

Oreg. Hist. Society City Hall

WILL ADVERTISE

OREGON RESOURCES

Business Men, Ministers and School Children Will Extol Advantages

GREAT INFUX OF PEOPLE THIS YEAR

Oregon people all over the state are getting enthusiastic over the advertisement of the advantages and resources of this great state.

Here are some of the resources of the state: We have one-sixth of the standing timber in the United States, or more than any other state.

Oregon does more than any other state to advance irrigation, being the largest contributor to the United States Reclamation fund.

With all these resources it is believed that people outside of the state can be induced to come this way if the facts are only brought before them.

Bandon people are not at all behind the times in their advertising campaign, as the booklets and other literature that have been sent out recently are bringing results.

There is sure to be a big immigration west this summer, according to all railroad reports, and Bandon will no doubt get her share of the newcomers.

Wants Knox in His Cabinet

Washington, Feb. 17.—Senator Hale has received the following telegram from President-elect Taft: "I sincerely hope that congress will pass a bill to remove any doubt of Knox's eligibility."

LINCOLN PROGRAM

Bandon High School Commemorates Anniversary of Great Leader

The one hundredth anniversary of the birth of Abraham Lincoln was fittingly observed at the Bandon high school Friday afternoon.

A number of friends of the school were present, including the G. A. R. post, which was present in a body at the invitation of the school.

After the regular program by the school, Col. R. H. Rosa, for the G. A. R. gave a very patriotic address, and Post Commander C. B. Zeek also delivered a very interesting address.

Judge Topping, president of the school board gave an address that was highly appreciated by all present. Supt. H. C. Ostien presented the school with a fine picture of Lincoln, which will adorn the walls of the building.

The following program was rendered by the school.

- Song, America, School. Roll Call, Lincoln Sayings. Sketch of Lincoln, Erma Craine. Lowell's words on Abraham Lincoln, Elisha Wilson. Stanza from Lowell's Commemorative Ode, Pearl Snyder. How Tom and Nancy Began Life Together, Rittie McNair. Lincoln's Greatness, (Curtis) Ernest Wilkins. A rating not in "Dun" or "Bradstreet," Marguerite Haberly. A Judicial Opinion, Lentner Callier. Lincoln at the Ball, Hazel Stephenson. Lincoln's Humanity, (Wattson) Ella Felter. Patriotism, Guy Eredrick. The Peacemaker (Gen. Lew Wallace,) Lena Langlois. How the Rails were brought in (Ill. State Con.) Grace Disher. "It's best to let him run," Sylvia Rackleff. Abraham Lincoln, (Ingersoll) Nora Gibson. Gettysburg Address, Tom Ostien. Toast to the Flag, Elsie Kinley. Captain! My Captain! (Whitman) Ebba Wiren. Song, Battle Hymn of the Republic, School.

A Misunderstanding

Several of our influential citizens have criticised the advisability of giving the Band Concert so soon after the mask ball given Saturday Feb. 13, which occasion they also understand as being a band benefit.

Fearing that others have got the same impression, and that it may detract from attendance at the concert, I wish to explain that the mask ball was not a band benefit, but was given entirely under the management of the New Orchestra. I do not know the origin of the mistake unless it is due to the fact that the Ladies' Thimble Club gave a supper on the same evening for the benefit of a new band-stand, which by the way is a very laudable ambition.

Geo. P. Topping, Manager of Band.

Whist Tournament

The second party in the series of whist tournaments to be given by the Ocean Rebekah Lodge will be in K. of P. Hall, Friday, February 19 at 9 p. m. sharp. Score cards 25 cents. Lunch to. Everyone invited.

WIRELESS TELEGRAPH

STATION ASSURED

Will Be Installed as Soon as Details Can be Arranged at This Place

WILL BE OF GREAT BENEFIT LOCALLY

C. A. Manuel, of Portland, special representative of the United Wireless Telegraph Co. has been in Bandon for a few days arranging for the installing of a wireless station at this place.

The United Wireless company is negotiating with a number of steamship lines doing business along the coast to equip all their vessels with wireless, and the probabilities are that every steamer and many sailing vessels plying along the coast will be equipped in a short time.

