### ROAD MASTERS

Commissioners Transacted Much Business at Jan. Session

### ROAD IMPROVEMENT MOST IMPORTANT

The January session of the County Commissioners closed at Coquille last Friday, after a great volume of business had been transacted, most of which related to road improvement in various parts of the county. Surveys were ordered of Isthmus Inlet above Henryville and of Catching slough to Sumner to ascertain if the commissioners will be justified in appropriating money for them. Two new road districts were created. Nos. 13 and 28, both near Myrtle Point, the old district being divided. Two new water ways were also made, one at the head of Catching slough and one on Isthmus slough.

Road supervisors were also appointed for the entire county as follows:

## H. M. S PINAFORE

### Entertainment Fri. and Sat. Evenings will be Finest Ever Given in Bandon

All who saw the production of Queen Esther here two years ago under the direction of Mr Robinson pronounced it the best musical entertainment ever given by the Bandon singers, but the comic opera Pinafore which they are preparing and will give in the opera house Friday and Saturday evenings of this week will far surpass the former production in every way.

The music of Pinafore is of that high and catchy style which is always so pleasing to an audience and there is enough dialogue and comedy in it to make it of interest to all who are not especially interested in music. The local singers have entered into the spirit of the opera and have carefully prepared all the details to make it most pleasing.

Special scenery will be used making the stage represent a typical English man-of-war of the period represented and the costumes are neat and natty, representing the typical comic opera scenes and settings, so pleasing to the ordinary audience.

The piano accompaniment will be especially attractive when rendered by Mr. Carl Moore in his own inimitable manner.

Following is a synopsis of the opera and a list of the ones taking part:

The Right Hon. Sir Joseph Porter, K. C. B. First Lord of Admiralty.....E. B. Kausrud  
Captain Corcoran, commanding H. M. S. Pinafore.....C. R. Wade  
Ralph Rackstraw, able seaman in love with Josephine.....J. H. Johnston.

## THIEVES ENTER

### BUSINESS HOUSES

Smith Bros. and City Markets and El Dorado Saloon Entered

### ROBBERY OCCURRED EARLY IN EVENING

The meat markets of Smith Bros. & Co. and the City Market and the El Dorado Saloon were entered last night and the cash registers ransacked and other places where money might have possibly been placed were thoroughly gone through but the would be robber or robbers were disappointed in their search as they were evidently looking for money, but found none in either market as the proprietors in both instances had taken all the money home, but they were awarded with about \$3 in the El Dorado. In the City Market the cash register had been opened and some boxes in a pigeon hole desk were ransacked. Some of the tools were scattered over the floor. The market of Smith Bros. was also disturbed in its equilibrium. Mr. Wilcox who is employed in the market, had a grip with clothing in it in the back room: this was opened and the contents piled on the floor; the writing desk was torn down and the ink spilled on the floor. Further than this no serious damage was done. The thieves were evidently so much disgusted with themselves at making a "water haul" that they decided to bother nothing else, consequently nothing was missing from either place. Both markets were entered by means of a back window, where the screens were torn off. The work in the meat markets was evidently done early in the evening as in each instance noises were heard in the room by people who lived near by, but it was thought that the proprietors were still in, however this proved not to be the case. The El Dorado was entered from the rear, the key to the back door being pushed out. So far no clue to the guilty parties has been found.

Fd Racleff went to Coquille Monday on business.

## COUNCIL BUSINESS

### Many Proceedings of Importance Transacted Friday Evening

The meeting of the city council last Friday evening was one of the most interesting from many points that has yet been held, as there was much business of importance transacted.

The council was called to order by Mayor Gallier and the minutes of the preceding meeting were read by Recorder C. R. Wade.

The Committee on Spruce Street made report which was accepted.

A motion to have the city engineer establish the grade on Columbia Ave. was carried.

Mayor Gallier was instructed to see the management of the telephone system and ascertain whether or not that company would grant the public better service than has been accorded them for some time, as it was reported that a number of phones were out of order.

The financial report for the last quarter of 1908 was read and showed the receipts to exceed the expenditures by about \$1300.

C. R. Wade resigned as city attorney and recorder and a committee was appointed to investigate the matter of getting another officer or officers to fill the places, providing Mr. Wade could not be induced to reconsider his resignation.

