COMING FROM EAST

Advertising Campaign Brings Many Homeseekers to Oregon.

The campaign of advertising which has been conducted during the past ninety days by the commercial bodies of Oregon composing the Oregon Development League, is bearing fruit. Much credit for the success of this campaign is due to the press throughout the State which has rendered valuable assistance in exploiting the colonist rates which became effective March 1st and which will continue until April 30th.

The rates are the lowest ever made by the transcontinental railroads, and homeseekers, quick to take advantage of them, are pouring into Oregon in constantly increasing numbers. While many of these have come through to Portland, larger numbers have scattered to various parts of the State. It is now the duty of our citizens to make these strangers within our gates feel entirely at home. We should show them every attention; give them all necessary information; the effect of a little encouragement, a little neighborliness, during the first few days or weeks, will be marvelous, and as the newcomers become better acquainted at close range with what Oregon has in store for them, they will be thoroughly glad they are here, and will wonder why they did not come before.

However it must not be forgotten that these low rates will continue for six weeks more, and that great work may be done in that time. It has been said that "Persistent Publicity Pays." Eugene, Grants Pass, Medford and Ashland have become firm believers in this doctrine; only last week the Commercial Clubs of those cities, assisted by Tom Richardson, Manager of the Portland Commercial Club, inaugurated vigorous publicity campaigns and raised good sums of money for advertising purposes.

If other communities, not already active, will but follow the examples being set for them from week to week, and advertise to all the world what they have to offer to homeseekers and investors, the population of the Beaver State will surely double within a very few years.

Take a day off and paint some of those old fences. A coat of paint on the house is going to not only improve and add to the value of the house, but is going to add to the beauty of Bandon. When our Eastern friends arrive, show them that the "City by the Sea" is an ideal home and is one of the beauty spots of Oregon. There has been a great deal of note made of Gardiner the "White City." Everything painted white with the beautiful contrast with the green foliage is something that will catch the eye of the home seeker. While we do not want a white city lets have a clean city.

Spokane had a cleaning up day a short time ago and 50,000 people took part in cleaning up their yards and tidying up in general. If it is going to pay a big city like Spokane it will pay Bandon.

Are you going to the band concert Saturday night? It is going to be the best ever. Dance at the Bank hall after the program.

Estray Notice.

Strayed from my residence at Twomile about February 1, 1907, one red cow, swallow fork in right ear and underbit in left, had bell; and one yearling bull, red with white face. Any information leading to their recovery will be liberally rewarded.
F. M. WANDLING, Bandon.

Eggs For Setting.
Pure bred Brown Leghorn eggs, \$1.00 per setting, \$5.00 per 100. Black Minorcas and White Plymouth Rock eggs, \$1.00 per setting; Indian Runner Duck eggs. Shipped to any address.
J. C. WATSON,
Breeder of Registered Jerseys and Berkshire Hogs. Coquille, Ore.

About the Bessie K.

We have just received intelligence that the schooner "Bessie K" has broken away from the rocks at Port Orford and is reported drifting north past Cape Blanco. The boat has again turned back and the masts have been chopped in two with an axe, indicating that the crew were aware of the danger of her turning turtle. Capt. W. J. Maloney states there is a possibility that the crew got off all right and were picked up by some vessel bound for Australia, in which case they would not be heard from for some time yet. Neither the boat or any bodies have as yet been seen, and that some of the crew may have gotten off in the boat is plausible. A number of the schooners bound for Australia make a tack toward Cape Blanco and get their bearings to turn across the ocean.

Mrs. Helen E. Fletcher of Hoquiam, Wash., writes that the assistant engineer was her brother and would like to get information regarding the recovery of his body, if found along the coast or in the vessel. The young man was about 24 years old, light skin, dark hair, height about 5 feet 11 or 12, weight 180, and had considerable dentistry in teeth. Any person finding a body answering that description will be liberally rewarded. Write or notify this office by earliest means.

Senator Fulton Will Run.

From the interviews printed it appears that United States Senator C. W. Fulton will be a candidate again in 1908. The Eugene Guard prints the following interview:

"Yes," said the senator when he was asked whether or not he intended to make an effort to succeed himself in office. "Yes, I intend to be a candidate, but I do not intend to make any canvass for the place. I do not intend to spend any money for advertising or campaigning, or for postage. I do not intend to spend to return to Oregon from Washington to plead my cause. Congress will be in session at that time, and I will remain there to attend to the duties which I have been elected to perform.