It may not be generally known, but the fact is that there is a bill pending in congress at the present time to compel all ocean going vessels, whether passenger or freight, and whether steamer or sail to equip with wireless for the protection of the passengers and crew, as well as the vessels.

Mr. Manuel was very much pleased with the prospects for his station at Bandon and thinks it will be a paying proposition from the start.

The wireless has contracts for establishing many hundred stations in the United States in the near future and are negotiating with fourteen different countries of the world for the establishing of systems.

A station at Bandon will be of almost incalculable value both in a commercial and a maritime way, and citizens here are very enthusiastic over the new station which is so soon to be installed.

Mr. Manuel will be here quite frequently during the next thirty days in the interests of his company and will push the work as rapidly as possible. From all appearances it will not be long until Bandonians can send messages to their friends on board the vessels coming into port.

The station will be a great protection to vessels in time of storm and will do away with much of the perils of sea faring.

Notice

Bandon, Oregon, Feb. 15th, 1909. To the Public:

The partnership which has existed between B. A. Kolp and J. M. Jensen is this day dissolved, and business will be carried on as formerly by B. A. Kolp.

Thanking my friends for the good-will which they have shown me in the past, and hoping to receive a fair share of patronage in the future, I am

Yours for a square deal, B. A. Kolp.

THE CITY COUNCIL

Much Street Improvement Ordered and Other Business Transacted

The city council met in regular session last Monday night and transacted much important business, most of which was ordering street improvement, reading and passing on ordinances and paying bills.

The old ordinance providing for a fire department for the town of Bandon was read and adopted with a few changes, by the City of Bandon.

Motion was made and carried to extend Wharf street south, Pioneer street south, and to open the alley from Wm. Button's place east to the plank road.

Moved and carried that the city engineer be ordered to survey extension to Bluff street.

Motion was made to vacate Pacific Ave. or Little street from Atwater street to deep water line in Coquille river and that city engineer make plat and file same with the order.

Ordinance was ordered drawn for the opening of Columbia Ave. north from Atwater street to deep water line on the Coquille river.

Moved to amend ordinances and open Sixth street from east and to west end of city limits.

Saloon ordinance No. 122 was adopted by unanimous vote of the council, this was an ordinance requiring saloons to keep blinds up on windows after midnight, and it is said to have the sanction of both the saloon and anti-saloon people.

Bills to the amount of about \$35 were ordered paid, also a warrant in favor of Ed Henry to the amount of \$300 for grading streets was ordered drawn.

The proposition of Ed Henry to grade Little street in front of Cox's residence was accepted, also a survey of Abernathy street from the east city limits to the top of the hill was ordered.

Moved and carried to adjourn.

To Wed at Portland

The news editor of the Times is going to take the other members of the Times family into a little secret that was to be a surprise a few days later. It may cost him his job when the editor gets back, but then if the members of the Times family will keep it a secret of their own and not say a word about it we will tell you and probably surprise the would-be-surprisers, so here goes.

M. C. Maloney, editor and publisher of the Times, and Miss Alice Bay McCormac, accompanied by Mrs. J. T. McCormac, left this morning via Drain for Portland where they will be quietly married. After a short honeymoon trip they will return to Marshfield to make their home.

The bride to be is the daughter of Dr. and Mrs. J. T. McCormac and the groom, well, family relationship and consequent modesty on the part of the news editor prevents him from dilating at length on his good traits or in fact to throw even the usual bouquets at the couple.—Times.

Asserts He Was Shot at Forty-one Times

Lakeside, Ore., Feb. 18.—R. J. Reeves has gone to Marshfield in an endeavor to obtain another warrant for the arrest of William Fellows on the ground that Fellows shot at him forty-one times. The citizens of Lakeside are considering presenting the county game warden with a petition asking that Fellows' Hunting license be revoked.

NEW SIGNS OF

GREAT PROSPERITY

Conditions Look Better for the Coquille Valley Than Ever Before

MANY OPPORTUNITIES FOR SETTLERS

When people go to a place with the idea of settling they want to know something of the resources of that country, and by investigation it can easily be found that the Coquille valley presents opportunities that cannot be excelled any place in the world.

