## Barge Chinook Is Wrecked ASHORE NEAR THE BAY

### Tug Columbia Breaks Hawser and the Chinook Goes Ashore

The Barge Chinook, owned by the Riverton Lumber Company, of San Francisco, was beached on the rocks near Coos Bay last Friday afternoon. The barge was towed up from San Francisco by the Tug Wizard, a boat belonging to the same company. It left the barge for the Columbia to tow to Bandon, and left with the new schooner R. D. Inman for San Francisco.

The bar here had been unusually rough for a few days previous and the tug Triumph did not venture out when the Columbia brought the Chinook over. After waiting a couple of hours, they had to return to Coos Bay. The bar there was also very rough, and in trying to run in over the bar, the tug broke her hawser thus leaving the barge to the mercy of the waves. She was rapidly forced ashore, and was finally anchored in about 12 feet of water.

The U. S. L. S. S. came to the assistance of the crew, and all were landed safely. The next day the waves had placed the barge high and dry on the rocks, and the cargo is being removed. She carried 4000 pounds of dynamite, whiskey, bay and merchandise for Bandon.

Mr. Norval, the Riverton Lumber Company's representative here, is at the scene of the wreck, and looking after the interests of the shippers. A letter to this paper from W. E. Lovell, Captain of the unfortunate barge, states that the facts are being badly misrepresented in the Marshallfield papers, and they are making an effort to correct them. He states there is no danger from the dynamite and never was.

The Chinook has been in here a number of times and is well known by everybody. Following are the names of the crew: Captain W. E. Lovell, C. W. Doyle, Otto Ferguson, Frank Blair, C. W. Martin, John Vlacorrick, Henry Vierick. She was built at Tacoma, Wash., and was a large factor in the transportation of lumber to San Francisco.

### Rebekah Ball.

The Members of Ocean Rebekah Lodge No. 126, of Bandon, will give a Grand Ball in honor of the 88th anniversary of the Order of Odd Fellows, in the Bank Hall, a week from Saturday evening, on April 27. The members are making special preparations to make this dance a social success, and a large number is expected from along the river. Special arrangements with the steam boat company have been made so persons may attend on half fare rates. The popular Seaside Orchestra will furnish the music for the occasion, which of course will be first class.

The Hall will be beautifully decorated, and the ladies have arranged a march to take place before the dance. Supper will be served at the usual places. Following are the various committees for this event:

Committee on Arrangements: Mrs Odessa Trowbridge, Mrs Minerva Lewin, Mrs Anna Craine, Miss Mand Garfield.

Committee on Decoration: Miss Anna Waldvogel, Miss Christianna Clausen, Mrs Minnie McCord, Miss Flora Walsler, Miss Alice Porter, Charles Snow.

Reception Committee: Mrs Sarah Costello, Miss Myrtle Axtell, Miss Ruby Pershbaker, Mrs Fannie E. Dyer, Miss Anna Waldvogel, Mrs Minnie Tenbrook.

Floor Managers: Messrs Harry Walker, P. W. McCann, O. A. Trowbridge, Chas Lorenz, A. G. Hoyt. Door Committee: W. E. Craine, Wm Button, Wm Lundquist.

2 lots and house and barn, good soil and fine location \$1,100. E. E. Oakes.

## Justice Court.

Young vs McGinnis was the title of an assault and battery suit tried in Recorder Rice's Court last Saturday morning. It appeared from the evidence that McGinnis had driven some boys from his premises a day or so prior to the trial for disorderly conduct and undue boisterousness, one of the sons of J. E. Young, plaintiff in the case, being one of the number. Some of the boys applied to defendant McGinnis some epithets very strenuous, and appalling for lads of such tender years. McGinnis took exception to the remarks and letting his passion get the better of his discretion, undertook to administer to Young's son, the proper discipline by shaking the lad and scaring him out of his wits, and as the plaintiff alleged, severely choking him. Geo. P. Topping appeared as attorney for the plaintiff, while G. T. Treadgold represented the defendant. Recorder Rice fined the defendant \$19.50 and costs, and gave a word of warning to the boys concerned in the case. The fine being less than \$20 the case cannot be appealed.

