Clay Garoutte who was kicked by a horse several weeks ago and was confined to his bed, is now able to be around again, but he is feeling quite sore yet. Clay had a narrow escape as the horse kicked him just over the heart and he also had a bad bruise on the head, caused either by falling or by coming in contact with the horse's hoof, he does not know which.

The salmon fishing for 1909 is a thing of the past, and we are sorry to relate that it has been an extremely poor season, the two canneries on the river have only secured about half a pack, and are consequently considerable in the hole. The fishermen are also somewhat to the bad this year as none of them hardly made wages during the season any a good many of them hardly broke even, whereas they should have made several hundred dollars apiece if the season had been good, and the canneries would have been much more to the good than they are. Last year was a good salmon year and next year will be better again.

Nels Rasmussen passed through town yesterday on his way to his home at Bandon after a visit to San Francisco and the Portola festival. He says it was one of the finest things he ever saw in the way of a street carnival, which is rank heresy when one considers that Bandon only recently closed one of the most successful street carnivals in history, says the Coquille Sentinel. Of course Nels didn't mean that the Portola festival was better than the Bandon carnival, he merely said it was one of the finest sights he ever saw. The Bandon carnival was another.

### Presbyterian Church

Sunday Nov 14.

Preaching 11 a. m. Subject: "Rebuilding Jerusalem" Preaching 7:30 p. m. Subject: "A Reasonable Religion."

The services were well attended last Sunday. Four new names were added to the church membership. Mr. Topping and his cornet added much enthusiasm to the music. We hope to make the services interesting and profitable. Meet with us.

## ADLER'S

## CLOTHES

IT is reasonable to believe that we would not constantly dwell upon the merit of Adler's Collegian Clothes if our experience had not taught us to thoroughly respect the wonderful value one obtains when he buys a garment of this well known make. In quality they have no equal. The best of materials throughout is one of their strong characteristics. When it comes to the question of style, we have never seen garments from any other maker which possess these artistic lines and which so strongly appeal to the young man, who demands every feature of fashion. We would like to show you a few of the New Fall Suits and Overcoats and let you try on your size, whether you want to buy or not
