Freewater, Ore.—The Fruitgrowers' Union shipped yesterday by express a crate of prunes to Governor Chamberlain. They are the largest and most beautiful prunes ever raised in this valley, and are sent as a gift to the Governor as a specimen of what Freewater can do in the prune line. They are Italian prunes and were packed in the box four by five and three deep, 60 prunes to the box, 220 to the crate. They were raised by Mr. Conrad, of the Bencke Hall neighborhood.

Washtucna, Wash.—All grain buyers are now out of the market and will take no wheat. Grain companies are having difficulty in making arrangements with the O. R. & N. for cars, and an effort is being made to settle the question by a conference at Portland. The market will be exceedingly quiet. Grain buyers will run no risk of a congestion at the warehouses such as was experienced last year when the grain laid out in the weather and rotted; the loss fell entirely upon the companies.

Baker City, Ore.—The strike which completely tied up the Sumpster Valley road was settled Thursday afternoon, after an all-day conference between President Eccles and the striking engineers. The strikers gained all they asked for, the road granting the men the increase in wages and pay for all overtime. H. E. Wills, second highest officer in the Brotherhood of Locomotive Engineers, came from Cleveland, O., to investigate conditions and superintend the strike. As soon as the settlement was reached a train was made up and sent over the road to relieve the congested traffic. The strike caused great inconvenience to the merchants in Baker City and those along the road, as large amounts of perishable goods were being shipped out.

Roseburg, Ore.—The greatest fair ever held in this district is now on in this city. The exhibit in the pavilion is perhaps not so great in quantity as formerly, but as to quality, it exceeds any previous effort ever put forth. The fruits and vegetables are of such kind as to make a most favorable exhibition of the products of this county. Although the time is not propitious for a large attendance, yet the gate receipts show the attendance to exceed all previous fairs. Grains and grasses that it was thought the county could not grow, are all on hand. In the fancy work department, the quality far exceeds any display ever before collected here.

Some idea of the extent of room necessary to supply the livestock department is obtained when it is found there are over 100 pens and stalls, and not one vacant. All kinds of stock, racers, roadsters and draft and driving horses, as also the finest of cattle, hogs, sheep, goats and poultry are on exhibition. Dr. Withycombe, of Corvallis, is here, and is a judge on stock.

Medford, Or.—Returns just in from three more cars of Medford Bartlets keep up the same general average in the Eastern cities, and it is now quite certain that the general average for the season for the full 70 cars shipped from this district will be at least \$3 per box f. o. b. here. Growers are already beginning to speculate what figures will be obtained for our noted Comice and de Anjou pears, which for two seasons past have led the world in price and which are maturing in the best condition possible the present year. There appears to be no limit to the price which Easterners will pay for these two famous varieties, and this year growers anticipate about \$10 per box.

Hillsboro, Or.—The carnival committee is fast completing arrangements for the carnival and street fair to be held here October 3, 4 and 5. There will be plenty of amusements, exhibits, livestock, games, racing, and chief among the exhibits will be "Grandma" Wood, now in her 120th year. She will be an attraction that cannot be duplicated in the state. The race for queen is now on in earnest and candidates from all

parts of the county have been started, and the finish promises to be lively.

Hillsboro, Oregon—The warm weather, of the past two weeks has enabled the hop growers to garner a large part of the crop and it is in excellent condition. A few of the yards will finish picking tonight and with continued fair weather, next Saturday night will see most of the crop picked and dried. A slight mold has recently appeared in a few yards, but generally the hops are in good condition.

Albany, Or.—Practically all of the homesteads in the upper Calapooia district will be contested and some have been compelled to defend their claims before the county clerk during the past week. It is reported every homesteader in that district will be called upon to defend his entry, and show cause why the same should not be canceled. It is alleged by the contestants that the lands in question are more valuable for timber than for agricultural purposes, and that the claimants are fraudulently endeavoring to gain title to lands that are located in the Calapooia mountains and cannot possibly be used for agricultural purposes.

The cases are being bitterly contested and much interesting testimony is being introduced. The original claimants to these lands made proof on the same about a year ago and have been unable to have their proofs approved sufficiently to warrant the department in issuing a final receipt or patent to them as entrymen.

The Sun Typewriter.

The Sun Typewriter is a visible writer. It is a \$40 machine of rapid speed, perfect work and heavy manifold. It has a universal keyboard and it is guaranteed in every detail. The U. S. Government has adopted it as the standard machine for the department of the army. For perfect print and perfect alignment, it is not equaled by any other machine made.

You cannot afford to purchase a machine until you have failed in your attempt to criticize the SUN STANDARD TYPEWRITER No. 2.

The undersigned has the exclusive agency for southwestern Oregon, and can supply the trade from a stock on hand.

PAINT TRUTH IN A NUT SHELL

When you paint your building there are two kinds of paint to select from:

1st—Good prepared paint ready for use.

2nd—Lead and oil mixed by hand.

You should always choose the good prepared paint. It costs less, wears longer, and looks better.

We can tell you why this is particularly true of

SHERWIN- WILLIAMS PAINT

Come in and let us give you more than a nutshell of truth. The fall is a splendid time to paint.
