

BANDON TRIMS

NORTH BEND

Baseball Fans see Ball Hammered all over the Lot

FINAL SCORE TWELVE TO SEVEN

Last Sunday most of the Bandon fans and quite a number of enthusiasts from the bay witnessed a long drawn out, tedious and heart-rendering game of ball between the local team and North Bend, and saw the latter go down to defeat by a score of 12 to 7.

The game started off at a fairly good clip, and the usual amount of yelling was done as the North Bend batters were put out in rotation in the first, but in the second the yelling subsided and when Manyon wiggled around to third and scored on a passed ball by Peralta, groans and sighs were heard all over the park.

The old spirit came back however in the 3rd when Jackson and Causely each marked up one to Bandon's credit.

Herrin went out at first in the fourth, Flanagan struck out and Wilson followed suit.

Jordan, Blackerby and Peralta went out in rotation.

In the 5th Manyon beat a ground-er to 1st. Foot and Gaffney fanned, McFarland got to 1st, advanced Manyon to 2nd and while the infield played croquet, captured 3rd and went in home on a passed ball by Peralta—More groans and sighs. Wakeman struck out.

McNair started off with a single. Jackson was out at first. Causely laced one out good for two, scoring McNair. Scofield hit a single but Causely was caught at 3rd. R. Myers got a double scoring Scofield, and was advanced by A. Myers to 3rd. Jordan went to 1st and Blackerby retired the side on a fly.

In the 6th the North Bend bunch gingered up and after Keene and Herrin each struck at the ball three successive times, Flanagan pulled out a single followed by the same dose by Wilson. Manyon and Foot both got to 1st ahead of the ball Flanagan and Wilson scoring. Gaffney was out at 1st.

Bandon piled up three more in their half McNair, Causely and Scofield taking the honors.

In this inning Scofield hit one to right for two bases. He turned his ankle at 1st and Peralta went around for him.

In the 7th spasm after McFarland had reached 1st without any great difficulty, the North Bend disciples pricked up their ears and took notice, and it was murmured around that they might tie the score. Wakeman was easy and Keene struck out. Herrin got mad at this moment and hit out a single, McFarland scoring. Flanagan also hit the ball for a single and Herrin crossed the plate.

The excitement at this time was very high and when A. Myers, Blackerby and Peralta went out leaving Jordan on first the excitement was a little higher.

In the 8th, Foot added one more run to the list making a total of 7. Bandon was ahead at this stage but a few more runs were not out of order.

McNair fanned, and Jackson failed to reach 1st in a bunt. Causely hit a single Scofield fol-

lowing with a double scoring Causely R. Myers also hit the ball and Scofield went to 3rd. Everybody had the fever by this time and Al Myers jumped on the 'little sphere and sent it bounding out in center, and by the time Wakeman could overtake and capture it, Myers had soared around the ring at "a hundred in ten clip" and sent his brother "Skinny" and Scofield ahead of him.

Jordan got on 1st and was sent to 2nd by Blackerby. Peralta ended the agony by flying out to 2nd.

North Bend's last chance lasted long enough for Keene, Herrin, and Flanagan to go out as the names appeared on the score card.

During the game several heated discussions took place and in the seventh inning Umpire Johnston was compelled to eject Mr. Bedillion from the diamond and impose a fine of \$35 upon him for interfering with the game.

Good Roads in Coos County

The Coquille Herald says: "Considerable new road building is under way in the South Fork section, and with its completion there will be some bad places in winter months avoided by the traveling public. One new stretch of highway upon which a crew is engaged will extend from the foot of Johnson hill, across the river from the W. T. Dement place to a point opposite the Massey place, a distance of one mile. The crew of workers is camped in the timbered bottom, where the old road to be avoided is located, and in which there is a sea of almost fathomless mud during the rainy season. The new road is being excavated from the hill-sides above.

"Another piece of needed new highway has been begun further up the South Fork, a mile beyond Etelka postoffice. This will be two miles in length, and involves the construction of a bridge over Yellow creek, having an 84-foot span. The contract is one of two secured last spring from the county by Stemmler & Minard of Myrtle Point, and it will afford the means of traveling on the north side of the stream without the necessity of crossing to the south side during high water. The other contract obtained by Stemmler & Minard was completed, a short piece of road near Bridge on the Middle Fork.

NOTICE TO CONTRACTORS

Notice is hereby given that the undersigned will receive, on or before, Tuesday Sept 1 1908 at 7:30 o'clock p m, bids for the construction of the superstructure of the new school building at Bandon, Oregon. Plans and specifications may be seen at the office of the undersigned. Each bid must be accompanied by a certified check, or good security, for per cent of the amount of the bid. The right to reserve any and all bids is reserved.

