

## CHEAP CANDY IS UNHEALTHY

### California State Board Starting Disclosures-Situation on Coos Bay

Sacramento, Aug. 23—Secretary N. K. Foster, of the State Board of Health, said today that an analysis of several thousand samples at the State Laboratory at Berkeley showed that nearly all the cheap candy sold in California is grossly adulterated, some of the chewing candies containing as much as 25 per cent paraffine.

Many other adulterations are used, but the indigestible quality of paraffine makes it almost universal use in the cheaper grade of candies a matter of special concern to the State Board of Health.

Of seventy-six manufacturers and dealers in food products that are to be given a hearing before the board on August 24, a large proportion are candy merchants.

The above press dispatch has occasioned something of a sensation in many sections, striking as it does at the world's most cherished possession, its boys and girls. Everyone uses candy now and then, but the children are the most regular patrons of the candy trade. Desiring to secure some information as to conditions on Coos Bay a Times reporter interviewed W. C. Bradley, of the Modern Co., in reference to the extent that adulteration is practiced by candy manufacturers.

After being shown the above dispatch Mr. Bradley said:

"You will notice by this dispatch that paraffine is the most largely used adulterant as well as it is the most indigestible and injurious ingredient and is strictly forbidden by the pure food laws. I cannot make any statement regarding other candy manufacturers, but I can say absolutely and with the greatest emphasis possible that there is not and never has been an ounce of paraffine in the candy factory of the Modern Company. Not only is there none of this poison but no other adulterant or injurious ingredient of any character in 'Modern Sweets.' The most critical analysis and careful examination of these candies will prove that they conform not only to the Oregon pure food law but to the national pure food law as well, for nothing but the purest sugar and pure fruit flavors and extracts enter into the composition of 'Modern Sweets.' I am glad to see the papers taking this matter up for it is something that the public should be informed upon. It is a matter of very great importance that a food so universally used and one going into every home should be free from the contamination of commercial greed which would not hesitate to use poisonous adulterants in order to increase profits."

In parting Mr. Bradley remarked: "You cannot be too emphatic in your statement that the Modern Confectionery Company's products are free from all adulterants.—Times."

### Will Build Road if it Pays

Eugene, Or., Sept 5—E. H. Harriman stated to a joint committee of Marshfield and Roseburg citizens, who rode on the special train with him from Roseburg to Eugene this morning, that he would immediately send a man to Coos Bay to investigate conditions there. If he could be insured 4 per cent interest on an investment of \$5,000,000 for 10 years, he would order the road built.

Regarding the road into Central Oregon, he said the line from the Columbia River to Klamath would probably be built at once, the Oregon Eastern to come later by easy stages.

At Eugene a large crowd assembled at the depot, and the visitor was met by the leading citizens and

taken for an automobile ride around the city. The trip was returned at 11 o'clock, and stops are being made at Albany and Salem. Mr. Harriman is accompanied by John Muir, the eminent scientist, who has been his guest at Pelican Bay. General Manager Calvin, of the Southern Pacific, also accompanies the party. The train is made up of Mr. Harriman's car, Arden; General Manager O'Brien's car, Oregon; Mr. Calvin's car, Berkeley; a diner and a baggage car. The party expects to reach Portland at 4 o'clock.

### Railroads and Waterways

The owners of railroads are always invariably opposed to canals or the opening of rivers to navigation. Canals and rivers are public property; railroads are private property. Freight can be transported more cheaply by river or canal than by railroad, hence it is quite natural for the railroads to oppose the water rates. Just as clearly it is for the people's interest to open up waterways wherever they can. When these compete with railroads, the latter must reduce rates to the water rates.

Back on the Atlantic coast the railroads have for many years endeavored to prevent the building of new canals, and the improvement of old ones. The New York World says:

Canals can bring coal and wheat to New York cheaper than railroads. So the railroads, while the people slept, for years steadily used their vast political power against canals. Some canals they bought; some they caused to be abandoned; some they left to neglect. If New York is to have cheap coal the canals must be reopened and new ones added,—not the great barge canal alone but smaller feeders down a score of river valleys.

The illegal coal trust and the extinction of the independent retailer are matters for federal action. Better than railing at "malefactors of great wealth" would it be if a few of them were punished and if their practices were stopped forever.

Coal costs the small consumer in New York \$1.50 a ton more than it should. This is a tax exacted mainly from the poor, without warrant of law or color of justice, by greedy wealth. Some day it will occur to some public official to enforce the law and make possible the "square deal" in coal. Some day the people of New York will improve their own great water highways.

Just what has occurred and the consequence as to coal in New York has occurred or will occur throughout the country with respect to any commodity. Open rivers and canals will give the people cheaper transportation rates, leave more money in their pockets, make them richer, freer, more independent.—Journal.

### A PAYING INVESTMENT

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed, a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Lowe's drug store. 50c. and \$1.00. Trial bottle free.

Just a little Caseweed is all that is necessary to give your baby when it is cross and peevish. Caseweed contains no opiates nor harmful drugs and is highly recommended by mothers everywhere. Conforms to the National Pure Food and Drugs Law. Sold by Bandon Drug Co.

### BEST TREATMENT FOR BURNS

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It lays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price 25 cents. For sale by C. Y. Lowe.

### FOR A SPRAINED ANKLE

A sprained ankle may be cured in about one third the time usually required, by applying Chamberlain's Pain Balm freely and giving it absolute rest. For sale by C. Y. Lowe.

Kodol will in a very short time help the stomach to do the work it should do, and the work should be to digest all the food you eat. When the stomach can't do it Kodol does it for it and in the meantime the stomach is getting stronger and able to take up regular natural work again. Kodol digests all you eat. It makes the stomach sweet and it is pleasant to take. It is sold here by Bandon Drug Co.

When you have a cold you may be sure that it has been caused indirectly by constipation and consequently you must first of all take something to move the bowels. This is what has made Kennedy's Laxative Cough Syrup so successful and so generally demanded. It does not constipate like most of the old fashioned cough cures, but on the other hand it gently moves the bowels and at the same time heals irritation and allays inflammation of the throat. Sold by Bandon Drug Co.

### BUILDERS, ATTENTION!

WE MAKE A SPECIALTY OF SUPPLYING LOCAL ORDERS FOR

## LUMBER

OF ALL KINDS ON THE SHORTEST NOTICE

Orders delivered if desired. Prices to meet competition.

Lyons & Johnson Lumber Co.
