Surelay for chickens as good a and cheaper than wheat. Estabrook warehouse. 33 t f.

The Times of August 30th says; "Cyrus H. Walker, the oldest living white man born west of the Rocky mountains, and now an organizer for the Oregon State Grange, arrived here today. He will endeavor to organize a grange for Coos Bay. He will spend considerable time in the Coquille Valley.

The Coos Bay Times says Capt. Jas. Magee for thirty-eight years, one of Coos Bay's most noted mariners and at present captain of the tug, Astoria is to be succeeded by his son W. A. Magee Capt. Magee Jr. has been with his father for years and has won his promotion by merit. The Astoria does service on the Coos Bay Bar.

Mrs. John McMonies of Portland and her daughter Mrs. I. J. Raymond of Gaston, who have been visiting at the homes of Dr. Ros. siter and Judge Hunt the last two months returned to their homes last week. Judge Hunt and family also accompanied them and will not return again until sometime next spring. They go away with nothing out good words for Bandon.

Mrs. H. F. Morrison has purchased the millinery store formerly owned by Mrs. Dygert and invites the ladies of Bandon to call on her before buying Fall and Winter hats. She also extends a cordial invitation to the public to attend her millinery opening to be held Sept. 17 and 18. The stock is entirely new and up-to-date. 33-4t

Mr. and Mrs. W. H. Perry and daughter Mrs. E. E. Lyon and three children of Hood River are here visiting at the F. S. Perry home, they will probably remain for the winter and may make this city their permanent home, they are much taken up with the country and think it can easily be made as productive as the Hood River country which is world famous for its fancy fruit.

The Portland Journal says: "Mr. Harriman should learn something from what has happened in the Deschutes. He waited too long. He can wait too long before building to Coos Bay. He can wait too long for the Corvallis & Eastern extension. If he does not penetrate to all the rich regions of Oregon, somebody else will. He has seen the turn in the wheel of fortune at the Deschutes. History has always repeated itself, and always will. And always will. And then, how infinitely better for Oregon for him to build the lines here suggested, and is not that which is good for Oregon, good for Mr. Harriman?"

The RECORDER is in receipt of a copy of the Nebraska State Journal and the Lincoln Evening News compliments of J. L. Ryons of that city.

Capt. O. Wiren, cooperative observer, reports that the rain fall for the month of August was eighteen hundredths of an inch; days clear 13; days cloudy 18. The rainfall for the corresponding month of 1908 was forty-hundredths of an inch.

Dr. Wm. Horsfall arrived home last evening from San Francisco. He reports that Mrs. Horsfall is recovering rapidly from her operation and as soon as convalescent, will go to Southern California and enter a sanitarium for a time. The Doctor had a slight operation performed on his throat while at the Lane hospital, and during his stay was privileged to witness many difficult and dangerous operations. —Coast Mail.

Down spout, gutter, mouldings and wood work at Acme Planing Mill near the school house. 1t x

M. H. Windle, a former merchant tailor in Eastern Washington but now of Marshfield was in our city last week. Mr. Windle is a widely traveled man who has been in many countries; and is able to judge of conditions by comparison. He says the Bandon beach is unrivaled by any on the coast he thinks our city is destined to become of great importance as a manufacturing center, owing to its fine site and immense tributary resources of timber and rich dairy farm and fruit lands. Mr. Windle is a brother of Joseph Windle the prosperous Lampa dairymen.

LOST—A road and poll tax book with stubs and receipts of Road District No. 19. Finder please return to Thos. Coates. 34 2t

Roseburg had a \$25,000 fire last Friday night. Fifteen buildings were destroyed and sixteen horses in a stage line livery barn were burned to death. Among the horses was a \$450 team belonging to Edward Johnson of Coquille, and a \$500 team belonging to H. H. Hastings of Coquille. Oland Moon, of Coquille, passed through a wall of fire and freed two horses one being badly burned, died but the other was saved. Most of the burned buildings were frame structures but the better class of buildings across the street were more or less damaged.

—FOR SALE—Cheap a good first class merchandise business. Inquire of the Bandon Investment Corporation. 24 t f

Judge C. A. Schlbrede of the Bay was in Bandon last Saturday and Sunday on business connected with several bankruptcy cases which have been before him as referee in bankruptcy. The judge has been prominent in political and legal circles of the state. He served a term in the state legislature from Douglas county; was appointed district judge for Alaska by President McKinley, and served four years when he resigned to practice his profession in Oregon. At the primary election of 1906 he received 2000 votes as candidate for governor on the Republican ticket. Mr. Schlbrede was a delegate to the last national Republican convention and was the Oregon member on the platform committee.

The Coos county convention of the W. C. T. U. was held in Marshfield Tuesday Aug. 25. A good attendance is reported and many interesting papers read on the subject of temperance. Reports from the Unions of the county showed a large increase of temperance workers and a great interest being taken in the temperance cause. The following officers were elected for the coming year: president, Mrs. McCrea of Marshfield; vice-president, Mrs. McCann of North Bend; recording secretary, Mrs. L. Metzler of North Bend; corresponding secretary, Mrs. C. H. Marsh, of Marshfield; treasurer, Mrs. Lewellen, of Myrtle Point. The meeting place of the 1910 convention will be either at Myrtle Point or North Bend, the choice being left to the executive committee.

## Carnival Progressing

The carnival to be held in Bandon September 16, 17 and 18 will be one of the greatest events of its kind ever held in southwest Ore.

