

Great Clearance Sale

The Greatest Sale Bandon has Ever
Known. \$4500 Stock at \$2000 Prices

These Goods will be Sold at Less than Wholesale Prices simply because We have bought the Stock of Nordby & Tinseth, of North Bend, who had to close their doors at 33 1-3 cents on the dollar. We were sorry for that firm that were forced to such measure, but the Law of Business demanded we accept their wonderful offer, and now we submit the following Bankrupt Prices to the Buying Public, that they may take advantage of our good fortune. We believe in a profit-sharing business and do not ask the exorbitant prices asked by others. We feel that should we charge such large prices after buying the complete line in the manner mentioned, we would be doing our customers a rank injustice. These prices are bonifide in every manner, and we ask you to examine our competitors goods and then ours, and we know you will be satisfied with the great difference you will find.

We are Located in the Bank Building

And although it is not a very desirable location, we are compelled to use same until we can do better. We have been done a rank injustice by some of our competitors in trying to keep us out of town, but a small matter of that kind does not faze us. They tried to buy us off, but after such a scurvy trick was played on us, we refused to sell. The following goods have standard prices, hence we quote them.