"My record in the senate stands where anyone who wishes can read," continued the senator. "Any person who has any interest in the matter already knows what I have done and what I have tried to do for the state. If in the opinion of these people, then they conclude that I on my record merit another term in the senate, I will be grateful for their support. If not I will return to the practice of my profession and to private life.

"I have not the money to make an extended campaign for re-election. Besides, I would be compelled to leave Washington in the middle of a session of congress should I return for the campaign. I have determined, therefore, to place my name before the people and allow them to judge without any attempt to influence them by a personal campaign."

The Sun Typewriter.

"The SUN Type Writer is a visible Writer. It is a \$40.00 Machine of rapid speed, perfect work, and heavy Manifold. It has a universal key board, and guaranteed in every detail. The U. S. Government has adopted it as the Standard Machine for the Department of the Army. For perfect print and perfect alignment it is not equaled by any other machine made.

You cannot afford to purchase a machine until you have failed in your attempt to criticize the SUN STANDARD TYPE WRITER NO. 2.

The undersigned has secured the exclusive Agency for South Western Oregon, and can supply the trade from a stock on hand.

Send for descriptive printed explanation and Photographic Illustrations.

E. M. FURMAN,
Address, Marshfield or Coquille, Ore.

Just arrived, a big stock of men and women's shoes. All the latest styles, all new stock, Lorenz & Hoyt.

Band Concert Saturday Night

E. B. KAUSRUD DIRECTOR

Band is Strengthened by a Number of New Members.

The Bandon Concert band will give a concert in the Opera House Saturday night, March 30th. A carefully arranged program is prepared and is such that will make an enjoyable evening. The band is now much larger than it has been for some time. At the last rehearsal there were twenty one members present. Lately a number of outside musicians have received employment in the various industries of Bandon and have greatly strengthened the band. Messrs. C. E. and Chas. Bowman, and Thompson are among the recent arrivals and are all artists on their instruments.

The people of Bandon should by all means attend this musical event. It is the result of a good many evenings of hard work on the part of the musicians and the town has an advertisement in this organization that is superior to any band in the county and in most of the places in the State. Prof. Emil B. Kausrud, the efficient leader, has devoted much of his time for this event and he says the boys are in trim to give justice to every number of the program.

To those musically inclined the following program will be especially interesting. Among the selections are several played by the greatest bands and orchestras of the present time. A decided feature for an enjoyable evening is the dance that will be given in the Bank Hall after the concert. A great many people would not enjoy a whole evening devoted to instrumental music and the committee have engaged the Bank Hall and the popular Seaside Orchestra to supply the balance of the evening entertainment. The program will commence promptly at eight thirty and will continue close to two hours. Following is the program:

- 1 March, Mandator, Vanderoock
 - 2 Overture, Poet and Peasant, Franz Suffer
 - 3 Air Varie, Cornet Solo E. B. Kausrud
 - 4 Waltzes, Wedding of Winds, Hall
 - 5 a) Evening Song } Shuman
b) Reverie }
 - 6 Grand American, Fantasia, a tone picture of the North and South Bendix
 - 7 March, Lake Front Vanderoock
 - 8 Fantasia on Sacred Atrs. Barnhouse
- "Star Spangled Banner"

The latest in summer hats has been received at Lorenz & Hoyt. Make your selection before they are picked over.

Strike at Mills.

The employees of the Prosper and the Aberdeen Mills have gone out on a strike. They require 50 cents a day more to return and the mill owners cannot see it that way. It is thought however that a settlement will be reached in a few days, as a strike at this stage of the game would close the ship yards. They only have enough material on hand to run through tomorrow, and the closing of these yards will mean a great loss to the owners and the workmen. The strikers went out yesterday morning. The mill owners state they are paying their men good wages and will close down rather than to concede to the strikers.

Presbyterian Church.

Services next Sunday, March 31, at 11 a. m. and 7:30 p. m. Easter music and Sermon in the morning. Sunday School at 10 a. m. and Christian Endeavor at 6:30 p. m. Strangers especially are invited to worship with us.

Watch Repairing must be done right. Send your work to V. R. Wilson, the Watchmaker at Coquille and good work always.

Ruef Wants to Confess.

