Port Orford Notes.

From The Tribune.

Monday morning was the coldest experienced this season. The ground was slightly frozen, and a white frost reminded us that Santa Claus was not far away.

Doctors Tyler, Mann and Granville have all been in consultation over the case of Fred D. Stewart, who contracted Pneumonia, complicated with other features, from recent exposures, and now lies dangerously ill, at his home in Port Orford, but with favorable symptoms as we go to press.

Quite a number of burnt piling have come ashore at Port Orford, also some lumber supposed to have drifted up from Humboldt Bay, from the Sotoyome, which caught fire at sea and drifted ashore at that place.

Some idea of the severity of Thursday's gale may be gleaned from the fact that nineteen trees fell across a mile and a half of road south of Hubbard's creek. Two gangs of men were two days clearing the roads in this district.

The heavy surf of last week closed up the outlet to the lake here, and ran over the sand ridge into the lake for a mile. A lot of steel-heads were thus cut off from entering the lake and the boys have had exciting sport catching some of them.

Thomas Hughes is circulating a petition to the County Court, to abandon the proposed new road from

Sixes to Denmark, and asking that the old road be improved. The petition is being signed by nearly everybody. The matter will come up at the January term, and will require a stiffening of backbones to decide.

Annual Meeting.

The annual meeting of the stockholders of the Prosper Canning Company was held the 20th and a board of directors elected, as follows: R. W. Bullard, C. Hermann and Samuel Nass. The board of directors met and elected the following officers: K. W. Bullard, president; Mrs. S. W. Fahey, secretary and Samuel Nass, manager. The reports of the officers showed the company to be in excellent financial condition.

Panther Scares Folk.

A huge panther is said to have made its lair near the pumping station and in the last two weeks it has been seen six different times by the residents of that district. It is causing considerable alarm among the women and children, and one of the former, who was in Marshfield recently, asked that notice be made of this fact and that the animal be hunted and shot if possible.

The animal has been seen in the same spot near the pumping station each time, and any of the residents of that section can give information as to the exact location to any ambitious nimrods in the city.—Times.