When one thinks of the many kinds of valuable timber, such as fir, cedar, spruce, myrtle, maple, alder, all these and more, which can be used for anything that is manufactured from wood, when we think of the great dairying opportunities, the vast amount of mineral, and the unlimited water power we have in this valley, and the great Pacific ocean to furnish an outlet to the world for everything that can be produced, it becomes a problem incapable of solution as to the amount of wealth that can be produced in this valley.

We might go farther and take in the whole of Coos county, and we can say that there is no county in any state that offers the advantages that may be had here. We have two excellent harbors, lumber mills, factories, foundries and in fact everything that goes to make up a metropolitan center. Steps are being taken to establish ports at the harbors that will protect themselves and be a protection to the people.

No one who is looking for a location could do better than to investigate the situation at this place, for there could be no better facilities for advancement in a financial way, and so far as the moral conditions are concerned, they are equally as good here as any place. The various towns of the county have first class schools and the country schools are up to the standard of any country, so there is every advantage that could be asked in that direction.

As a fruit growing section Coos county has no superior, we can raise all kinds that grow in temperate regions, such as apples, peaches, pears and for berries of all kinds this is one of the finest spots on the earth.

So far as climate and environs are concerned we quote the following from Louis E. Fachus, in the Coquille Herald.

What about the environs? That is a difficult question to answer. California is known as the Italy of America. If that is a close comparison, then this part of Oregon must be a combination of the Switzerland and the Netherlands of America. Both the highlands and the lowlands are here; so also is the mild climate. Everything that is produced there is also produced here, but here we have them beat in resources. Theirs are fully developed; ours are yet in their infancies. So much the greater and grander is our future.

First class brick and concrete work. Fire place building a specialty. All work guaranteed. B. L. Tracy Leave orders with Bandon Hdw. Co. 4t 4x

MASQUERADE BALL

Grand Event at Oriental Hall Saturday Night by New Orchestra

A rollicking good time was afforded to all who attended the mask ball Saturday night. The light fantastic was tripped until the wee small hours of the morning and even then the goodly crowd was loathe to leave the gay ball room where so much had been done for their entertainment. The Grand March was started at 10:30 and the judges, Mr. and Mrs. Wm. McKay and Mr. Sabin took the stand to review the maskers and choose the prize winners, a most difficult task on account of the many really good costumes.

It seemed as though everyone was entitled to a prize, but after a half hour's study and comparing notes the following were awarded prizes and everyone seemed satisfied. Jewel Lint as Sunshine and Moonshine received a beautiful wine set, the prize for the most original lady. Mr. Bert Patterson, as an acrobat received a fine umbrella, the prize for being the most original gentleman. Miss Grace Hoyt in a rich cupid costume was considered the best dressed lady and carried off the beautiful Japanese powder and puff box. Fred Van Norden as a swell Irish gentleman, took the box of Bob Bowman cigars for his elaborate attire. The most comical, and that is saying a good deal for there were many comical costumes, were Belle A. Kolp and Miss Averill, who took the part of cannibals and received respectively, a box of bonbons and a gold emblem charm.

Too much credit cannot be given the New Orchestra and the big crowd, which Mr. Hanrahan says was the largest ever in the hall, voted the music as unexcelled in the history of Bandon.

The Ladies' Thimble Club did themselves proud in handling the crowd at dinner and realized a neat sum toward the new band stand. Taken all in all this was a most enjoyable event.

Panter Barklow

Married, at the home of the bride's parents, Mr. and Mrs. J. D. Barklow in Myrtle Point on Wednesday, February 10, at 8 p. m., Mr. Allen Russell Panter, and Miss Florence Arilda Barklow, Rev. Thos. Barklow, officiating. The ceremony took place in the presence of relatives and a few invited guests. Both bride and groom are well and favorably known here and have a host of friends who will wish them an abundance of joy in their new relation. The groom is the son of Captain Panter of the Steamer Echo and is assisting his father in the boat business. The bride is the youngest daughter of Mr. and Mrs. Barklow.—Myrtle Point Enterprise.
