## Both Shipyards Getting Ready.

Activity is the Slogan Where Two New Vessels Are to be Built.

All is hum and bustle in the way of preparation at the Price and Dunn shipyards on the lower Coquille. Both plants are just being installed, and machinery for their equipment is expected to arrive per steamer Elizabeth this trip.

The J H Price yard is to be located for the present on the J Hamblock water front between here and Bullards. A force of about twenty men were put to work Friday building the drydock. Work on the wharf started Monday morning with J McCloud's piledriver on the scene. At latest advice the frame was up for the mill. A shed for the yard is to go up immediately.

The little steamer Venus has been engaged as a tender in the construction work. The boat carries the laborers to and from Hamblock's daily, and tows piles, rafts, etc. for the yard in intervening hours. The machinery expected on the Elizabeth includes a band saw, engine and boiler, air compressor, etc. and matters are being rushed to make ready for their reception.

The Dunn shipyard, before mentioned in this paper, is to have its existence on the Nels Peterson place at Prosper. Mr. Dunn is likewise looking for his machinery this trip. With the Heuckendorff yard the two new ones will make three flourishing yards that will exist on the lower Coquille. The announcement is definitely

made that Mr. Dunn will build a steam schooner, possibly three vessels at once, while Mr. Price will construct a steam schooner for outside parties, the carrying capacity of which will be 800,000 feet of lumber.

If the Riverton Co.'s venture in the barge line proves eminently satisfactory it is understood that they will have at least another barge and probably two constructed at Mr. Price's yard. One of these is planned to be 60 feet longer than the Chinook and to carry 1,000,000 feet of lumber over Coquille bar.

The barge Chinook is still detained at the Bandon dock waiting for her escort, the stout tug Sampson, to appear from the Columbia and take her in tow to San Francisco. The tug is expected every day.

## Schooner Antelope Sold.

Captain Dodge, who brought down the Triumph from Astoria, told the RECORDER Tuesday evening that Sam Elmore, the well known canneryman, announced in Astoria before his departure that he had purchased the old schooner Antelope, now lying ready for sea at the Bandon dock.

The Antelope has for years, when not engaged in the Alaskan trade, been running into the Coquille river, and if Capt Dodge's information was correct it is presumed she will now take her last cargo out of here.

The Antelope, as the story goes, will proceed to Astoria after unloading her cargo at San Francisco, and load railroad iron and other supplies for the new railroad building at Tillamook. Returning from Tillamook to Astoria she will carry Elmore's salmon pack, and the tug Vosburg, late of this port, may be her regular tow.

Fresh bread at Button's store. Don't forget that Dr. Steele, dentist, is located in Bandon.

Cash paid for sacks at Bandon Commercial Co. warehouse.

There will be another dance at the opera house Saturday evening.

M. J. B. coffee sells better than any other. Why? Ask your grocer.

Dress goods and goods in general for the ladies at Lorenz & Hoyt's.

This is the day we put turkeys away—the time-honored day of thanksgiving.

County Assessor T. J. Thrift and Deputy Assessor J. S. Lawrence were down from Coquille Tuesday.

The Bandon Hardware Co. is in receipt of a new invoice of Stoves and Ranges; also will it display next week a fine line of goods especially suited to the holiday season.

E. G. Ford, the water bailiff, intended leaving this section yesterday, shipping as a cook on the tug Geo. H. Vosburg.

Dr. Prentiss, Dentist, will be in Bandon Dec. 1st for a short stay. This is your chance to have your teeth put in first-class condition at reasonable rates by a good dentist.

We understand that work is under way at North Bend on the new steam schooner for the Cody Lumber Co. of Bandon.

The Marshfield aerie of Eagles is planning to send a team to Bandon to initiate a number of candidates in the not distant future.

Everyone should go and see the superb line of Heating Stoves and Ranges which the Bandon Hardware Co. has now on display.

Social dance at Bank Hall Saturday evening, Dec. 8th. Music by Seaside Orchestra. Admission, 50c.

Cashier F. J. Fahy of the bank treated some of his friends to a splendid duck supper Monday evening. Frank's aim was unerring on the up-country lakes last Sunday.

A message states that the schooner Oregon, on her down trip last week, made the run from Bandon to San Francisco in the remarkably short space of three days. Good for the Oregon.

Cecil R. Wade, a bright young attorney late of Pendleton, Oregon, has decided to locate in Bandon for the practice of his profession. The gentleman for the present will have his office with T. B. Wheeler, the real estate man.

