county jail to await sentence.
