

Trade's Carnival in Bank Hall Last Saturday Evening a Success

OVER FOURTY FIRMS REPERESNTED IN DRILL

Large Attendance to Witness the Drill - Approprtate and Beautiful Costumes - Proceedes to be Used for Maintaince of Reading Room.

The Trades Carnival held last Saturday evening in the Bank Hall was certainly a grand success and a credit to the Ladies' Art Club, under whose auspices it was given. With no exception the ladies who represented the various business places, were appropriately dressed for the representation of their firms, and made a very beautiful drill.

The drill was somewhat lengthy, but arranged in such a manner as not to become monotonous, and the costumes of the ladies were displayed to their best advantages. The drill was under the management of Mrs. A. G. Erickson, who had worked out several very effective settings, among which were the letters representing the Ladies' Art Club.

The hall was appropriately decorated in the colors of the organization, old gold and purple, and a profusion of fancy work was shown on the walls that would bring joy to the heart of any connoisseur. The Seaside Orchestra, of six pieces, played for the drill, and the ladies kept step by the strains of Neil Moret's famous march intermezzo, "Moonlight," which was appropriate for the occasion.

Following the drill, came the ball which lasted until the wee hours. All participants had a good time, and this has been the largest attended function for some time. The ladies have had much success with their entertainments, and as they are planning for another in the near future, they may rest assured it will be well patronized.

Following are the participants in the drill and the firms they represented:

Baseball on the Fourth.

One of the greatest baseball games of the season, full of sensational hits, runs, scores and ginger, will be played between two local teams on the Bandon Park grounds on the afternoon of the Fourth. Captain Moss Averill has rounded up a bunch of has-beens, ex-profes, and men of years as well as ability, which he proposes to run up against the League regulars, under Manager Ben Schuyler. Membership in the Coos County League will be the stakes played for, and Averill intends to send the leaguers back to the tall timber. C. R. Wade, in charge of the athletic department of the day's program, has arranged for an exhibition game between the two above teams, free of charge to all spectators. The game will be called at two o' clock, and will continue for 6 innings whereupon the game will be concluded and the rest of the afternoon will be given up to racing, and other sports. The lineup of the dark-horses will be: C. E. Holjopeter, catcher; Joe Spangler, pitcher; Chas. Martin, 1st base; Swift, 2nd base; Averill, 3rd base; Dwiggin, short; Hulton, Haun, and Beyerle fielders. Manager Schuyler's team will probably be the regular lineup. Don't miss it, you will probably get your money's worth.

Here's to the Hired Girl.

God bless the girl who works! She is brave and good and noble. She is not too proud to earn her own living nor ashamed to be caught at her

daily task. She smiles at you from behind the counter, desk or printer's case. There is a memory of her sewed up in adage, climbing, struggling, rejoicing. The sight should be an inspiration to us all. It is an honor to know this girl and be worthy of her esteem. Young man, lift your hat to her as she passes by. Her hands may be stained by dish washing, sweeping or factory grease, but it is an honest hand and a helping hand. All honor to the brave girl who is not afraid nor ashamed to toil.—Ex.

1 Woman and a Chinaman.

Fifty-four applicants for admission to the bar took the examination before the Supreme court last week. Of these one was a woman and one a Chinese, the latter being Seid Back, Jr. Out of consideration for the feelings of who may fail, the Supreme court will not make public the names of those taking the examination, but in a few days an announcement will be made of the names of those who passed.

The Board granted a telephone franchise to Louis Dooner, notwithstanding the Pacific States agent was there and made strenuous opposition.

The bid of R. H. Rosa for the improvement of Atwater Street was accepted, the same being \$2.65 per lined foot for an 18 foot bridge.

Charles McCulloch was elected City Surveyor, and instructed to obtain the grades upon the various streets where sidewalks are to be built, and to establish the grades and estimate the assessment upon the streets to be graded.

C. R. Wade was elected City Attorney.

The occupation tax, Ordinance No. 76, was voted to be repealed, and ordered that an ordinance to that effect be drafted and presented at the next meeting.

Monthly bills were ordered paid, and other matters of minor detail transacted, and the meeting adjourned for 24 hours.

