Paper Plant a Sure Thing

\$250,000 Capital Assured.

Local Conditions Tend to make it Successful Financially.

A mass meeting of the citizens of Bandon and vicinity was called by the Chamber of Commerce last Friday evening for the purpose of formulating definite plans to bring about the construction and operation of an eighteen ton pulp and paper mill in Bandon. At the hour given in the notices, the City Hall was filled with energetic business men and people interested in the future advancement of the Coquille River interests. Promptly at 8 o'clock the President of the Chamber of Commerce took the chair and called the assembly to order. Three interesting telegrams from F. J. Marshall, the paper mill expert of New York, was then read developing the fact that Mr. Marshall had secured Two Hundred Thousand (\$200,000) Dollars capital to invest in the enterprise, provided, local interests would raise from Forty Thousand (\$40,000) Dollars to Fifty Thousand (\$50,000) Dollars additional. A prospectus of the proposed plant was then read and further information given by Colonel Blumenrother, who has been an enthusiastic worker with Mr. Marshall on the paper mill matter from the beginning. Mr. Blumenrother also submitted a legal corporation subscription list on which he has secured the signatures of a number of reliable men subscribing different amounts, aggregating Thirty-five Hundred (\$3,500) Dollars.

After the matter being fully discussed by the meeting, a motion was made and unanimously carried that a committee of five be appointed to solicit stock subscriptions to raise the present Thirty-five Thousand (\$35,000) Dollars to the required amount, and report as soon as possible; R. H. Rosa, C. T. Blumenrother, R. W. Lundy, A. D. Morse and W. D. Marshall were chosen committeemen. The committee appointed at once called for stock subscriptions: before the meeting adjourned the subscription list was increased over Four Thousand (\$4,000) Dollars, which enthusiastic response to the call of committee is a tangible demonstration of the fact that the always progressive spirit of this locality will have the pulp and paper mill going in Bandon as soon as an enterprise of this magnitude can be got in operation.

It is thought by Eastern paper experts and capitalists, who have investigated Bandon in search of a paper mill site, that the cheap fuel and quantity of raw material, together with the excellent water for a sulphide plant, will make this one of the most profitable enterprises of its kind in the United States today.

At the called meeting last night a committee of five were appointed to draw up the articles of incorporation for \$100,000. R. E. L. Bedillion, R. H. Rosa, W. D. Marshall and C. T. Blumenrother were elected to act in this capacity. At this writing there has been \$47,000 subscribed for stock. This leaves only \$3000 to be raised. Consequently the project is an assured success. There has been no date set for another meeting, but the committee have the authority to have the articles of incorporation filed, and to act on any business that might come up in the matter.

For Sale.

Two desirable lots in Fisher's Addition to Bandon. Will sell for \$250. Address, M. BOSSEN, Langlois, Ore.

Lost.

While in Bandon the fore part of the week on the excursion from Coquille, Mrs. Geo. Terry lost her wedding ring. It is a plain gold ring and has some engraving on it. Finder will be liberally rewarded by notifying Mrs. Terry at this office.

Schooner Lost at Sea.

The gasoline schooner "Reta Newman," which sailed from this harbor for San Francisco on Jan. 24, has been lost and is thought to have been destroyed. On Saturday, Feb. 16, the United States Revenue Cutter, "Tethis" called out the life saving crew from Bandon to inquire if anything had been heard from the unfortunate schooner. The boys here could not give them any information. The "Tethis" had been searching for her then for seven days. On Jan. 25th she was spoke off Cape Blanco by the schooner C. T. Hill, and again off Cape Blanco by the steam schooner Mayfair on Feb. 2nd.

The "Newman" is a two-masted gasoline schooner loaded with 175,000 feet of lumber and 15,000 shingles. The lumber is from the Cody Lumber Co. and the Bandon Mercantile Co. shipped the shingles. The schooner had been having trouble with her gasoline engines and twice caught on at the dock here. The tug "Triumph" assisted in extinguishing the flames. The chief engineer left the boat at this port and her engines were in charge of an assistant engineer. She was in charge of Captain Martensen.

