BANDON, OREGON, THURSDAY, AUGUST 15, 1907

Number 33

## South Western Veterans' and Pioneers' Re-Union

August 28, 29, 30

WILL HOLD CAMP AT BANDON-BY-THE-SEA

Speaking, Camp Fires, Band Concerts, Are Being Arranged.

Grand preparations are being made to welcome the South Western Veterans' Association and the Pioneers in Bandon the last of this month, August 28th, 29th and 30th. The committees ask that all of the patriotic citizens extend a helping hand to assist in the programs on these days. The old veterans are not as lively as they once were and cannot arrange and enlarge the program as they wish to. It is time the younger generation helped in these matters, and all are asked to assist the various committees.

We are going to put on a gala attire for these three days; the streets will be decorated; business houses will decorate their store fronts and arrange appropriate window displays; the band will furnish music every day and evening, and everything will be done to extend a warm welcome to these visitors. During these three days there will be hundreds of people in town, many of them will make this their first visit here. Let us impress them with our town by the sea. The boats are to make special excursion rates, and there will be a special

day for an excursion from the Bay. Tents will be erected on the old parade ground and arrangements will be made for the accommodation of the many who will drive here in wagons. In fact, everything will be arranged for the convenience of the visitors.

An invitation is extended to not only the members of these two great organizations, but to everyone. The camp fires are becoming fewer each year, and the grand old men of the bronze badge, and those who made the way for us over the plains and over the mountains, are rapidly responding to the roll-call from above, where there will be no hardships and toil and their weary march will be ended. Many are spending their vacation at the beach, and more contemplate coming. Let all participate in these three days' revival of the old days.

Huge camp fires will be made each evening and old war and early reminiscences will be talked over; battles will be fought over; the early frontier days will be recalled, and old friends will meet again who have not seen each other since the last encampment. The old war time songs will be sung and many a tale not yet recorded will be told of the early days.

A program is now being arranged and will be printed in full later in this paper. Able speakers will be secured and an effort will be made to have a stronger and better program than ever. Everybody can help, at least by decorating the residences with flags and bunting. Let

this be three continuous days of pleasure, from the dawning of Wednesday the 28th, to "taps" Friday night.

### Communicated.

In an issue of the Bandon RECORDER of recent date, a gross injustice was done to Deputy Game Warden Wright, by charging him with having killed deer while he was an officer. When he killed the deer on a prospecting tour, for which he was unjustly fined, he was not, and never had been, a Game Warden; and the RECORDER was misinformed by some on who was ignorant of the facts or who maliciously lied. We ask the RECORDER, in justice to an able and efficient officer, to make the necessary correction.

Editor Bandon RECORDER;

In the Port Orford Tribune issue of August 7, 1907, appeared a criticism of an article published by you concerning M. T. Wright having killed deer, contrary to law, while an officer.

Now, the facts are, that he was a duly elected qualified and acting constable, and as such ex-officio game warden, besides, he had been, prior to the time referred to, appointed deputy state game warden, and inquiry at the Sec. of State's office will soon prove the latter fact.

The Tribune has willfully misstated the matter from the first.

Geo. W. AXTELL,  
Port Orford, Oregon.  
Aug. 14, 1907.

### Uses Wood Fiber.

Mr. Irwin has been experimenting with the new wood fiber plaster since he came to Bandon, and finds it admirably adapted to this climate. It is not very well known here, but is extensively used throughout the west. The lasting qualities make it better suited for all general purposes. After it is once on one can drive nails into it, and in removing a section of the building, it can be sawed through and will not crack. The buildings at the Portland Fair were plastered on the outside with it, and it has stood the test of the rains and weather even better than was expected.

Jos. Walser has his new house plastered with it and is well pleased so far. While the cost is a little more than that of plaster, it will pay for itself in the end. The new addition to the Gallier will be plastered with wood fiber.

### Fire in Logging Camp.

Monday night the logging camp on Seven Mile Creek above Rocky Point was destroyed by fire. The estimated damage to cut logs and timber is in the whereabouts of \$5000. A donkey engine which was in use at the time was burned. The cause is unknown, but it is attributed to a spark from the donkey engine.