Did You Know?

Here is the human biography in a nutshell: Born, welcomed, caressed, cried, fed, grew, amused, reared, studied, examined, graduated, in love, engaged, married, quarreled, reconciled, suffered, deserted, sick, dead, mourned, buried and forgotten.

The Japanese are fond of bathing. In Tokio there are eight hundred public bath houses in many of which a person can obtain a bath, hot or cold, for a sum equal to one half penny. In all American cities there should be cheap bath houses and free toilets in the downtown districts.

There is a girl in an Indian city who is five feet, two inches tall and can kick six feet, eight inches high. She kicked an apple off the top of a plug hat that was on the head of the editor of one of the local papers. The apple was of the variety known as the "Maiden Blush," but in this case the editor blushed more than the maiden.—Ex.

Thaw Show.

We see by various fence posts that a moving picture show will blow into town Saturday evening. Their headliner seems to be a synopsis of the Thaw trial, one of the filthiest cases ever brought before the American public in the courts, and one that should have been suppressed. It is something that common decency should forbid, and is not to be aired before children through any such means. It is a well known fact that many of the films of this nature are posed in an opera house, and are not used to promote the proper sentiment, but is added to a program to attract a certain class of people who demand spice of this sort for an evening's entertainment.

Bandon vs. North Bend.

The Bandon Base Ball Association have re-organized, and have secured some ball players that on their try out showed they could make good. There is yet a chance for the boys to reclaim the honors of the town, and can make a flying finish at the close of the season that will be a credit to the old timers that used to twirl the horse's hide. Manager Schuyler informs us that the new team will play Sunday in the game with North Bend on the local diamond, and he expects to get a walk away with the new men.

The game last Sunday at Coquille was a frost of the worst order. A pick up team, representing Bandon, without a battery, played the league team at the county seat and were trimmed to a frazzel. There are several reports as to the correct score, but as near as we can learn it was 21 to 1, which has Mr. Wm. J. Bryan's platform skinned a city block. To do the local boys justice, we will say that there were only four of the members of the Bandon team in the game, and they could hardly be expected to do much without a battery.

With new men in the field and a little practise, the boys will yet redeem themselves. The game Sunday will tell the story and a large crowd is expected to be present, as there are a number of local fans that are taking unusual interest.

Two New Steam Schooners

Ready For Launching Soon

"DAISY," PRICE'S SHIPYARD; "BOWDOIN," PROSPER

The "Fiefield" Will be Launched on Saturday, July 20th and the "Bowdoin," Sister Ship of "Wellesly" the Fore Part of August.

Bandon's Ship Yards have not done a great deal of basking in the lime light of publicity, but nevertheless they are turning out vessels that are a credit to any place. Capt. J. W. Maloney, of the shipyard at Prosper, reports his vessel will be ready for launching in August. It will be christened by his little daughter Leona, and is a sister ship of the Wellesly.

The steam schooner Daisy, which will be launched at the Price shipyard on Saturday, July 20th, is rapidly nearing completion, and the finishing touches are bringing out her graceful lines. She is owned by S. S. Freeman, of San Francisco, and is being built by G. H. Price. Her dimensions are: 203 feet in length, over all; 39.6 feet in width; 14 foot hold, and is calculated to carry 800,000 feet of lumber in her hold.

The Daisy will be towed empty to San Francisco, where she will be

equipped with the latest improved 500 horse power compound engines, and with Babcock & Wilcox boilers. Her speed will be 10 knots, and she will have a draught of 19.6 feet. Contrary to the custom of having her towed to the Bay where new vessels are loaded with lumber and then towed to San Francisco, she will be towed light, owing to the extra delay that the loading and towing would occasion.

She will be placed on the Gray's Harbor-San Pedro run. This makes the second vessel launched in our river this year, and there will probably be three more before fall. This is a good record and will show up well against that of any seaport.

The Estabrook vessel, Fiefield, which G. H. Price is also building, will be launched in about 6 weeks. A. F. Estabrook and party were at the shipyard last week, and expressed himself as being very well pleased with the work done to date.