George Laird and Nick Collis as plaintiffs have filed suit against Ray Flanders, with Justice Strang, complaint in the case alleging an old hotel account. Plaintiffs' attorney, C. R. Wade.

A similar case filed last week by the same plaintiffs and against W. E. Dietz of Myrtle Point was settled in favor of the Plaintiffs.

### New Photo Gallery.

J. W. Lint, formerly with the Photo Gallery of Coquille, has opened a gallery in the Tupper building between the Life Saving Station and the Gallier Hotel. He is equipped to do all kinds of work in his line and will make a specialty of view work. Persons desirous of securing good work at reasonable prices, will do well by calling. ### Notes From Four mile.

Roads drying up fast. Mr. E. M. Clayton cut his foot very badly last Monday. Dr. Houston of Bandon was called and dressed the wound.

The sick are all on the mend. They haven't time to be sick, too busy gardening.

Four-mile's telephone will soon be in running order. The boxes will be put in next week.

The school on Four-mile is to begin next Monday. Miss Jenny Bosson is to be the teacher.

S. J. Wilson is back at his old stand at E. M. Clayton's mill, after a few days lay off.

Bert Walker and wife have moved on their Four-mile ranch for a short time.

A social dance was held at T. H. Shaw's hall last Friday evening. The crowd was small, but all enjoyed themselves till midnight. SALLY.

Roseburg, Ore., April 13.—This morning section hands working on the Southern Pacific between Myrtle Creek and Riddle found the corpse of a child wrapped in Pullman car towels. It was found that a woman aboard northbound train No. 16, accompanied by a man claiming to be her husband, had given birth to a child, which had been thrown out of the window.

The man and woman whose names are unknown, were enroute from Los Angeles to Portland, where the authorities will probably locate and hold them pending the inquest, which will be held Monday at Myrtle Creek. Three Roseburg physicians went to Myrtle Creek tonight to examine the remains, to ascertain whether the child was alive when born.

Just arrived, a big stock of men and women's shoes. All the latest styles, all new stock, Lorenz & Hoyt.

## Train Robber Is Captured AT MYRTLE POINT

### Wanted in Kansas for Robbery and Murder, \$200 Reward.

Joseph Bush, charged with murder and train robbery, was arrested yesterday at Myrtle Point. He is in the hands of the officers and is on the way to Portland, from which place he will be taken to Kansas.

Bush is the man, who, with a partner, boarded a Missouri Pacific train at Pittsburg, Kansas, robbed the passengers, and shot and killed John Henry, who attempted to draw a revolver in defense.

The arrest was made by a United States deputy marshal from Portland, a deputy sheriff from Douglas county and J. J. McHugh, assistant chief special agent of the Missouri Pacific Railroad company, who came to the coast to get Bush. Ever since the train robbery occurred the railroad officers and the officials at Pittsburg, Kansas, have been trying to find the two men. Bush was known to be one of the robbers, and his picture and description, printed on circulars, were sent broadcast over the country, one of them being received here.

Marshal Carter of Marshallfield got a letter from McHugh stating that Bush was in this vicinity. Carter has been on the lookout for Bush and finally he was located at Myrtle Point, where he was living with an uncle who is a logger. Special Agent McHugh came west and went to Myrtle Point with the United States deputy marshal and the deputy sheriff from Douglas county.

Bush was found loitering around a livery stable. The officers decided to make sure that he was the right man and asked to hire a team to drive into the country. One of the officers pointed out Bush and asked if he could not be secured to do the driving. He fell into the trap and when the handcuffs were quickly fastened on his wrists. The officers left at once with the prisoner overland for Roseburg. He will be taken from there to Portland, and then back to Kansas for trial.