The fire was very plainly seen from here. The heavens were lit up for miles around and the fire is still burning as we go to press.

### Notice.

Some person with a light fingered tendency purloined a digging bar from in front of the telephone office and to avoid serious consequences are advised to return same before steps are taken to recover the property. LOUIS DOONAR.

COAL FOR SALE.—First-class coal at \$3 per ton in sacks or \$2.50 in scow loads. Leave orders at Peterson's Landing, above Riverton.

CHAS. PETERSON,  
Riverton, Oregon.

If it is pair of shoes you want, you will find them in the proper styles, Prices and sizes at Lorenz & Hoyt

## Bandon Wins at North Bend

BANDON 4 - N. BEND 0

Boys Play a Great Game, 2 Hits and Few Errors are Features

The Bandon base ball aggregation played at North Bend last Sunday and left a trail of defeat for the harbor boomers that is only smoothed with the consolation that the boys had to work hard for the game. It was a great game, one of those kind you could have seen played in the big leagues. Few errors and a close score. We walked away with four runs against a basket of goose-eggs, but they all came hard, and really the boys were entitled to only two runs. A wild throw let a couple of men play tag around the bags along about the fifth inning.

It was naturally expected that the visitors would return home with another hole punched in their score card, as they have not been playing very strenuous ball this season. A walk away was certain and then North Bend would have tied Marshfield for second place in the league. This game was miscalculated and with the next couple of games, which the home boys will capture, for they are easy, will give us a little better percentage.

The first time up to bat gave us a couple of tallies and until the last ball was pitched, the game belonged to neither team. Hohn, the kid pitcher, was up on his toes and played the game in a way that brought joy to the hearts of the old fans. He struck out twelve men and they could only get two hits off him. Naturally he feels pretty good about it, and if he can do as well the next two games, the last of the season, he will have a feather in his cap. Rosa caught the game and there was no kick coming. Devereaux got into the game again and did some fine work around second. All of the boys did themselves credit and had they started out this way in the beginning of the series, the pennant would have a sure home here.

A spectacular catch was made by a fielder. In running after a fly he fell and caught the ball while lying on his back.

We go to Coquille this Sunday with the firm determination to add another scalp to our belt. It is to be hoped there will be less of the baby act and more ball playing this time. A return game will be played here a week from Sunday. This will close the season, and the local fans are looking forward to an interesting game.

The North Bend boys treated the team royally. No fault was found with the decisions and it was a clean game throughout. They are a gentlemanly team and are clean ball players from the start. The umpire was good. Simpson donned the togs in the first inning, but the little pitcher handed him a bunch of cork-screw twists, and he decided the bench looked good to him.

### Marine Intelligence.

Notice to Mariners—Suisun Bay—California. List of Lights, Buoys, and Baymarks, Pacific Coast, 1907, Page 32. Notice is hereby given that Upper Junction Buoy, Suisun Bay California, a 1st-class spar was reported adrift Aug. 1st. It will be replaced as soon as practicable. By Order of the Lighthouse Board, R. F. Lopez, Commander U. S. N. Inspector, 12th Lighthouse Dist.

You can get the latest sheet music at Lowe's Drug Store.

## Will Entertain the Visitors.

At a special meeting of the Bandon Development Association this week, a committee was appointed to provide entertainment and reception to the Coos County teachers who will attend the Teachers' Institute to be held here August 20th, 21st and 22d.

The committee will arrange for a banquet on one of the evenings the teachers are here, and will arrange a program for the affair. The orchestra will furnish music during the dinner, and toasts and speeches will be in order.

The band will give concerts every evening while they are here, and everything will be done to make their stay pleasant.

## MARINE

Aug. 11.—Schr Advance, Ogidinssen, from S. F., 33 tons mdse.

Aug. 13.—Str Elizabeth, Olsen, from S. F., 142 tons mdse.

Following is the Elizabeth's passengers list of August 13th from S. F.:

Miss L. Schrieber, Victor Breuer, Capt. C. C. Bruce, E. Watson, R. M. Connell, L. Cunningham, R. C. Machachlan and wife, B. W. Parmenter, J. E. Wallace, B. C. Wille, W. H. Hodge, C. K. Ort and W. F. Guy.