Some of the features will be a prize baby show, a water carnival, a band concert every afternoon, a balloon ascension each day, the crowning of the king and queen and it is reported that the Bandon Port Orford Railroad will start work on the first day of the carnival. Saturday will be Dairy day.

## Tooth-brush For Each Jersey Cow

Cincinnati, Aug. 27--W. L. Kelcey Shoep, who is heavily interested in the Metropolitan Street Railway, of New York, and who owns a 150-acre farm in Glendale, a suburb of this city, has purchased 24 cows for his \$75,000 herd of Jersey cows. The two attendants, whose sole duty is to look after the cattle, place these coverings on them every morning to protect them from flies.

The teeth of each blooded Jersey are brushed three times daily. This departure in dairy farming is said to result in better health and better milk. In exchange for the tooth treatment and coats each cow has daily produced more than two gallons of milk with a large amount of cream.

## A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement. The National Telegraph Institute of Portland, Ore., operates six official institutes in America under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details.

## Squelch Tillamook Bay

Washington, D. C., Aug. 30--District Engineer Mndoe has reported adversely on the proposed channel improvements across the bar in Tillamook Bay. Senator Bourne has appealed from the engineer's findings. There is no prospect of a Government appropriation to carry out the work unless the project first receives the O. K. of the War Department.

McIndoe says that the commerce in the Bay does not warrant \$2,000,000 expenditures, which would be necessary for the work.

## Largest Logs Ever Rafted Into Coos Bay

At the Porter mill boom may be seen a raft of the largest logs ever brought into Coos Bay. The entire raft averages 190 feet, many of which scale nearly 4,000 feet. There are but few long logs, all less than fifty feet, and quite a number of shorter cuts.

Manager Falkenstein says that the raft is the best the mill has ever used and scales surprisingly higher than all estimates.—Harbor.

## Cook and \$700 Vanish

Astoria, Or., Aug 26—Keller Brothers, who have leased what is known as the Jeffers ranch on the Lewis and Clark River, were robbed last evening of \$700 in gold and B. E. Powell, a Brazilian, who was employed as a cook on the ranch, is suspected of having committed the theft.

## Notice to Contractors

Sealed bids will be received by L. J. Radley at the office of Bandon Light & Water Co. up to and including the 15 day of September 1909 for the erection and completion of the I. O. O. F. Hall according to plans and specifications now on file at the office of the Bandon Light and Water Co. All bids must be accompanied with a certified check in the amount of 5 per cent of the bid, the successful bidder to furnish good and sufficient bonds to the amount of 1-2 of the bid. The board reserves the right to reject any and all bids. Construction to commence immediately.

L. J. RADLEY,

By Order of Board of Trustees. 33 2t

## Fresno Menaced by Firebug

Fresno, Aug. 26--From San Francisco to a local insurance agency comes a declaration that the numerous fires in Fresno recently are caused by a gang of arsonists.

This opinion is expressed so strongly that the police department of the city is working on the matter. The chief of police declares that he has had two plain clothes men working on the supposed incendiarism, but has as yet no clue to the cause of the mysterious fires which have occurred every Sunday afternoon for some weeks.

Some years ago a gang of fire-thugs was discovered in Fresno known as the "F. O. F. A." (Fire One Fire All) and as a result of its operations the insurance rates were raised on packing houses in the city. It is feared the society has been revived or a similar one formed.

We received a communication from the chief of the Bandon fire department too late to publish this week but will publish it next week.

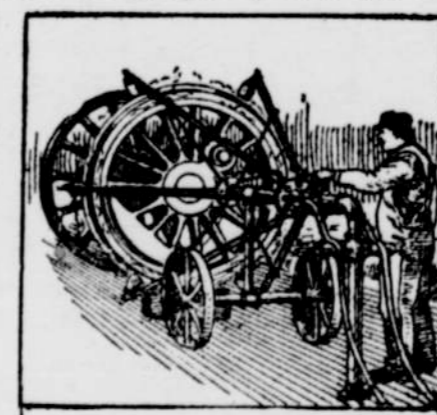

## CRUDE OIL FIRE HEATER.

Burners of Apparatus Adjustable to Any Desired Diameter.

The Lehigh Valley Railroad company has recently introduced crude oil tire heaters at their system shops at Sayre, Pa., which have been found far superior to the former method of using gasoline and perforated rings for the application and removal of tires.

The heater for removing tires consists of six oil burners mounted on an adjustable frame so arranged as to bring the burners to any desired diameter. The frame consists of an arrangement of wrought iron pipe mounted on a pair of wheels. On the main part of the frame a combination air and oil chamber is arranged to slide forward and back, and in conjunction with a six point star the various adjustments of the burners are produced. On the front side of the supply chamber six ball joint connections are made to the oil supply; also six connections are made to connect the air supply with the burners and piping arranged to connect the burners with the supply chamber.

When using gasoline for removing tires two men would use from twenty to fifty minutes in removing a tire, while with this heater from seven to eleven minutes are required. While the old tires are being removed new ones are piled up on three cast iron

REMOVING OLD AND HEATING NEW TIRES. blocks, and a large crude oil burner is placed underneath, the burner having the capacity to fill the inside of eight tires with flame and heat them for application in twenty minutes. Inasmuch as both heaters are comparatively smokeless, there is perfect satisfaction. During a test six old tires were removed and six new tires were applied in one hour and fifty-two minutes.—Popular Mechanics.
