

## Christmas Greetings from

### A. J. HARTMAN, Where Quality not Quantity Reigns Supreme.

Two years ago the firm of A. J. Hartman & Co. commenced business on a very small scale in an unpretentious building on Main Street. During the time intervening, our business has grown much better than our highest expectations had been. Over a year ago we moved into our new concrete building which, for the time, gave us ample room for the stock carried, and the rear of the building was otherwise used, but the ever increasing demand for an enlarged stock was such that the whole lower floor will now scarcely accommodate our goods. Our business has grown from practically nothing to what it is now. Why? For the simple reason our policy has been and now is, not to carry shoddy goods; to handle only what we can honestly recommend, and to consider QUALITY above all else. On such a basis what store could but grow? We have tried to cater to the wants of the public and supply their demand, regardless of cost. Space does not permit lengthy discourse on our stock, and we simply refer you to the different brands mentioned below, known the country over for their stability and reputation. Thanking you for your past patronage, and for future favors, and wishing you each and all a Merry Christmas and a Happy New Year, we remain,

A. J. HARTMAN.

#### Clothing.

The prevailing spirit abroad is the selection of Christmas gifts that will please. After all has been said about novelties, trinkets, etc., your thoughts return to "Will cheap, trashy gifts pay for their trouble?" Here today and broken tomorrow, probably forgotten. Why not put your money into something that will not only be appreciated from the standpoint of usefulness!

We refer you to our line of clothing, increased especially for the Holiday trade. The Mendel-Weiner and the Hoffman-Rothschild ready to wear suits for Men, Youths and Boys, are well known. You are sure of wear in purchasing a suit from these two brands. We have different people to please. Some prefer one kind of a garment, some a high priced garment. All classes must be considered and we have a stock of clothing that will suit your pocket-book—Best Quality, Medium Priced Cheap.

#### Gent's Furnishings.

Here is a particular line for particular customers. Men want to look nice. They want the latest in ties, socks, shirts, linens etc. We have them. They speak best for themselves, so as to be convinced, only a call for inspection will demonstrate. A line of Umbrellas and President Suspenders for the Christmas trade will probably assist you in difficulties of the selection of Christmas Gifts.

Men know what the Grizzly Brand Hats are. Everybody wears them, that are particular about their head-gear. A first-class line of Underwear is on our shelves for your approval.

#### Dry Goods.

A line of Dry Goods suffer from an incompetent purchaser more than anything else. Every article is duplicated in many stores in cheap shoddy grades. A first-class article will be bound to suffer. We back our goods up with our reputation, and will always tell you what can be expected of anything bought.

Christmas trade always demands a large line of ribbons and notions. We are prepared for that emergency, and if you cannot find it at your regular dealer, call on us. Dress Goods of all kinds, styles and prices, with the full contingency of linings, threads, buttons, braids, etc. We have goods in on every steamer. It is necessary to have standing orders to keep up with the times in styles and patterns, for our customer's benefit.

#### Groceries.

Again where Quality bespeaks itself from every can, from every package on the shelves and counters. We have the following standard high grade brands: Heinz, S. & W. Canned Goods, M. J. B. Coffees, Shillings, Folger & Co., and others. You can better realize the difference between these brands and the cheaper grades, by trying them. Once you use the standard brands you will use no other. They are put up under sanitary conditions, and will go further than the other kind.

Tinned meats, bacon, flour, Cleveland's Baking Powder, Box Crackers and Cookies. We have them all in the best brands on the market.

#### Ladies' Furnishings.

The particular lady is our best customer. We can appreciate a patron who knows good values and desires the best quality in her purchases. When only quantity and price is considered, oftentimes a good quality article has to suffer. More care should be taken to buy goods that wear and give satisfaction. It is always money saved in the end.

We call your attention to our line of Cloaks and Rain Coats. Never in the history of Bandon has such a line been carried at prices we ask, quality considered. While the line has been broken, there yet remain a number of garments, with the prices at almost actual cost.

Our line of Millinery is also broken, but in order to close the fall and winter hats out at once to make room for the Holiday goods that already should have all of our display tables, we are going to close them out at COST, and when we say COST, we mean it to the fullest extent. Call and see them.

Waists, Skirts, Underwear, Hoisery, Shoes, etc., may be found complete in this department, and likewise, quality is considered above all else.

#### Shoes.

Shoes for Men, Women and Children, all sizes, styles and prices. The famous Buckingham & Hecht, Mauzy, Reed & Co., and the Little Red School House, Dist. No. 76, will hold their own against all comers. Everything from a dressy shoe, to please the most critical, to a heavy logger's shoe and gum boot. You cannot be disappointed in making your footwear selection here.

Toys  
Toys  
Toys  
Everything in the Toy Line

#### Infants' Wear.

We call your attention to a line found only at our store in Bandon. The demand for ready-to-wear Children's Garments have been such to justify a full line, and there is almost everything in stock you could desire. Little Dresses, Shirts, Bonnets, etc. Call and see them.

#### Worcester Corsets.

We are the sole agents in Bandon for the famous Worcester Corset. You have read their advertising for many years in all of the leading periodicals and are familiar with them. We carry a full line and are sure you will be pleased, if you have not already tried them.

Quality and  
not Quantity  
Our Motto