### Presbyterian Church.

The Rev T. B. Griswold of Albany, Oregon, will preach next Sunday Aug. 18, both morning and evening. Mr. Griswold is representing the interests of Christian educator and everyone is cordially invited to hear him. Services at 11 A. M. and 8 P. M. Sunday School and Christian Endeavor as usual.

Dr. Prentiss, Dentist has leased rooms in the Devereaux building next to Post Office and will locate permanently in Bandon August 1st.

## School Opens Tuesday, Sept. 3

H. C. OSTEIN, PRINCIPAL

Several of Last Year's Faculty Will Return this Year.

The public and high schools will open here on Tuesday, September 3rd. Since Monday is Labor day, the school work will not commence until the day following.

Prof. H. C. Olstein, of Onio, late of the Sunnyside schools, Washington, will have charge of the schools this year. He is a thoroughly competent instructor. Mr. Olstein, is a graduate of the University of Ohio and Nebraska. He has had considerable school experience, and the board look to him to raise the standard of our schools.

Miss Carrie Rodine, a Coos County teacher, will be assistant principal and is also qualified to take charge of the high school work. The balance of the faculty are well known having taught here before, Misses Thiele, Collier, Yeo, Logan and Davies.

The entire high school course will be given, and an effort will be made on the part of not only the board, but the faculty to establish a higher standard for the school in all its branches.

Teachers institute will be held three days next week in the school building and teachers from all over the county will be present.

### Lost.

I lost my blue hand bag on the 8th of Aug. 1903 containing green-backs and silver, something like \$40, between the Racket store and Masts' store I think. If the one finding it will please be honest enough to leave it at the Bandon RECORDER office, and state their reward, I will ask the Lord to send them peace and prosperity, meaning much to any one.

MRS. ALICE NIELSON,  
Port Orford, Curry Co. Ore.

## Opportunities and the Resources of Bandon and Vicinity.

A CLIMATE that alone offers inducements of greater magnitude to the seeker of health, than anything else. Warm winters and cool summers. The sea breezes impart life and vigor, and drive the heavy fogs, common to localities near the ocean far to the inland.

GREEN GRASS the year 'round which the stock raiser can readily see great possibilities in his line. The finest grazing facilities in the world.

SAW MILLS, Ship Yards, Shingle and Broom Handle mills, Woolen mills, Government Works, and all branches of Commercial lines well represented; all of these, and more, are favorable conditions for the laborer and mercantile investor.

SMALL FRUITS thrive and the climate is such as to cause long seasons, which stand the local Horticulturists in a way to become dangerous rivals to Hood River.

FISHING AND HUNTING that is unsurpassable. The brooks are filled with trout, and an abundance of wild game abound the hills and valleys. Spend your vacation here, you will never regret it.

RESOLVED THAT A BARREL IS A NICE COOL THING TO WEAR—BUT WHO WANTS TO WEAR A BARREL WHEN WE HAVE APPAREL THAT IS JUST AS COOL AND LOOKS MUCH BETTER BUSTER BROWN

R.F. Outcault

92

COPYRIGHT 1906 BY THE BUSTER BROWN CO. CHICAGO. BARREL APPAREL.

MUCH CLOTHING THAT IS SOLD FITS LITTLE BETTER THAN A BARREL. WE ARE NOT ASHAMED FOR A MAN WHOM WE FIT OUT TO LOOK AT HIS BACK. EVEN NEGLIGEE GARMENTS MIGHT JUST AS WELL BE PROPERLY CUT. IT COSTS NO MORE BUT SO MANY MANUFACTURERS ARE CARELESS. THEY DO NOT WISH TO MAKE GOOD THINGS BUT THINGS "JUST AS GOOD." A THING THAT IS JUST AS GOOD CAN BE NO BETTER THAN A GOOD THING. WE DO NOT CLAIM THAT WHAT WE SELL YOU IS "JUST AS GOOD," BUT THAT IT IS "GOOD." WOULD YOU NOT RATHER HAVE SOMETHING GOOD? COME TO A GOOD PLACE. WE HAVE SOME "GOOD" THINGS.

RESPECTFULLY,  
**O. A. Trowbridge**
