Number 29

Bandon vs Marshfield

THE SCORE: 4 TO 1

Good Exciting Game and Bandon Boys Are Good Losers

Last Sunday morning the local Base Ball team, accompanied by the Bandon Concert Band and a good sized crowd, left for Marshfield where the boys were scheduled to play ball. The boat left shortly after seven and the trip up the river was most enjoyable excepting when they ran into a heavy fog about half way to Coquille. The excursion train was waiting for the boat at Cedar point, and between the Myrtle Point and Coquille crowd, and the delegation from Bandon, the train was loaded to the guards.

It has been a long time since any of we Bandonians have had the opportunity of seeing, much less riding on the real "Choo Choo" cars, and naturally shied when the engine pulled in but after taking the row call from the numerous tall pines and telegraph poles, the crowd was re-assembled and the balance of the trip was made in much less time than it took to go up river, but with a good deal more personal inconvenience.

The excursionists reached Marshfield about half past twelve, and after dinner, the Band gave a short concert in the main street in front of the Blanco Hotel which the Bay residents showed their appreciation by their hearty applause.

The game was called shortly after two o'clock on the Depot Grounds. Bandon went to bat and everyone took a crack at the ball. With the bases full Blackerby managed to sneak home, but the rest all had funerals on their bases. Marshfield got a man around on their side, owing to a rank decision by the umpire.

The next two innings were a series of goose eggs, and then in the third the Bayites chased another man around the diamond. Again in the seventh inning, after some more goose fruit, Marshfield got a couple of men home on a high throw to first. The eighth was a one, two, three affair.

The lineup for the Bandon team was the same as last Sunday when North Bend met her Waterloo, with the exception of Ray McNair who did the center field stunt, and pulled down five nice flies during the game, which alone helped some.

Bill Hohn did the twirling of the whole game. Harry Walker was out in his togs, but as the kid was doing nice work and his arm was not up to condition, he stayed on the bench. Marshfield got two hits off Hohn, against the three from them. He hit one man and another man struck at a low ball which the catcher could not get his hooks on, and both got around the bases.

The boys played a great game, and even if they did not walk off with the honors, they showed that they had passed the pumpkin twirling stage and could get their sticks on the ball almost every time it came their way. At the close of the game the score stood 4 to 1 in favor of Marshfield.

The excursionists left Marshfield at six o'clock and arrived at Bandon shortly after ten.

Coquille crossed bats with North Bend and wiped them up to the tune of 7 to 2. We understand they carried away something like \$1500 of North Bend's good hard dollars on the game. Bandon will play Coquille next Sunday.

Foresters Install.

The Foresters of America had big doings at their regular meeting night last week, Friday. A class of three were initiated and there was installation of officers. After the meeting there was a banquet prepared for the gathering in the Pacific Grill Rooms. The party broke up in the wee small hours and all declared that for a good time the Foresters has them all faded.

Elda Sofe Johnson.

Died:—At her home on Bills Creek, near Bandon, on Tuesday night at 10 o'clock. The deceased is the wife of Mat Johnson, who is well known here, and is the mother of four children, the eldest of which is but five years old and the youngest fifteen months. Mrs. Johnson was well known in that vicinity and had many friends who will miss her greatly. She came to this country eight years ago and has lived here ever since. She died of Pulmonary Tuberculosis which has troubled her for the past two years.

Dr. Prentis, Dentist, has leased rooms in the Deveraux building next to the Post Office and will locate permanently in Bandon August 1st.

Ice Cream Social.

The Ladies Aid Society of the M.E. Church will give an Ice Cream Social in Concrete Hall August 3rd 1907. A short Program will be rendered.

The Cause of a Clean Senate.

The Oregon political machine has doubtless decided that the direct election of United States senators is unprofitable.

It leaves the legislature with nothing to do but ratify the expressed will of the people.

The corporations and the big grafting politicians who handled the big sacks before and during the election oppose popular election.

Hence the machine organs decry the direct nomination and the direct election of United States senators.

Hence the machine candidates have come out early in opposition to direct nomination and direct election of United States senators.

The Republican leaders in Oregon have nearly all gone back on statement No. 1. What does it mean?

It means that the Aaron Burr and Benedict Arnold class of politicians have no use for a simple and easy method, free from corruption.

The cause of a clean United States senate is being abandoned in Oregon, under the guise of protecting the Republican party.

The Oregonian of July 9th had the following editorial, which you can read both ways:

"Five or six men are starting in already to get the Republican nomination for the office of United States senator. A word right here to these enthusiasts. If they don't know it they ought to know it, that the man who may get the plurality nomination will be 'knifed' in the general election by the supporters of all the best, and the Democratic candidate will come out ahead. This will shelve every one of the Republican candidates; and the legislature then will decide it by election of some man who was not in the running. In general it may be set down as absolute that the majority party, under the present primary system, never will elect a candidate to any leading office. It might be a good thing for aspiring politicians to note this, and then clip the wings of their ambitious desires."

In other words, we are unwilling to go before the people upon the principle of a clean senate.

Opportunities and the Resources of Bandon and Vicinity.

A CLIMATE that alone offers inducements of greater magnitude to the seeker of health, than anything else. Warm winters and cool summers. The sea breezes impart life and vigor, and drive the heavy fogs, common to localities near the ocean far to the inland.

GREEN GRASS the year 'round which the stock raiser can readily see great possibilities in his line. The finest grazing facilities in the world.