San Francisco, Cal., March 22.—Abe Ruef is ready to confess. He is prepared to unbosom himself to Detective Burns and expose the whole amazing story of municipal graft, sparing no one, not even Mayor Schmitz, whom he put into office and through whose occupancy of the Mayor's chair it was made possible for Ruef to amass a fortune that runs up into the six figures. He has reached the point where to save himself from prison he is willing to give up the information that will enable Heney and Burns to draw the lines closer about the bribe-givers in their places.

But the condition upon which Ruef will yield is such as to cause Heney and Burns to hesitate about accepting his offer of confession. It is nothing short of absolute immunity for himself. He wants to be allowed to go scot free as the price of delivering into the hands of their enemies the bribe-givers who have fattened off the administration. Heney and Burns are not yet of a mind to tender Ruef such consideration. They are holding off, and up to the present time have turned a deaf ear to his offer to confess. Whether the exigencies of the prosecution will oblige them to accept his offer in order to get the "big fellows" remains to be seen.

Representatives of the prosecution declared this morning that they will secure a complete confession from Nellie Smith, the stenographer in the office of the attorneys of the Home Telephone Company, who has proved a recalcitrant witness on each appearance before the grand jury. Heney and Burns said this morning that they are satisfied she knows the full details of the bribing of the supervisors by representatives of the company, and that an indictment for perjury will be lodged against her if she persists in her refusal to testify. Yesterday she evaded answering by falling back upon the statement, "I don't remember."

They said further that she is being coached by representatives of those who had part in the bribing, and that while her evidence is not essential, the whole story having been obtained from other witnesses, they are determined to make her tell the truth. An indictment is now on the secret file of the jury against an official of the Home Company and others will be returned soon as the chain of evidence is complete.

Popular Young Man Dead.

Vivian Hermann, son of Mrs. W. P. Hermann, died at his home in this city, Tuesday evening, March 19th, at 7:15, after a long illness from tuberculosis, aged 23 years and 5 months. Interment took place yesterday afternoon at the family burying ground on the Hermann homestead. Rev. Thos. Barklow conducting the services. Myrtle Point relatives and friends went to the funeral in a couple of backs and gasoline lances, and though the day was very stormy, there was a large number present at the funeral. The deceased was born and raised in this country, his parents being among the early pioneers. Besides his mother, two sisters and a brother survive him.—Enterprise.

If the ladies of Bandon wear the Robt. Johnson and Rand shoes, they will never be bothered with corns or sore feet. These shoes are made to fit the foot, Lorenz & Hoyt.
Better wrappers printed at the Recorder office.

Cigar Factory For Bandon

FROM PENNSYLVANIA

Another Good Chance To Patronize Home Industry.

Bandon is going to have the opportunity of smoking her own cigars. Chas. Bowman, Jr. and C. E. Bowman of Hanover, Penn., have been in Bandon the past ten days looking over prospects. They have rented the Nelson building and have a very desirable location for their business.

They will not run a retail department, but will manufacture for the local dealers. They will have the Walpole, 15 cent cigar, for their leader. The Don Ventura, 10 cent grade, and the Yankee Effort, 5 cent grade, are both high class goods and better than the average western cigar at those prices. These gentlemen are experienced cigar men and come from a cigar family, their father and grandfather before them having been in the business. Their brands, originated by them over 60 years ago, are still running in a number of cities in Massachusetts, and there is no doubt but what they can produce a cigar that will answer all the requirements of the smoker.

Their stock has been selected carefully and is expected here the latter part of this week. It will be about two weeks before they will have cigars for the market, owing to the delay in receiving their boxes.

Their bond has been accepted and they are expecting their license from the government in every mail. If the smoker patronizes their brand of cigars they are not only patronizing home industry, but are leaving that much money to be circulated in this community. Success to them.

Gives Bay the Credit.

The Pacific Marine Review of Seattle has from time to time reported building of vessels at Bandon as being built at Coos Bay. Their report has the steamer Raymond as being built in Coos Bay while as a matter of fact it was constructed at the Prosper ship yard. Two other vessels are being built in the Coquille river. Just where in the river they fail to state. We are right proud of the boats turned out by the local ship yards and do not wish the credit to fall elsewhere. Their correspondent is doing this section an injustice when he states the boats are being built at Coos Bay. This is not the first incidence of the mis-statements. There are favorable indications now for four more boats to be built on the "Coquille River," and in the same yards as those now under construction.
