

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength. An unequalled list of cures—40,366 testimonials in two years—proves its merit.

Sarsaparilla—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in compressed tablets called Sarsaparilla, as well as in the usual liquid form. Sarsaparilla has exactly the same curative properties as the liquid form, besides accuracy of dose, convenience, economy, there being no loss by evaporation, breakage, or leakage. Sold by druggists or sent by mail. C. I. Hood Co., Lowell, Mass.

An English newspaper had this death notice the other day: "At Stratford-on-Avon, age seventy-five, William Shakespeare. At rest."

He Aimed High.
To the uninitiated observer some of the gymnastics performed in a game of football are beyond explanation. The story is told of a half-back who complained to his family about the injustice of allowing football players to wear head protectors.

"I should think it was most necessary," said his mother, who had witnessed one game with many tremors. "Look at the front teeth your poor cousin Frederick lost!"

"That may be," said her son, stubbornly, "but look at me, laid up for two weeks with a lame foot just from kicking a fellow's nose gear!"

Lost the Connection.
Mrs. Chugwater, in looking over the morning paper, had come across a line that looked like this:

"I notice that you nearly always smoke when you are writing," said the caller. "Do you draw your inspiration from your pipe?" "No," replied the worse reporter, "I draw smoke."

Mocking His Son.
Michael Callahan, a section boss for the Southern railroad, has a keen Gaelic wit. One warm afternoon while walking along the railroad tracks he found a section hand placidly sleeping beside the rails. Callahan looked disgustedly at the delinquent for a full minute and then remarked:

"If a man loses his pocketbook," said the moralizer, "he thinks the chap who finds it is no better than a thief if he doesn't return it."

"Yes," rejoined the demoralizer, "but if he finds some other fellow's pocketbook—well, it comes like pulling teeth to give it up."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

"Mr. Clugston," said the caller, "you may stop my paper."
"It doesn't fit your pantry shelves, perhaps, ma'am," said the editor of the Spiketown Blizard, sarcastically.
"That hasn't got nothing to do with it." "You've found that you can borrow it from a neighbor hereafter?"
"Possibly you don't like the editorial policy of the paper?"
"No, sir; I don't. My nephew was arrested last week for stealin' a hog, and you didn't say a word about it!"

A Discouraged Digger.
"I see they say that when a diamond passes a certain size it is worth no more than a smaller one."
"How's that?"
"If it's too large it isn't marketable. Nobody wants to wear a diamond as bulky as a glass door knob."
"Is that so? Then it must be awfully discouraging for a man to dig up a sparkler as big as a football!"—Cleveland Plain Dealer.

His Idea of One.
The teacher in the Darktown school was hearing the class in geography.
"What is known as the Great Divide?" she asked.
"Cuttin' a big watermelon!" answered little Rastus with a grin that showed all his ivories.—Chicago Tribune.

NO ONE CAN ALWAYS AVOID

Catching Cold on the Street Car

Many people persist in riding on the street cars, insufficiently protected by clothing. They start out perhaps in the heat of the day, and do not feel the need of wraps.

The rapid moving of the car cools the body unduly. When they board the car perhaps they are slightly perspiring. When the body is in this condition it is easily chilled. This is especially true when a person is sitting.

Beginning a street car ride in the middle of the day and ending it in the evening almost invariably requires extra wraps, but people do not observe these precautions, hence they catch cold.

Colds are very frequent in the Spring on this account, and as the Summer advances they do not decrease. During the Spring months no one should think of riding on the car without being provided with a wrap.

A cold caught in the Spring is liable to last through the entire Summer. Great caution should be observed at this season against exposure to cold. During the first few pleasant days of Spring, the liability of catching cold is great.

No wonder so many people acquire muscular rheumatism and catarrhal diseases during this season. However, in spite of the greatest precautions, colds will be caught. At the appearance of the first symptom, Peruna should be taken according to directions on the bottle, and continued until every symptom disappears.