By order of the Board of Directors of School District No. 54, Coos county, Oregon.

JAMES W. MAST, District Clerk.

Notice

Bandon, Oregon, Aug. 21, 08.

To my patrons: Although I have had the misfortune to have my practice broken off by sickness and intended to seek another location, owing to the fact that I am now fast regaining my health I have decided to remain in Bandon and am ready to respond to any calls.

DR. S. J. KELLY

WILL BLAST OUT

BIG ROCKS

River Channel to be Cleared of Big Boulders at Once

THE CONTRACT ALREADY BEEN LET

John Roach, the famous diver of San Francisco, has taken the contract to blast out the big rocks that obstruct the entrance of ships and the work will be commenced inside of a week or two or just as soon as Mr. Roach can secure enough material for the work.

These rocks have been an obstruction for a long time and now the fact that they are to be taken out will be of mesurable value to the harbor.

The pile jetty will also be rushed to completion just as soon as proper arrangements can be made. The subscriptions are coming in gradually, but there are many who have not yet subscribed. Those who have not yet subscribed should do so without delay.

It will be the greatest thing that has ever yet been done for Bandon, when the harbor is put in proper condition.

It has been stated by men who have been here for years that over twenty feet of water can easily be secured if the jetty is built as suggested. In this event vessels fully twice as large as any that now enter the harbor can come in with ease.

Bandon now has the best harbor between San Francisco and the Columbia River, and with the completion of the projects now under consideration it will be so far superior to any of them that there will be no comparison.

Bandon is destined to become one of the best cities on the Pacific coast, and if present conditions continue, it will not be long until the truth of this statement will be fully realized. We have the proper spirit among our business men and there will surely be great results accomplished therefrom.

WANTED Farm or Business for sale. Not particular about location. Wish to hear from anyone who will sell direct to buyer. Give price, description and how possession can be had. Address: L. DARTSHUR, Sec. 225, Rochester, N. Y.

HARTMAN HOME

DESTROYED BY FIRE

Lost Estimated at \$1500 With not a Dollar of Insurance

THE ORIGIN OF FIRE UNKNOWN

Wednesday afternoon the home of Mr. and Mrs. A. J. Hartman with all its contents was practically destroyed by fire. The cause of the fire is unknown as there was no one in the house at the time and before it was discovered the flames were leaping into the air from every door and window. Fortunately there was no wind and after the fire brigade reached the scene, they were not long in getting the fire under control, but not until everything in the house had been ruined.

The house in itself was not of so much value as the furniture. Mr. and Mrs. Hartman had about \$500 worth of books, a Steinway grand piano, many beautiful pictures and a large amount of other furniture, which together with the house brought the loss to at least \$1500 with no insurance. The Hartmans were carrying their own risk owing to the high rate of insurance, which was 10 per cent, demanded by the insurance companies.

If there had been a strong wind Wednesday there would have been a much more serious fire as it was a long time before the engine could be put into action, although the hose connected to the water works was soon put into operation. The fire will serve as a warning to all concerned to secure better protection at once. What is needed is a good city water system with reservoir far enough above the city so as to give good pressure at any place and a fire plug on every street corner, then and not until then will the fire protection be wholly adequate.

A Sudden Death

A great gloom was cast over Bandon Wednesday morning when the news spread that George Morse, Chief Engineer of the Steamer Bandon had died during the night. Mr. Morse was in his usual good health Monday, but was taken violently ill Tuesday, and though the

very best of medical attention was given him, yet he was unable to survive, but after intense suffering for a few hours succumbed to his ailments, which was a combination of acute indigestion, dilatation of the stomach, with obstruction of the bowels.

George Lancelles Morse was born in California forty years ago, his parents were Mr. and Mrs. George Morse. The father is dead, but the mother, together with two sisters Mrs. Roedel and Miss Ella Morse, both of San Francisco and one brother, Chas. Morse of Sausalito, Calif., survive him. His home was in San Francisco but he was well known here having made regular trips on the Steamer Bandon for some time. He was a man of genial disposition and was exceedingly popular wherever he went. The most of his life had been spent at sea and he had traveled, almost from one end of the world to the other, and being a careful observer, could give a graphic description of many places of interest. His presence will be greatly missed in Bandon whenever his boat arrives.

Mr. Morse was a member of Mission Lodge No. 169 A. F. and A. M. of San Francisco and of Seattle Lodge No. 92 B. P. O. E. of Seattle.

