

Bandon Recorder.

Volume XXII.

BANDON, OREGON: THURSDAY, NOVEMBER 1, 1906.

Number 44.

Oregon Historical Society
City Hall

Edward Fahy Goes to Rest.

Passing of One of Our Oldest and Most Respected Pioneer Citizens.

Edward Fahy, Sr., answered the beckon of death at an early hour Wednesday morning. The end was calm and peaceful, and came in the presence of gathered loved ones who had learned to realize that the candle of life was preparing to flicker in the tottering steps of a well-spent career.

Edward Fahy was one of our oldest, best known and most respected pioneer citizens. His long years were fraught with honor and usefulness, and, as the bidding angel hovered, he doubtless felt a warranted satisfaction that he had done his share toward advancing the civilization of a new West and had reared a family who were in every way worthy to bear the family name. Dissolution occurred at the home place near Bulards Landing, and the news sent out caused wide-spread and genuine regret.

Edward Fahy was born in Ireland Jan. 29, 1826, and arrived in Coos county, Or., in March, 1854. He first settled where Bandon now stands, and for more than 50 years his name has been honorably and conspicuously linked with the county's history and upbuilding. His wife, who survives him, was Miss Sarah Sponkier in her maiden years, and the children left to mourn are as follows:

Edward W., Florenda, Henrietta, Isadore P., Silas W., Mary E., Francis J., Chas. G. and Miss Sarah, the latter being present assistant cashier in

the Bank of Bandon. Francis J. Fahy is cashier of that institution. The daughter Henrietta, above mentioned, is deceased.

The funeral of the departed citizen and pioneer will take place tomorrow at 11 o'clock a.m., public services, to which all are invited, being held at the Catholic Cemetery in Bandon. No doubt a good number of pioneers and friends in general will arrive from other points by the morning steamer to attend the last rites.

J. T. Bridges of Myrtle Point, former land office register, was in town Sunday evening.

FOR RENT—Queen Anne cottage, just completed, with three acres of ground all fenced in. Fine spring water. Apply to Rasmussen Bros.

Don't forget that Dr. Steele, dentist, is located in Bandon.

Public Warning.

All persons are hereby forbidden to trespass in any way on the lands of the McClellan Ranch in Coos county or the Marshall Ranch in Curry county. Violations of this order will be prosecuted to the fullest extent of the law. Signed:

BANDON GUN CLUB,
W. S. MARSHALL.

Settlement Notice.

All persons knowing themselves to be indebted to the Tupper House prior to Sept. 18th, 1906, will please settle their accounts with Gallier Bros. at once. Bills outstanding on Nov. 15th next will be placed in the hands of a collector.

GEO. P. LAIRD.

Wanted.

Wood choppers at once. Highest prices paid. A. HABERLY.

Fresh bread at Button's store. Cash paid for sacks at Bandon Commercial Co. warehouse.

Dr. Tatom, the dentist, will be in Bandon Nov. 16th and stay a week.

Mrs. Cora Conrad, who has opened a store in the eastern part of town, inserts her ad. in the RECORDER today.

R. E. L. Bedillion, manager of the woolen mill, returned per steamer Kilburn Saturday from his business trip to Humboldt county and San Francisco.

W. T. Panter has given an order for lumber to Col. Rosa with which to complete his dwelling in the Fisher addition. He will have a very attractive residence.

Read the RECORDER's great premium announcement on another page of this issue. We are going to give away a sewing machine and bedroom set in a voting contest.

The new building for the Bandon Foundry and Machine Shop is being pushed to completion with all possible haste. This busy institution will have quarters nearer the heart of the city when the commodious structure is finished.

Dr. Steele, the dentist, returned from a successful trip to Curry county in a professional way Friday last, has again reopened his offices in Bandon. He is now located in the Breuer building opposite the hotel, which he lately purchased.

A grand Thanksgiving ball is to be given at Langlois on the evening of Nov. 28th, posters for which will be issued from the RECORDER office Saturday. Good music has been secured, and an excellent supper will be served at Dick Sorensen's. W. B. Haynes and Walter White will have charge of the floor.

