Orvil Dodge Visits Bandon.

On Tuesday last Mr. Orville Dodge of the Coquille Valley Sentinel visited Bandon for the first time since his return from Washington where he was sent by the Coquille River towns to work in the interest of an appropriation by Congress for the further improvement of the Coquille River Harbor. It was well known to our citizens that Mr. Dodge had been successful in his efforts beyond the expectations of those who sent him, and even himself. It was but natural that our citizens should give to him a hearty welcome and show some appreciation of the value of his services. Mr. Dodge was accompanied by Col. D. S. Corser, of New Hampshire, who rendered material assistance to Mr. Dodge in his work in Washington. The coming of these gentlemen was not previously known, and it was only after their arrival on the noon boat that our people were apprised of the fact. An impromptu meeting was held in the evening attended by a goodly number of representative business and professional men. Brief addresses were made by Mr. Dodge and Col. Corser. It became more and more apparent as the explanations were made that but for our representative and the information furnished by him to the Chief Engineer of the United States, that the appropriation of \$60,000 would not have been made.

One fact of interest to our people developed during the meeting, is that the Coquille River is second to the Columbia only in the State of Oregon in its output of lumber. This fact, when brought to the attention of the chief engineer induced him to increase the amount recommended for this harbor, without which it would have been impossible to secure the appropriation.

Their remarks were enthusiastically received by the audience and the gentlemen accorded a warm and hearty reception. Short addresses were then made by Col. R. H. Rosa, G. P. Topping, and T. B. Wheeler. After extending to Mr. Dodge and Col. Corser a vote of thanks in appreciation of their good work done in the interest of the Coquille Valley and Coos County, the meeting adjourned. We can assure the visiting gentlemen that they will always be welcome guests when they visit Bandon which we

hope they will both do frequently.