City Marshal Gardner was released from further service in that capacity and Night Watchman F. A. Holman was appointed by Mayor Gallier to fill the office. The appointment was confirmed by the council. Vet Shields has been secured as night watchman, temporarily.

### Bandon High Winner

The Bandon high school basketball team took the team from the Myrtle Point high into camp at Oriental Hall last Friday night to the tune of 21 to 13, although the game will not go down in the schedule as one of the regularly played high school games, owing to the fact that Myrtle Point played one man in the second half that was not high school man, and rules and regulations say that no one except regular high school pupils shall play in the games.

The game Friday night was replete with good plays and during the first half was exceedingly close, the score at the end of this half being eight to seven in favor of Bandon. It was in the last half, however, that the Bandon boys got down to business and succeeded in piling up 12 points while the Myrtle Pointers could get only five, making the final score 21 to 13.

### Pinafore Tickets

Some of the best seats in the opera house for a musical production are in the gallery and for Pinafore Friday and Saturday nights, the gallery will be seated with chairs and reserved at 50 cents, as well as the greater part of the lower floor, only a few seats being sold at 75 cents. The sale is now on at Mar's Confectionery Store.

### Notice to the Public

## SCHOOL MONEY

### NOW READY

Bonds Have Been Received and Sent to County Treasurer for Approval

### CASH IS WAITING IN PORTLAND

That the school board will soon have sufficient money to defray all expenses of the building as bonded by the district, is a settled fact as the bonds have already been received and sent to the county treasurer for approval. Morris Bros. of Portland who purchased the bonds have telegraphed the board to hurry up the papers, as the cash is ready and waiting to be forwarded as soon as they get the proper papers.

These facts make it certain that the money will be forthcoming and then everything will be settled in regard to the building so far as the financial end is concerned. The bad weather of the last few weeks has augered against the rapid completion of the work on the building, but comparatively good progress is being made, taking all things into consideration.

Wait for the grand masquerade ball, St Valentine's eve Oriental hall.

## RUNNING EVENINGS

### Woolen Mills Operate From 7 A. M to 9 P. M. Four Days in Week

Owing to the fact that the Bandon Woolen Mill is so far behind in its orders the mill is now running until 9 o'clock at night four days in the week, and there is a possibility that a full night crew may be put on in the near future and the mill operated both day and night.

The mill has orders enough ahead now to keep it running for several months, and new ones are constantly coming in, consequently it is necessary to move rapidly to meet the demands. Manager Bedillion is now in Salem, he being representative in the legislature from Coos county but the mill is still in competent hands, and the work will be rushed just as though he were here. Although the local mill can and does make any kind of woolen fabric imaginable, and of the finest quality, the entire capacity of the mill is now used in making carriage lining, as there is a big order for that in from a Detroit carriage firm, and this order must be filled as rapidly as possible.

### Rebekahs Install

Ocean Rebekah Lodge No. 126 held public installation of officers last Friday evening, which was attended by a large number of people and greatly enjoyed by all present. After the work of installation was completed some time was spent in playing games of various kinds after which elegant refreshments, consisting of coffee, sandwiches, cake and other viands were served. The installation ceremony of the Rebekah lodge is a very pretty one and was particularly appreciated by those who are not members of the order.

The installation was in charge of Mrs. Clara Goetz District Deputy President for the local lodge, and she was ably assisted by the following Grand Officers: Camilla Garfield, Grand Marshal; Mrs. Steele, Grand Warden, Florence Walstrom, Grand Sec; Sarah Perkins, Grand Treas; Sarah Costello, Grand Guardian. The members of the staff were: Inez Jenkins, Emma Harrington, Minerva Lewin and Mathilda Johnson. The newly installed officers are: Maggie White, N. G.; Isabelle Conger, V. G.; Blanche Radley, Sec.; Fannie Dyer, Treas.; Minnie McGord, War; Maud Sorensen, Con.; Miss Smith, I. G.; Lou Kime, O. G.; Anna Craine, R. S. N. G.; Odessa Trowbridge, L. S. N. G.; Inez Jenkins, R. S. V. G.; Wave Thomas, L. S. V. G.
