Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for someone to put the stomach out of order. It will not seem very long until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Bandon Drug Co.
