## THE TALK OF THE TOWN

F. E. Allen, the paper man, was in town today.

J. E. Walstrom left on the Alhance for Portland to look after business affairs. He expects to be gone about a week.

SHIPLAP-CODY LUMBER CO.

Ray McNair left on the Breakwater for Portland, where he has accepted a position in a plumbing establishment. Ray is a progressive young man and will no doubt make a mark in his line. His many Bandon friends wish him every success.

SHIPLAP-CODY LUMBER CO.

The Cody Lumber Co. is building an addition to the west side of the main building of their mill and when completed will run a first class lath mill in connection with the big saw mill. They have recently constructed a shed for storing lumber for home trade, and other improvements are constantly going on.

Dement's Best Flour—you all know it is the BEST. Rosa's Store.

J. E. Fisher of Walnut Grove, Arizona, in renewing his subscription to the RECORDER says: "We are having lots of rain here this winter. It costs more than twice as much to live here as it does in Bandon, if it were not for the mines this country would not be on the map."

SHIPLAP-CODY LUMBER CO.

John Fernoglio is circulating a petition among the business men and citizens of Bandon for aid for the sufferers in Italy, and is receiving quite a large sum, all of which goes to show that charity is becoming international and that Bandon people are none behind in their charitable acts.

SHIPLAP-CODY LUMBER CO.

Bandon merchants report a good holiday trade, and are consequently jubilant over the results. The best thing of all, however, is the fact that the business since the holidays has not fallen off to any great extent, which is contrary to the general rule, and to the expectations of the merchants. Surprises like this, however are always welcome.

SHIPLAP-CODY LUMBER CO.

Owing to ill health I am compelled to leave Bandon. Monday January 18 will positively be my last day in the gallery. Everything including a fine show counter for sale at a bargain. Will sell all or any part of gallery outfit. New negatives for sale. Portrait negatives for sale to owners. Good row boat also for sale. J. W. Lint. 52 t2

SHIPLAP-CODY LUMBER CO.

E. N. Smith, the Myrtle Point real estate man, who owns a large tract at Bandon which he has plotted in town lots and has been selling for some time, was in Bandon a few days last week and the first of this week. Mr. Smith has been down at Riverside, Calif. this winter, and we understand he will return there again and remain until about March 1st.

SHIPLAP-CODY LUMBER CO.

M. G. Pohl returned the latter part of last week from a trip down in Curry county and reports conditions good in that section. Mr. Pohl is one of the best known fruit men in Oregon and was for some time fruit inspector of Coos county, until he resigned last summer. Mr. Pohl is also a competent optician and enjoys quite a lucrative practice of his profession.

James A. Finch the Portland attorney who shot and killed another attorney, Ralph B. Fisher because Fisher was the cause of having him disbarred, was convicted of murder in the first degree and sentenced to hang, by Judge Bronaugh, Friday Feb. 5th. The killing of Fisher by Finch, was one of the most cold blooded murders ever perpetrated in the state of Oregon.

Chas. Martin left on the last Breakwater for Portland.

Shoes at cost to close at Rosa's Store.

C. R. Wade was in Coquille Wednesday on legal business.

E. M. Furman of Coquille was in the city this week on business.

A fine baby boy was born to Mr. and Mrs. L. T. Sutherland Friday, January 1st.

You had it last year—Home made Bacon from Rosa's store. Finest on the market.

T. B. Wheeler went to Portland on the Breakwater where he expects to spend about ten days looking after business affairs.

Mr. and Mrs. E. W. Fahy and children of Bullard, returned home today after a visit with relatives in North Bend—Tuesday's Times.

SHIPLAP-CODY LUMBER CO.

Willard F. Jones of the Jones Shingle Co. returned from San Francisco on the Plant, by way of Coos Bay. Mr. Jones had been to the city on business for his company.

The Myrtle Point saw mill was shut down for some but has now resumed operations and prospects are good for continuing the same indefinitely.

Try those Cluett Peabody Shirts and collars at Rosa's. They are O. K.

A bargain 80 acres of fine level land, 8 acres bottom land and 23 acres fine pasture. Price \$1000. Horse pasture per month \$1.50. J. M. Long, Bandon, Oregon. 52 4t

Capt. Willard has purchased the interest of his partner Eli Swearingen in the Wolverine and is now sole owner of that popular boat.

The Wolverine is doing a good business all the time and it is constantly increasing, owing to its excellent accommodations and the popularity of Captain Willard.

SHIPLAP-CODY LUMBER CO.

Lewah Tribe No. 48. I. O. R. M. installed officers at their last meeting as follows: Otto Herman, Sachem; G. E. Wilson, Sr. Sagmore; C. H. Chandler, Jr. Sagmore; W. N. Wright, Prophet; C. T. Fieger, C. of R.; O. C. Waldvogel, K. of W. T. H. Shaw, R. R. Hunnicut, and C. S. Hubbard, Trustees.

A man named John Jacobson, at the Smith-Powers camp on South slough at Coos Bay, committed suicide last Thursday, by cutting his throat with a razor and afterward hanging himself. He was of melancholy temperament, it is said, because of his forced absence from his family who live in Honolulu. He was about fifty years old.

They have been having a blizzard of the North Dakota style over at Portland, only of course the fury was of a greatly diminished character. We have been having the finest kind of weather on the coast, the only disagreeable feature has been a little warm rain, and that has been comparatively light.

If the inland empire wants perfect climate let them come to the coast.

C. M. Spencer arrived on the Field from San Francisco, and will have charge of Estabrook Co.'s warehouse. Mr. Spencer is well known here as a genial good fellow and Bandon people are glad to see him back again. J. H. Johnston will probably remain here also and look after the lumber interests of the company, as the business has grown so large that one man will not be able to care for it.

Wm. McKay is superintending the building of a scow at Price's shipyard, for the Cody Lumber Co. to use under their pile driver. The scow is a strong one and will be the superior of the ordinary scow. It will have an air tight compartment for fresh water for the engine on the driver. It is to be hoped that the work of building the scow may bring good luck, and that a big ship will soon be under way of construction at the yards. Charles Hubbard and Lawrence Stitt are assisting Mr. McKay in building the scow.