The local Rebekahs entertained the Odd Fellows and Eastern Star at progressive whist in Concrete hall Saturday evening. Almost 50 ladies and gentlemen were in attendance, and refreshments were served. Mrs. Fannie Dyer won first prize in the evening's contest, and Miss Effie Collier, who tied with L. S. Dinnick, won out for booty.

The steamer Antelope made her last run for the season as a fish carrier Thursday of last week, and Ott Willard is again at the helm on the Favorite. The run of salmon has so deteriorated that the Antelope found little to longer require her services by the canneries. The latter are still packing fish, but only about two or three days in the week, they having a surplus of tin on hand.

C. C. Johnson, one of the Johnson Lumber Company above Coquille, and Steward Lyons, one of the former owners and operators of the Coquille sawmill, were looking over Bandon and its possibilities Sunday and Monday. It is not unlikely that the RECORDER will be in a position to say more of the cause of the gentleman's visit in a week or two. Mr. Lyons now resides at Pasadena, California.

A letter was received by the RECORDER force last evening from A. T. Fetter, late proprietor of this paper, in which the information is conveyed that Mr. Fetter has taken a position for the winter with the Pacific States Type Foundry of San Francisco as an inside salesman. The gentleman has enjoyed the sights of the metropolis since his arrival there, and says the city is a perfect hive of activity, offering unbounded promise of entire reconstruction. Each week he looks anxiously for the RECORDER, as there is a warm spot yet in his heart for the growing town by the sea.

L. J. Radley, the good looking clerk and ladies' man at the wharf, disappointed many of his friends this week by his failure to demonstrate his proficiency as an auctioneer, pursuant to his self declared intention. The only excuse he offers, according to Purser Kinsman's statement, is that there is a time for redemption in all things, no matter how good or "bed," but, as for us, we are disposed to believe that neither Radley, nor Sam Johnson, Geo. Moulton nor even Gurley Bonk can do things to the queen's taste, as the expression goes. Further comment on the subject is left for our esteemed fellow townsmen, Archie McNair and J. B. Marshall.

160 acre ranch 5 miles from Bandon; good bottom land, \$2300. Bandon Real Estate Co.

Wm. Hancock and Roy Gibson departed for the bay Tuesday morning.

Ed Rackleff, merchant at Langlois and Joint Representative-elect, was in town last Friday.

4 lots and house in Bandon, all cleared and fine ocean view, \$1300. Bandon Real Estate Co.

Miss Pearl Walker left for Marshfield Saturday to begin teaching the sixth grade of that town's schools.

Captain Whitney came to Bandon Saturday after supplies for the Butler mine in which he lately became interested.

Harry Wilson of Denmark came up to Bandon Saturday for the purpose of joining the Masonic excursion to Coquille.

Geo. E. Peoples, manager of the O. K. Creamery and one of the progressive citizens of the county seat, had business in Bandon Saturday.

Miss Lena Logan is at home visiting her parents for a couple of months. The young lady is studying to become a professional nurse.

E. M. Furman, the piano man, was again talking to the people of this section this week. Mr. Furman has sold several pianos in Coos and Curry of late.

Miss Wells and Miss Wilson, teachers in the Coquille public schools, were guests here Saturday last of Miss Effie Collier, who teaches in the local schools.

The fine new residence of Chris Rasmussen on the bluff is fast nearing completion. The new home of Mr. Walser in the same locality is also about finished.

The steamer Elizabeth arrived at her dock in Bandon at 10:45 a.m. Monday with 88 tons of freight and 4 passengers. She had a comparatively quick trip to San Francisco, and returned, and expected to get to sea again today with a good cargo of lumber, match wood and miscellaneous freight.

Tom Lewis expected to leave per steamer Elizabeth this trip with the object of securing the position of second assistant engineer on that boat when she reached San Francisco. Tom is an old and experienced man at the throttle, and many friends will congratulate him on his success in this effort. His family will continue to live here.

The Ladies' Aid of the Methodist Church will give a social at the residence of Mrs. E. A. Philpot, Saturday evening, Nov. 10th. Hot tamales or cake and coffee will be the refreshments. Price, 10 cents. This social is given in order that everyone may come out and get acquainted. The pastor will be present.