SAW MILLS, Ship Yards, Shingle and Broom Handle mills, Woolen mills, Government Works, and all branches of Commercial lines well represented; all of these, and more, are favorable conditions for the laborer and mercantile investor.

SMALL FRUITS thrive and the climate is such as to cause long seasons, which stand the local Horticulturists in a way to become dangerous rivals to Hood River.

FISHING AND HUNTING that is unsurpassable. The brooks are filled with trout, and an abundance of wild game abound the hills and valleys. Spend your vacation here, you will never regret it.

Coos Bay Man in Trouble.

Chester Dudley, a Coos Bay man, is in trouble at Walla Walla, having been arrested on a charge of assault upon the person of Hugh Edison, a citizen of that place. He claims that his father was treasurer of Coos County, Oregon, and secured an attorney to defend himself. He says there is absolutely no basis for the accusation made against him by Edison. The trial was postponed until Dudley could communicate with his father. Edison claims that Dudley held him while a companion struck him over the head with a blunt instrument.—Times.

For Sale.

Two yoke of cattle and one Bain Wagon good condition. Will sell them cheap if sold at once. Address C. G. Kennedy, Bandon, Oregon.

Jockey Club.

We see by the Gold Beach Globe that there is a good deal of talk about organizing a local Jockey Club at Wedderburn. They have some horses in that country that are reputed to go "some" and an organization of that kind will no doubt flourish.

The Bandon Hardware Company have a regular Fourth of July window arranged. You want to see it.

Notice.

To whom it may concern: Notice is hereby given that I, G. Schmalz, of the City and County of San Francisco, State of California, will not be responsible for any debts contracted by my wife, Mrs. Anna Schmalz, she having left my bed and board. Dated July 5, 1907.

C. SCHMALZ.

Seven and one-half Chicken Ranches.

I have divided my land into a little over seven sections containing five acres each which I have on the market. These will make excellent chicken ranches, and the land is adapted to the culture of small fruits. A sixty foot right-of-way passes through fronting each tract. They lay two and a quarter miles south of Bandon near the plank road, and sell for \$60 and \$65 an acre. These lots are not in the hands of any real estate dealer, and I do my business direct with you. Call on or address,

C. H. CHANDLER, Bandon, Oregon.

Notice of Tax Liens.

Notice is hereby given by authority of the Board of Trustees of the Town of Bandon, Coos County, State of Oregon, made upon the 16th day of July, 1907, and duly entered in the Journal of Proceedings for that day, that an assessment has been levied against the following described property, and the same has been entered in the docket of Town Liens, said entry being made pursuant to Ordinance No. 85, which provides for the improvement of Atwater Street and the Extension of First Street. This notice will be published for the last time upon the first day of August, 1907, and within five days thereafter, namely upon the 6th day of said month, the assessments so levied on the following described property must be paid to C. Y. Lowe, Treasurer of the Town of Bandon, and a duplicate receipt therefor filed with the Recorder, or Execution will be issued thereon according to law.

Administratrix and Guardian Notice.

Notice is hereby given that the undersigned has been duly appointed by the County Court of the State of Oregon, for Coos County, as Administratrix for the estate of Niels A. Pederson, and Guardian of minor children.

Therefore, all persons having claims against the said estate are notified to present the same, duly verified, to the undersigned at the office of C. T. Blumenrother, in the Town of Bandon, in said County and State, within six months from the 18th day of July, 1907, the same being the date of the first publication of this notice.

Dated this 18th day of July, 1907.
MRS. GERDA PEDERSON,
Administratrix of the Estate of Niels A. Pederson, and Guardian of Minor Children.

Littlefield-Manciatt.

The many friends of Warren Littlefield and Miss Estelle Manciatt were surprised at the announcement of their marriage at six o'clock last Tuesday morning. The groom was formerly of Bandon, but now employed with Wakefield and Jacobson, as engineer in Portland, and was in Bandon on his vacation. The young couple decided to be married at once so as to return to their new home together.

The ceremony was conducted at the home of the bride, Reverend Horsfall officiating. Both young people are well known here and have a host of friends that extend their best wishes for a long and happy voyage over the sea of matrimony. They left on the Breakwater for Portland.

This County to Raise Grain

SAMPLES SUBMITTED

Land Here Will Raise 25 Pounds of Potatoes to the Hill.

The fact seems to have been taken for granted for a long time past that the land in and around Bandon was a failure in an Agricultural Way. It had put forth all of its energy in raising the magnificent trees and was practically worthless after it was logged off, excepting for grazing purposes. True, what land contained coal or other minerals might be worth more, but on the whole the agricultural possibilities were taken for granted.

This week A. Henry brought samples of some grain that had been raised on a couple of lots near his residence. He planted the grain with the view of seeing just what it would do, and the results have been surprising. Understand, this was not cultivated and did not receive the care and attention that is given in the grain belts.

The wheat submitted at this office stood a good four and a half feet from the floor and had large heavy heads, all of which were well filled and would make glad the heart of any of our eastern farmers. It was of some winter variety, as Mr. Henry planted the grain last fall.

The oats were at least six feet high and brought back the pleasant memories of the golden harvestfields of Minnesota. They are not quite ripe and undoubtedly would stretch out a few more inches before maturity. We did not learn of the variety.

The barley was about the same height as the wheat—4½ feet. It is hard as bone and positively dem-