The body was embalmed here in Bandon and taken in charge by the Elks. The Steamer Bandon sailed from here Tuesday going to Coos Bay where she was to take a part of a cargo.

Mr. Morse's remains were taken to Marshfield today, and will go to San Francisco on the Bandon, where interment will be made.

The bereaved relatives have the sympathy of a large circle of friends.

Margaret Iles Co.

The Margaret Iles Co. which is holding forth at the opera house all this week, continues to please the play going public as they have always done before. This company is certainly well balanced, as they are all artists in their line, and none of them are poor. It is often that a company of ten people is unevenly balanced and the stars have poor support, but the Iles company are all stars. Those who are not attending the shows this week are missing a rare treat.

The troupe will be here the remainder of the week up to and including Sunday night and have saved some of their best plays for the last few nights. Tonight they will play The Deputy Sheriff; Friday night, Young Mrs. Winthrop; Saturday night, Little Louisiana and Sunday night that celebrated story, East Lynn, which has been so successfully dramatized. No one can well afford to miss these excellent productions. The company goes to Marshfield next week to play during the fair, after which they will make a continuous circuit of the county coming to Bandon for an engagement every Wednesday night.

Notice of Dissolution

Notice is hereby given that the partnership existing between N. C. Medley and C. Woodruff is this day dissolved by mutual consent, that said C. Woodruff assumes all liabilities and collects all accounts. Dated at Bandon, Oregon, this 17th day of August 1908. Signed by C. Woodruff and N. C. Medley. 34 1 1

Is Your Property For Sale?

We are constantly receiving inquiries from all parts of the United States for Farms, Meadows and Country and City Homes on the Pacific Coast. If your property is for sale we shall be glad to place it on our list, and put you in direct correspondence with a large number of possible buyers. Address: TOWN & COUNTRY JOURNAL PUB. CO., 870 JACOBSON ST., SAN FRANCISCO, CAL.

RECORD BREAKING

CROWD SUNDAY

Woodmen Picnic Brings Hundreds of People Here

FOUR BOATS FILLED TO CAPACITY

Last Sunday was a big day in Bandon and the largest crowd of people was on our streets that has been seen here in many a day. The occasion was the annual excursion given by the M. W. A. lodge of Coos county.

The Woodmen have camps at North Bend, Marshfield, Coquille Myrtle Point and Bandon and every camp was well represented Sunday. There were at least 1000 visitors in this city from other county towns, there being 4 boat loads of people brought down, and even though they were not able to accommodate all who wanted to come, 150 people were left at Marshfield, about the same number at Coquille and twenty-five or thirty at Riverton, who were unable to get on the boats owing to lack of room.

The hundreds who succeeded in getting here were treated to a fine clam bake by the local camp and all are loud in their praise of the excellent time afforded them.

One noticeable feature of the affair was the large crowd of people and yet everything was quiet and orderly, showing that the Woodmen lodge is made up of gentlemen.

It is an honor to any town to be visited by such an excursion as was here last Sunday and they will be welcomed to Bandon-by-the-Sea at any time they see fit to come.

These big excursions are annual affairs by the Woodmen of Coos county, taking turns going to the various towns where there is a camp.

Last Thursday night at the home of the bride's mother, Mrs. Laura Taylor, Miss Orice Taylor and Mr. W. R. Hancock were united in marriage by the evangelist Vander-sloot. The house was very prettily decorated and after the ceremony supper was served to the young couple and guests. The families of the bride and groom were the only ones present. The young couple are both residents of Bandon and and a wide circle of friends extend congratulations.

Mrs. Jones and daughter Helen, who have been visiting with the former's son and wife, Mr and Mrs Willard F. Jones, departed on the last Elizabeth for their home in California.

THE REV. IRL R. HICKS Almanac and Magazine

Should be in every home in the land. His weather predictions can be had only in his own publications. No other publisher is permitted to print them in any form, either with or without credit. His 1908 Almanac excels all former editions in beauty and value, and sells for 35cents, postpaid. His monthly magazine, WORD AND WORKS, contains his weather forecasts for each month, together with a vast amount of the best family reading and costs \$1. a year, one almanac with each subscription. Every earthquake and serious storm for 20 years has been predicted by Prof. Hicks. You cannot afford to be without these publications. Address all orders to

THE Bandon Furniture Store YOU all know the old adage, "The Proof of the Pudding is the Eating." This is true in the Furniture line as well. The Bandon Furniture Store has been here for years and our reputation for keeping the best goods for the money has been established. New stock constantly arriving and a large stock to select from.