The RECORDER was slightly in error last week when it said that F. A. Mohl was to locate his contemplated planing mill in a part of the Garfield & Von Pegert building now approaching completion near the woolen mill. Mr. Mohl will start the mill, as stated, but in a structure of his own in the same vicinity.

The local court of Foresters of America had a highly pleasant time at its regular meeting last Friday evening. Grand Secretary Brainer was in attendance, and there were fifteen initiations of new candidates besides a splendid late banquet at the City Restaurant. Court Queen of the Forest is enjoying a genuine boom these days.

Though no telegraphic announcement of her sailing has been received, it is expected that the steamer Elizabeth will reach this port about today or tomorrow. It may be, however, that the strong nor'wester which so interfered with shipping along the San Francisco water front a few days ago has caused a delay in the starting of the staunch and plucky little steamer.

We learn from a reliable source that W. V. Cope has sold his teaming and freighting business on the Bandon-Langlois route to the Chenoweth boys of the Denmark section. Mr. Cope has owned the business for about six months and found it very profitable. The Chenoweths are old and tried teamsters, and will give freighting out of here all proper attention. They have four horse and six-horse outfits.

Holiday goods at east at Marshall's. Thos. Tennyson and wife of Bandon fell heir to a daughter on Nov. 23d.

At Parkersburg, Nov. 21st, a son was born to James McCue and wife.

The Bandon public schools are enjoying a vacation from last evening until Monday morning next.

Miss Irene Lamb of Coquille, graduate in music of Columbia College, Milton, Oregon, is prepared to give lessons on piano and mandolin in Bandon, Friday and Saturday of each week. Terms 50 cents an hour. Inquire of Mrs. Chas. Kime.

E. Lewin, the butcher, killed a hog and a wether last week that dressed 446 and 111 pounds respectively. The monster carcasses attracted some attention at his shop.

Visitors in Bandon from the county seat Saturday evening were Al Hite, E. C. Barker and Chas. and Ted Baxter. Mr. Hite passed the succeeding day under the parental roof.

Henry Adolphson, while working at the Aberdeen mill Nov. 24th, got his foot severely cut in the trimmer. The accident was due to an attempt to kick a board, we understand.

The social committee of Ocean Rebekah Lodge extend an invitation to Odd Fellows and their wives to spend a social evening at Rebekah Hall on the evening of Nov. 29th.

Button & Langlois, the west town grocers, have laid in a new and very choice line of goods which they invite the public to call and examine. They have a nicely arranged store on the hill.

Geo. W. Williams, a newspaper writer by profession, was paying Bandon a visit this week, and called on the RECORDER. He has been doing some work on the Coos Bay Times of late.

W. Utter, an employee of the Aberdeen mill, had the third finger of one of his hands cut off and two others badly lacerated by getting his hand caught in the edger one day recently. It was a very painful accident, and has laid him up ever since.

Social dance at Bank Hall Saturday evening, Dec. 8th. Music by Seaside Orchestra. Admission, 50c.

There was a happy double wedding of four-mile young folks on Friday of last week. The hymeneal event was celebrated at Coquille, and the contracting parties were Cecil Cox and Miss Nancy Foster, Clarence Foster and Miss Fay Cox. We understand that both couples will make their future home at the county seat where the grooms have secured permanent employment. The RECORDER wishes them all manner of joy and happiness.

The RECORDER acknowledges a pleasant call yesterday from B. J. McMahon, a newspaper man who has been connected in various capacities with some of the foremost journals of this coast. Mr. McMahon was over to see the country, and gave the information that he was to assume charge of the North Bend Harbor about the first of December. It is understood that C. M. Sain of that paper has been requested to step down and out.

The RECORDER has neglected to mention that Gus W. Kramer has retired from the editorial management of the Coos Bay Times, and is succeeded by Jack Guyton of Decatur, Illinois. We have always heard of Kramer as a first class fellow, but never felt from his work that he was intended to be a newspaper man. We wish him success in whatever line he engages, and shall hope for good results from his successor who is a stranger in the county.

## Bandon Acreage For Sale.

At the Methodist church last Sunday night the edifice was filled. The pastor led a spirited song service in which almost everybody participated, and was much enjoyed. The subject of the sermon was "The Wise Fool." The sermon was a strong appeal for a higher ideal Christian life, showing the folly of setting the heart on riches and worldly things entirely. Services Dec. 9th again. Preaching 11 a.m.; song service 7:30. Subject for evening, "Paying the Fiddler." Everybody come.
