Many Adherents Favor H. M. Cake of Portland for Senator.

### NEWS OF MANY OF HIS FOLLOWERS.

Antagonistic to the verge of bitterness remnants of the old machine which once dominated Oregon politics have taken up the fight for the defeat of statement No. 1 and all who favor that method.

In Portland and the other large cities of the state, the machine crowd is centering its fight upon H. M. Cake, candidate for the Republican nomination for United States Senator. Mr. Cake is a firm believer in the popular election of United States senators and because of his belief in the people, has incurred the enmity of the old machine politicians. Those who are close to the situation, however, believe that the machine fight against Mr. Cake is the best thing that could happen for his campaign.

The people of Oregon expressed by their adoption of the primary law and Statement No. 1 what they thought of machine methods. The old system had brought shame and disgrace upon the state—had made the City of Salem almost a Gomorrah in the way of political wickedness. Periodicals and newspapers of national circulation pointed to our state as one of sudden political corruption, of disgraceful scandals.

It is in the hope of reviving this old method by the defeat of Statement No. 1 and of Mr. Cake, that the machine politicians have started such a bitter crusade against this new law. Indeed it is their only hope. Under the present system they are without a job. It is impossible for a dictator to sit in his office and say what shall and shall not be done by the people of Oregon. No longer is a saturnalia of bribery and corruption possible in Salem.

Evidences of this hostility on the part of the "system" have been apparent in various towns where Mr. Cake has spoken during his present itinerary. Large crowds have flocked to hear him, but conspicuous by their absence, were the old-time leaders. And in this connection it is a fact worth mentioning that most of these antagonistic politicians are either office holders or have some claim upon those who are at present in office.

The people who are rallying to Mr. Cake's standard are those Republicans who are intensely loyal to their party but who resent any such dictatorial methods as the old machine was wont to use.

It is a foregone conclusion that Statement No. 1 will prevail in Oregon at the coming election. It is also a foregone conclusion that Mr. Cake—the only real active supporter of this measure—will be elected if the Republican voters of this state do their duty and there is no room for doubt but that they will perform that duty.

Did it ever occur to the Bandon Recorder that as you go south from Cape Blanco the climate gets better, but gets worse as you go north? From Cape Blanco to the California line, is a "Terminal Belt," recognized by government, and un-

matched on the Pacific coast, practically fogless, and sheltered from the winds.
