Big Clubbing Offer

The Bandon Woolen Mill through last week active operations are Manager R. E. L. Bedillion has rewell underway toward immediate cently secured orders enough to boring for oil throughout Coos keep the mill running at full ca-

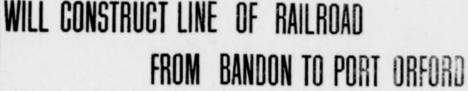

pacity for a year. This mill has The presence of J. S. Diller, the U. been furnishing material for car-S. surveyor, who made the first riage lining for a Detroit carriage official report to the government of company for some time and the oil evidences in Coos county and work is so eminently satisfactory that the first survey of the coal lands the said firm is willing to take the in this section for the gov-rnment entire output for an indefinite perpanied by H. Andrews, who began duct the mill can dispose of is only to secure leases on the lands pointed limited by its capacity. The Banout by Mr. Diller as likely prospects don Woolen Mill is one of the best is evidence that there is something industries of southwestern Oregon and one to which Bandonians point

with pride.

Messrs Burgess and Garoutte are getting a nice raft of logs into the river from their place. They also have one of the finest potato crops on the lower river.

popular pioneer dairyman, who sustained a severe compound fracture of the leg sometime ago, is so much They are prepared to sink 5000 improved that he is able to be out again and will soon be as well as ever.

> The late rain, while somewhat marring the pleasure of those who wished to celebrate the 4th in good insure the financial success of the road from the outset.

BANDON, OREGON, JULY 15, 1909

Articles of Incorporation Are Already Filed and Company

Capitalized For \$5000 Divided into Fifty Shares

of one Hundred Dollars Each

WILL TOUCH RICH TIMBER. AGRICULTURAL, MINING, DAIRY AND FRUIT REGIONS

Bandon is to have a railroad and that right soon. This is no "hot air" story but a real fact, and from present indications, there is to be no report does not say. in an unofficial capacity, accom ind, and the amount of finished pro- delay or hitch in the project, but the work will be rushed to completion with all possible haste.

> Articles of incorporation have already been filed and the money i in sight for a large amount of the construction work. The incorporators are: Stephen Galfier, R. H. Rosa, Stephen D. Henderson, C. A. Jamieson and Elbert Dyer and the present capitalization is \$5000 which is getting in until they get good and divided into 50 shares of \$100 each. The articles set forth the pur ready to build, however we will pose of the incorporators to build a standard gauge railroad to be oper- proceed to hope that this is not the ated by steam or electricity and the principal place of business is to be at Bandon.

M. E. Hughes of Portland who was formerly with the Great Northern arrived in Bandon Monday and has accepted the position of chief engineer of the road, beginning his survey Tuesday morning. Indications now are that the company will be able to get a very satisfactory route with probably not more than a one-half per cent grade, with easy grading and no tunneling.

The new road will tap some of the richest country in southwestern Oregen. It touches the immense tracts of white cedar along the Sixes for himself and his company. But river. In this region is the Bishop-Dolllar Lumber Company and the we do not care what his ideas in the C. A. Smith Lumber Company's timber as well as that of other big syndicates, all of which will aggregate more than a billion teet. Besides the line will run through rich fruit and dairy country and all combined will

Harriman Said to be Cinching Options of Three Years Ago

The Southern Pacific Company according to reports is closing up all options taker. for rights of way between Drain and San Francisco, three years ago, and is paying cash for the land. Whether Mr. Harriman means to commence work on the line in the near future, or whether his intentions are to more securely bottle up this country, the

The Southern Pacific has three surveys down the coast and will of course have the best route possible to obtain and it may be that the company is simply buying the land so as to keep any other road from case and that there will be something doing in Southern Pacific rail-

road circles here in the near future This is the route which Harriman placed to eliminate the big haul up the Siskiyou Mountains and which will give practically a water level grade from Portland to San Francisco and it may be that he is now ready to take hold of the proposition and bush it through to save money matter are, what we want is the rail road and we want it quick, so get busy Mr. Harriman.

BANDON TO HAVE CARNIVAL

NUMBER 27

Will be Biggest Event of Kind Ever Held in Coos County

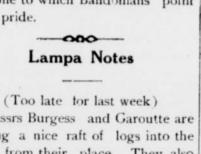

Arrangements are under way for a big three days carnival in Bandon this fall and if present plans are carried out it will be the biggest event of the kind ever held in Coos county.

The plans are not all complete as yet, but committees are at work pushing the plans to make the carnival a memorable event in the his tory of Bandon.

At a meeting of business men in the Star theatre building Wednesday night a permanent organization for the purpose of conducting a carnival and other enterprises was formed and a carnival committee composed of C. R. Wade, W. C. Sellmer, Dr. L. P. Sorensen, Geo. P. Topping and Capt. Johnson of the live saving station was elected. This committee will go to work at once to arrange for the carnival and will appoint sub committees to assist in the work.

After some discussion as to the best time of holding the carnival etc, the meeting adjourned until next Tuesduy night, when the committee will be ready to report. All busines men and citizens are cordially invited and earnestly urged to be present at the meeting Tuesday night.

Arch Bishop Christie Here Friday

pastor of the church and interment All kinds of draying and transfer-FOR SALE-mill wood The bereaved wife will have the ing I. Jenkins, Prop. prices.

The incorporators of the road are all substantial business men and growing crops. A big crop of they have the backing to push the proposition through without difficulty. This road will not only serve as a good feeder for this port. but will be of inestimable value to the entire country between here and Port Orford and that town will reap many benefits from the project.

The incorporators are very enthusiastic over the movement and Mr. ed, everyone will begin to cut hay. Henderson says they have the best proposition in Oregon. Taking into Island Light-House Lat. 24 14' 17" where they are holding confirmaconsideration the rich country the road touches, we are inclined to think he is right.

> The officers of the railroad as elected at their meeting yesterday are Stephen Gallier, president; Elbert Dyer, vice president; Stephen D. Henderson, General Manager; C. R. Wade, secretary; R. H. Rosa, treasurer.

Now is the time for people of Bandon and the Coquille valley to get in and show their hand by helping to boost the proposition. There this city reports that the officers of should be a long pull, a scrong pull and a pull altogether as a railroad of this kind will be the best thing that has as yet come to the country. Let's all get busy and help it along. It means the dawn of a great awakening in the valley and is worthy the support of everyone.

Died

Henry G. Wilcox was born in

Wisconsin in 1876 and died in

Curry county Ore., July 12, 1908

being a little over 33 years old at

Died in Nebraska

Mrs. H. F. Morrison, E. E. and and L. O. Reynolds have received the sad news of the death of their sister Miss Augusta Alameda Reynolds, of Vesta Nebraska.

Miss Reynolds was a successful school teacher in her state and had supplemented her education at the Nebraska Weslyan University and the Peru State Normal. She was recognized as a lady of rare ability, being considered one of the most successful teachers of Johnson county, Neb.

Mrs. Morrison and the Messrs Reynolds will have the sincere sympathy of a large circle of friends in Bandon.