Do not put it off. Do not waste time by taking other remedies. Begin at once to take Peruna, and continue taking it until you are positive that the cold has entirely disappeared. This may save you a long and perhaps serious illness later on.

Bad Effects From Cold.
Mr. M. J. Deutsch, Secretary Building Material Trades Council, 151 Washington St., Chicago, Ill., writes:
"I have found your medicine to be unusually efficacious in getting rid of bad effects from cold, and more especially in driving away all symptoms of catarrh, with which I am frequently troubled."

"The relief Peruna gives in catarrhal troubles alone is well worth the price per bottle. I have used the remedy for several years now."

Spells of Coughing.
Mrs. C. E. Long, writes from Atwood, Colorado, as follows:
"When I wrote you for advice my little three-year old girl had a cough that had been troubling her for four months. She took cold easily, and would wheeze and have spells of coughing that would sometimes last for half an hour."

"Now we can never thank you enough for the change you have made in our little one's health. Before she began taking your Peruna she suffered everything in the way of cough, colds and croup, but now she has taken not quite a bottle of Peruna, and is well and strong as she has ever been in her life."

Peruna for Colds.
Mr. James Morrison, 68 East 16th St., Paterson, N. J., writes:
"I have given Peruna a fair trial, and I find it to be just what you claim it to be. I cannot praise it too highly. I have used two bottles in my family for colds, and everything imaginable. I can safely say that your medicine is the best I have ever used."

Giving Him a Painter.
"Naggus," said Boris, "you've seen that story of mine that's running through one of the magazines. How would you advise me to wind it up? I want to give it a happy ending."
"Put all the characters in the story," answered Naggus, "aboard an excursion steamer for a moonlight ride. Send the boat out to the middle of the lake—"
"Yes?"
"And blow it up."

Out of the Dim Past.
Alexander the Great had just subdued Bucephalus.
"Anybody can bust a broncho," he said, "but it takes a man to put the snaffle on a big four-legged devil like this one."
Being shrewd, politic fellows, the cowboys of that age allowed the impression to go out that they were afraid to try to ride the savage beast, and the subservient historians hastened to confirm that impression.

S.S.S. CURES SKIN DISEASES

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our systems and preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When, however, the blood from any cause becomes infected with humors and acids, these too must be expelled, and coming in contact with the delicate fibres and tissues with which the skin is so abundantly supplied they produce irritation and inflammation, and the effect is shown by Eczema, Acne, Tetter, and skin affections of various kinds. These impurities and humors get into the blood through a deranged or inactive condition of the system; the members whose duty it is to carry off the waste and refuse matter of the body fail to properly perform their work, and this impure, fermenting matter is left in the system to be absorbed by the blood. The skin is not only affected by poisons generated within the system, but poisons from without, such as Poison Oak, Poison Ivy, Nettle Rash, etc., enter through the open pores and glands, and so thoroughly do they become rooted in the blood that they are ever present, or return at certain seasons of each year to torment the sufferer. Salves, washes, lotions, etc., cannot cure skin diseases. True, such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause, and at best can be only palliating and soothing. A thorough cleansing of the blood is the only certain cure for skin diseases. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients of the forest and field, is the proper treatment. S. S. S. goes down into the circulation, and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, Poison Oak and Ivy, Nettle Rash, and all other skin troubles, and cures them permanently by removing every trace of the cause from the blood. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

I have used your S. S. S., spring and fall, for the past two years, with the result that it entirely relieved me of a form of Eczema which my doctor was unable to cure. My arms, lower limbs, and, in fact, the biggest portion of my whole body was affected, and when I first began S. S. S. the itching, etc., was worse, but I continued the remedy with the result that the dry, itching eruption entirely disappeared. I think a great deal of your medicine, and have recommended it to others with good results. It is the best blood medicine made, and I can conscientiously recommend it for the cure of all blood and skin affections. CHAS. HORSTMAN, Wheeling, W. Va.
