Mrs. J. Johnson entertained the members of the Ladies Guild of the Episcopal church with an afternoon tea, Wednesday.

Mrs. F. Dyer and Miss Alice Porter left Wednesday morning for Marshfield, where they will spend a few days.

Miss Effie Collier spent Friday, Saturday and Sunday at her home near Coquille. She returned Sunday evening.

Found:—A silver brooch made from a silver quarter with the word Mary engraved on one side. Owner can have same by calling at this office and paying for this notice.

Miss Ivy Langworthy of Marshfield spent last Saturday with friends and relatives in Bandon returning on the Sunday noon boat. Miss Langworthy is in the Pacific States Telephone office at that place.

The tug Wizard out of San Francisco came up for the barge Chinook last Saturday, but on account of threatening weather put in at Empire City until the blow was over. She returned Wednesday and left with the barge in tow.

Miss M. Garfield left Wednesday morning on the boat for San Francisco, via Marshfield, where she will select her new spring stock of millinery. Miss Garfield is a competent buyer and her many patrons of Bandon are assured of an entire new stock of the latest styles in millinery.

Al. Marsh made a trip to Bandon last week for supplies, with his four horse team, and hauled 3100 pounds, but tired down twice in the "green timber" this side of Denmark, and had to unload. He charged a cent and three fourths a pound, but does not covet the job at even that price.—Port Orford Tribune.

Miss Tess Manciet had an exciting experience with a gasoline lamp last Saturday evening. The lamp had not been "pumped up" and when she came to light it, it burst into flames. She procured help and it was taken out on the sidewalk where finally, Oliver Waldvogel took it into the street and extinguished the flames by throwing gravel on it.

The Coos County Club of Albany College: The first meeting of the second semester was held on the evening of February 22, when the club was entertained by Miss Inez Easton at the home of Rev. Grisnold. There were several guests present besides members of the club, and this meeting was considered one of the best and jolliest held this year. We regret that another of our members, Edwin E. Tilton, has left college. This cuts our number down to seven—a small but jolly crowd. We hope to have many new members next winter. Those present on Friday evening were Misses Rosa, Wilkins, Knotts, Easton, Ruth Montagne, Martha Montagne, and Hodgo. Messrs. Hodgo, Neal, Myers, Knotts, Leggett, and Volstedt. A MEMBER.

T. B. Wheeler spent Saturday and Sunday on his ranch south of Bandon. He is putting in an orchard of about 400 trees, and when he has it bearing will be one of the largest and best in this section. He returned Monday.

The new pulp and paper plant is sailing in smooth water. The stock has all been subscribed and the articles of incorporation filed with the secretary of state and with the county clerk. It may be of interest to our readers to know that the fees on filing these incorporation papers with the secretary of state amounted to \$51.65.

If drinking water is tested frequently, much sickness would thereby be avoided. The following simple method is given for ascertaining the purity of drinking water: Draw a tumbler of water from the tap or pump at night, put a piece of white cube sugar in it, and place it where the temperature will not be under 65 degrees, Fahrenheit. In the morning the water, if pure, will be perfectly clear; if contaminated by sewerage or other impurities the water will be milky. This is a simple and safe test and easily made.—Ex.

The young ladies of the Rebekah Lodge gave a farewell party in honor of Miss Gwyneth Radolph, who has been visiting her aunt, Mrs. John Langlois, for the past two months. The Rebekah's had their regular meeting and had arranged for the party, after the lodge meeting, at which Miss Radolph was present, making this a complete surprise for her. Games were played and the party broke up near midnight. Miss Radolph has made a host of friends since she has been here who are sorry to see her go, and hope that in the near future she will visit Bandon again. She left on the morning boat for Marshfield where she takes the Kilburn for her home at Hydesville, Cal.

The Launching.

The new schooner Wellesley was successfully launched last Monday morning at eleven o'clock at the ship yard at Prosper. The disagreeable weather kept many of the people of Bandon from attending the launching, that had planned on being there, but as it was there was a large number present. Little Miss Hansen christened the ship Wellesley with a bottle of champagne, and she slid down the way as gracefully as a bird, hardly moving at first but gaining speed, finally sliding into the water with barely a splash.

The Wellesley is a fine two masted steam schooner that has been built by E. Henckendorff. A sister ship will be commenced at once and work will be rushed so as to have its service as soon as possible. The vessel is named after the Wellesley College, of Massachusetts, for young ladies. Refreshments were served after the launching; somewhat of a celebration ensued. From all reports some of the participants will have cause to remember the affair for some time to come.

Bandon 10 Years Ago.

It is always interesting to recall pleasant memories and for that reason we intend to reprint each week incidents that occurred exactly 10 years ago. We glean these items from the Bandon Recorder dated Feb. 26, 1897, and will state for the benefit of the publisher that at that time, that he had a neat newsy little paper:

The separate Company K. O. N. G. ball last Saturday night was a success socially and financially and was the means of adding eight names to the company roster. There was a large crowd of merry-makers on hand and all are loud in their praise of the management and music. The supper at the Tupper house was one of the enjoyable features of the evening.

Theodore Clark, manager of the Bandon Woolen Mills, was in the city Wednesday. The mills at Bandon are being improved and increased in capacity.—Oregon City Enterprise.

The school clerk was abroad in the Bandon district this week and found 282 youths of school age, there being 153 males and 129 females between the ages of four and twenty years. The enumeration of the district shows 445 males and 370 females making a total population in the district of 815, which practically places Bandon's population at 800. During the past year the increase in population has been 140 and the increase in school children has been 38. The number of voters in the district for school purposes is 230.

The gasoline boat Bessie K. is now resting on the shore of the lagoon preparatory to being launched there. Unless there is a storm to drive in a large tide she will have to stay in the lagoon until the new moon tides about March 6. By that time all repairs will be finished and the boat will be ready to load at once and go to sea. They expect to launch her tomorrow or next day.

Here is a sure cure for uninteresting sermons and for people that cannot keep awake while in church:

A certain clergyman had in his congregation two men who troubled him by sleeping in church. At last he found an opportunity of saying to one of them:

"Mr. Parker, did you ever notice that Mr. Brown had fallen into the habit of sleeping during service?"

Mr. Parker had not noticed it, but was pained at the information.

"Well, might I ask you to sit beside him next Sunday, and nudge him in case he falls asleep?"

Mr. Parker would most certainly do so.

The reverend gentleman then sought his esteemed parishioner, Mr. Brown.

"Mr. Brown, have you noticed Mr. Parker's habit of sleeping during the sermon?"

Mr. Brown had noticed it and had been pained.

"Well, would you do me the favor of sitting beside Mr. Parker next Sunday, and nudging him if he shows any signs of drowsiness?"

Most certainly Mr. Brown would be glad to do so.

The spectacle of the two good men keeping watch on each other the following Sunday morning nearly upset the dignity of the clerical plotter.