The Japanese Problem.

Washington, D. C., Feb. 18.—Japanese children are to be admitted to the white schools of San Francisco under certain restrictions. Skilled and unskilled laborers coming from Japan are barred from the mainland of the United States, and American laborers, skilled and unskilled, are to be excluded from Japan.

This is the basis of the agreement between the president and Mayor Schmitz and the San Francisco school board as an adjustment of the anti Japanese agitation brought about by the segregation of the Japanese children in the San Francisco schools.

The agreement means that the schools of San Francisco will be conducted in the same manner as they were before the board of education adopted the resolution last October, providing for the segregation of Japanese, except that adult Japanese who are in primary grades must continue to attend the Oriental schools, and Japanese children under 16 years of age will be admitted to the classes with the white children of their own ages.

Communication.

"Doings at the Oil Well."

Bandon, Feb. 19, '07.

Ed. Bandon RECORDER:
Under the above heading in your issue of Feb. 14th, J. A. Tawse says: "The old and abandoned well was given up at over 600 feet because a flashlight inspection confirmed the belief that it was crooked and could not be worked." When Jack Tawse made that statement he was not speaking from his own knowledge. As a matter of fact, Mr. Freund sent South for an expert, (a wonderful man) who examined the well and ordered casing. About this same time Mr. Freund admitted to the writer and another stockholder that the well was all right. Would they have done this for a crooked hole? After the "expert" was discharged, Mr. Freund sent word up to Bandon that the hole was crooked. I went down and saw Mr. Freund, but he could do nothing to prove his statement. After a lot of talk I offered to prove, by the use of a flashlight, that the hole was straight. After considerable trouble and expense I succeeded in getting a flashlight, but, as I suspected, this was not what Mr. Freund wanted. Before the light arrived, he told me I could go home. The fact is, neither Mr. Freund nor Mr. Tawse (of their own knowledge) knew whether the hole was straight or crooked. What Mr. F. wants is perfectly well known to the original stockholders. My work at the well may have been slow, but I did go down several hundred feet. According to Mr. Tawse they purchased the well nearly a year ago, and at the time of his statement, they had not dug a foot either straight or crooked.
W. H. BUTTON.

New Hotel For Bandon

WILL COST \$30,000.

Three Story Building - Bids Wanted - Modern Throughout.

That Bandon will have a new modern hotel is now an assured fact. A week ago Geo. P. Laird secured an option on the property now occupied by the Garroette Bros. Livery stable, owned by the Knights of Pythias, for one month. The deal as far as the site is concerned will be closed this week. Consideration is \$4,750. The plans and specifications are now being drawn up in Portland, by the contractors that are putting up the new Cody Mill.

The building will be three stories; electric lighted from top to bottom; and will be heated with a hot water apparatus. The plans are being drawn for a hundred room building, with space on the lower floor for two business firms besides a large hotel office. This is a big thing for Bandon. Hotel accommodations are now very limited and a new hotel will be a paying success from the day it is opened.

The work will commence on the foundation as soon as the livery stable can be moved. Mr. Laird has several contractors at work on bids for the structure and one of the important provisions is haste. He wants to have the building finished ready for occupancy as soon as it is possible.

Hotel Arrivals.

Following have been registered at the Hotel Gallier the past week:

F. D. Layton, Portland; H. J. Edwards, L. D. Pettyjohn, M. D. P. yats and W. O. Hendricks, Marshfield; W. S. Marshall, Miss Russell, Langlois; Roy Kerrigan, Coquille; C. E. Houser, Bridge; O. F. Rohrer; Edgar L. Wheeler, Coos Bay; A. N. Ames; R. W. Harrington, Myrtle Point; F. Rouleau, W. E. Ewell, Wm. J. Sweet, Roy Kerrigan, Coquille; Thos. Deveraux, Parkersburg; J. E. Perrott and wife, Coquille; John W. Koon, Four mile; E. E. Leasy, Marshfield; C. H. James and wife, Myrtle Point; C. E. House, Bridge; J. Tawse, Coquille; W. S. Marshall, Langlois; Roy Garrett, Myrtle Point; Wm. Morris, Coquille; James Chenoweth, Langlois; Ed Johnson, Coquille; A. W. Varney, Dispatch; A. V. Ames, Myrtle Point; R. Davis, New Lake; Jas. C. Murray, San Francisco; P. W. McLain, Seven Mile; M. J. McKenna, Laupa; Mary Mayers, Portland; E. N. Zellar, Leaside; W. E. Lovell, J. W. Hobbs, Eugene; E. D. Goodman, Geo. Goodman, Coquille; E. D. Dovan, Portland; James Green, San Francisco; W. H. Mixer, New York; W. A. Dautzsch, Portland; V. A. Dennick, Marshfield; S. E. Osborn, F. W. Sims, A. J. Wittman, Woods; R. C. Conger, J. E. Fish, Bandon; W. S. Marshall, Bandon; Janse McGrew, C. Davis, Myrtle Point; C. Y. Lowe, J. C. Sydman, City; George Sydman, Langlois; James Crawford, Salem; M. Hartson, Coquille; W. Colm, Coquille; Sol Brownson, Bridge; Frank Barkholder, J. W. Leneve, Coquille; O. F. Kohrer, Nick Collis, City; Frank Lytd, Eureka; J. Quick, D. J. Mitchell, Coquille; George McMullen, Fred Johnson, Myrtle Point; R. W. Davis, San Francisco; John Peart, Coquille; B. G. Williams, Seattle; E. T. McDonald, Portland; J. F. Boeke and wife, North Bend; C. E. Hollister, Portland; Lily Way, Myrtle Point; Capt. W. G. Maloney, wife and child, San Francisco; W. H. Norval, Coquille.

"God Bless Dad."

We happened in a home the other night, and over the parlor door saw the legend worked in letters of red, "What is home without a mother?" Across the room was another brief, "God bless our home."

Now, what's the matter with "God bless Dad?" He gets up early, lights the fires, boils an egg and wipes off the dew of the lawn with his boots while many a mother is sleeping. He makes the weekly hand-out for the butcher, the milkman, and the baker and his little pile is badly worn before he has been home an hour.

If there is a noise during the night dad is kicked in the back and made to go down stairs and find the burglar and kill him. Mother darns the socks, but dad bought the sock in the first place, and the needles and the yarn afterward. Mother does up the fruit; well dad bought it all and jars and sugar cost like the mischief. Dad buys the chicken for the San-

Whites 14--Green 22.

The Bandon Basket Ball Club gave an exhibition game in the Opera Hall last Saturday evening. The game was called at 8:30 and was an exciting affair from start to finish. The young ladies chose up teams, one team wearing green blouses and the other white. The "Greens" had only four players Miss Stephenson taking the place of both Left and Right guard. Ray McNair was referee and umpire, and E. Boak kept time. The Greens were victorious to the tune of 14 to 22. \$16 was taken in which goes into the treasury. The line up was as follows:

Whites	Greens
Dolly Gibson rf	Ina Blackerby
Nora Gibson lf	Mrs. F. Blackerby
Kate McNair c	Mrs. Schuyler
Mrs. Dygert lg	H. Stephenson
Berna Winsor rg	

day dinner, carves it himself, and draws the neck from the ruins after every one is served. "What is home without a mother?" Yes, that is all right; but "what is home without a father?"

Ten chances to one it's a boarding house—father is under a slab, and the landlady is the widow. Dad here's to you—you've got your faults—you may have many of 'em—but you are all right and we will miss you when you are gone. Ex.

MARINE.

Shipping has been on the ragged edge all of this week. The Schooner "The Bessie K." came in through the harbor Monday and was towed up to Prosper.

The two masted schooner "Lizzie Prien" is loaded with lumber ready to sail for San Francisco.

The steamer Elizabeth is over a day late. She is expected to arrive tomorrow morning.