Next Sunday, Nov. 11th, the pastor of the Methodist Church will preach at 11 a.m. Sunday School at 10 a.m.; class meeting immediately following the sermon. At 7:30 the Pastor will conduct a song service, something like the song service in the big revival meetings, followed by a short gospel talk on practical themes. Everybody is invited.

Keep in mind the grand annual ball of Delphi Lodge, No. 64, Knights of Pythias, which takes place at Bank Hall on the evening of Nov. 17th. No effort is being spared to make the affair one of the biggest in the history of Bandon, and from present indications there will be a monster attendance representing many points along the river.

The RECORDER has the Thanksgiving number of the Pacific Monthly upon its desk, and must say that the issue is one of the handsomest productions of magazine work we have had the pleasure of examining. The copy is replete with elegant illustrations and entertaining and well written matter, conspicuous among the collection being an article on Coos county with accompanying photographs and scenes. Bandon jetty and adjacent rocks are beautifully presented—in fact, the whole book is a gem of the printers' art with high-class and intensely interesting matter on its pages.

Butter wrappers printed at the RECORDER office.

House, barn and 3 lots in Bandon, \$1350. Bandon Real Estate Co.

Excellent pasturage for stock. Horses, \$2; cows, \$1.50 a month. Wm. Hansen, Prosper, Ore.

32 acres 1/4 mile deep water front, 4 miles from Bandon, for \$4000. Fine factory site. Bandon Real Estate Co.

Homestead and Timber Claim Desired.—Locators please give description to the Bandon RECORDER. w2

There will be a social dance Saturday evening at the Opera House. Music by Prof. Henry's orchestra.

The Bandon Real Estate Co. has moved its office from the old location to the rooms in the Denholm building just vacated by Dr. Steele.

Mrs. Nora Groes of Eureka, Cal., returned to her home per steamer Kilburn yesterday after a visit with the Gross family in Bandon.

The dance last Saturday evening at Bank Hall was liberally and deservedly patronized, for everyone present had a royal good time.

H. A. and G. D. Gross will be the firm running the Opera Saloon in Bandon after the 8th of November, at which time the license will be renewed.

Walter Nelson is getting his quarters in the Anderson building in shape preparatory to opening his new saloon tomorrow evening. A big feed is on the tapis we believe.

Mrs. Ben Figg came up from the "city by the sea," where she is making a protracted visit, and visited her daughter, Mrs. Hershey, a few days since our last issue.—Sentinel.

Miss Irene Lamb of Coquille, graduate in music of Columbia College, Milton, Oregon, is prepared to give lessons on piano and mandolin in Bandon, Friday and Saturday of each week. Terms 50 cents an hour. Inquire of Mrs. Chas. Kime.

C. A. Langworthy is engaged putting in an electric plant at the Aberdeen mill. The owners of that concern are determined to have a complete and up-to-date mill in every respect.

Monday, the first evening set apart for ladies at Hartman's new bowling alley and billiard parlor, found a goodly number of the fair sex assembled there, and bowling and billiard playing were attempted in true masculine style by many of them. No casualties resulted from the wild shots of the ladies, and it is probable they will continue in the sport each Monday evening, as prizes are to be given them by Mr. Hartman.

The City Board Meets.

The Board of City Trustees met in regular monthly session last evening all the members being present.

The meeting was expected to be of unusual interest from the fact that it was known applications would be entered for an electric light franchise in the city. Applications were duly made, three in number, and considerable discussion brought out as to the power of the Board to grant a franchise under the existing charter, the result of which was that investigation proved the city could not. Attorney Topping thereupon advised the Trustees to defer action upon the petitions and recommended that the next Legislature be asked to so amend our charter as to provide the necessary powers. This action will be taken, but in the meantime, unless the city resolves for a municipally-owned plant, we must still be content with coal oil and acetylene.

R. E. L. Bedillion and Geo. P. Topping urged the Board to remove the license imposed upon the woolen mill, arguing the general benefits of that institution to the town, and W. F. Disher took the floor to say that the tax should be taken off all manufacturing plants within the municipality. The matter will be considered.