The crime of which Bush is accused was a daring one. On March 4th last two men boarded a Missouri Pacific train No. 310 at Pittsburg, Kansas, and when the train started fired several shots to intimidate the passengers, and shot and killed John Henry, who was attempting to draw his gun, and shot another passenger in the arm. One of the robbers then proceeded to search the passengers, while the other kept them covered with two guns. Joseph Bush was one of the robbers, it is alleged. He is a coal miner about 24 years old.

The robbers secured \$200 in money and many watches and valuable jewels. A reward of \$200 was offered for the arrest of either of the men.—Times.

### Additions to Coast Fleet.

Several more steamers have recently been purchased on the Atlantic to engage in the lumber trade on this coast. The steamer Lucy Neff, a vessel of about 759 tons, has been bought by the Miami Lumber Company, and also another steamer of about 450 tons, Captain James Dickie was sent East by this concern to secure vessels available for the lumber trade, and he selected these two.

The Riverton Lumber Company has secured the steamer Harlow, and Captain Sandberg will bring the vessel around to this coast. The steamer John C. Howard, which was bought some time ago by the Robert Dollar Company, is out twenty-eight days for this port, and the steamer Winnebago, which is now the property of the Coast Shipping Company, has not yet been posted as sailing from New York.—Examiner.

## Peter Loggie Returns.

Peter Loggie, of North Bend, who went to Washington last Winter with Orville Dodge, of Coquille City, to work for harbor improvement in the interests of Coos Bay, arrived in Portland yesterday and registered at the Imperial Hotel, where he told of the results he and his associates had accomplished through the effective co-operation of Senator Fulton for Coos Bay.

Mr. Loggie had three interviews with Senator Burton, chairman of the rivers and harbors committee, as a result of new light thrown upon the Coos Bay project, recommended in the appropriation bill an item of \$100,000 for a dredger, \$60,000 for the completion of the jetty at the mouth of the Coquille River, and \$3000 for the removal of snags and other obstructions in rivers that flow into the bay. A new survey was also authorized for the bar, which will mean a further appropriation when the engineers make their recommendations to the next Congress.

Chairman Burton said he was glad to know that there could be found on the Oregon coast a bar channel of 40 feet depth. He said he had been looking for such a channel on this coast and thought from the data he then had that the channel could be made 50 feet instead of 40.

"It was current comment in Washington," Mr. Loggie said, that "Oregon never had a better pair of Senators than Fulton and Bourne."

Mr. Loggie leaves in a day or two for Coos Bay, well satisfied with the results of his trip.—Telegram.

### Two New Songs.

We are in receipt of two new songs from the composer, W. D. Reedy of Marshallfield, entitled "Touched by the Lips of Love" and "You are the Sweet Budding May." Both of which are excellent compositions. The author has a limited number of these copies as the publishers have retained the sole rights. You may secure both copies by sending 35c to the Haynes Music House at Marshallfield or to the composer. This offer is for a short time.

## Find "Floaters" in the River

### LODGE ON MUD FLATS

### City Authorities Will Prosecute any Person so Violating Law

There has been a practice of throwing the carcasses of dead animals into the river and allowing them to float down to the sea. Unfortunately they are landing on the mud flats in Bandon and causing much discomfort to the residents near by. Marshal B. Jess reports two new "floaters" this week, making three in the past two weeks. One landed near the shingle mill and the other near the old Kime building. The odor smelled to high heaven, and passers-by with frequent application of their handkerchief and much cologne, were able to proceed on their way.

One was a yearling steer and the other a calf. They landed in such a position so as to make it impossible to haul out of the river, and so had to be turned loose at ebb tide and allowed to go to sea. By the time they make their next port it will not be necessary to use a spy glass for their location.

There is a heavy penalty on disposing of carcasses in this manner, and if this is continued, the local authorities propose to investigate the matter thoroughly, and will prosecute to the fullest extent of the law.
