The Portland Telegram is authority for the statement that a permanent hatchery is to be built on the Coquille river, where large numbers of Chinook and Silverside salmon eggs have been taken in the past.

The RECORDER one year for \$1.50

Joseph D. Warren Kelly, son of Dr. J. Kelley of Coquille died in that city Monday. He is well known in this city having lived here with his parents for a couple of years, until they moved to Coquille recently.

Arrangements are now about complete for a public highway to the beach beyond Tupper Rock. A free public road down to the beach is a thing that has long been needed and the parties having the matter in charge are to be highly commended.

The S. S. club will meet with Mrs. F. E. Holmes on Friday afternoon.

The Hles Co. will be in Bandon again about Thanksgiving time for a few nights stand.

The Elizabeth arrived in port Monday and sailed again Wednesday with a big list of passengers and a large cargo of freight each way.

What can our children 300 years from now say? asks the Salem, Va., Times-Register. They will probably say that the new railway will be completed into Coos Bay within a year.—Coos County Ex.

The Coos Bay Times says: The Breakwater will go on drydock in Portland today to have her engine room bunkers enlarged. This will require only about forty-eight hours so that she will leave there on schedule time Wednesday. The new wheel has been in readiness for sometime, but this is the first time there has been room for her in the drydock.

August Hoelling had a narrow escape from drowning while unloading apples from a boat at the wharf Thursday. The boat overturned and Hoelling was plunged into the Bay. In falling he managed to catch on to the edge of the wharf but got in nearly to his shoulders. His lusty yelling soon brought aid and he was pulled out. For a time, time, some who heard him thought that he was merely trying out his voice for the next meeting of the council when he will again urge the adoption of the ordinance providing for the issuance of \$100,000 bonds.—Times.

Lucas and Hopson have bought an option on the Flannagan and Bennett ranch known also as "The Meadow" across the river from Lyons & Johnson's mill. The tract consists of about 356 acres and the option was bought of Dr. A. S. Brown, one of the most prominent physicians of Salt Lake City, who was here for a few days and who has been owner of the land for some time. Messrs. Lucas and Hopson have not decided as yet just what they will do with the land.

The Milwaukee Railway has declared that it will remain independent in the matter of rate making. C. F. White, a leading timberman of the Northwest, has received a letter from President Earling, in which the latter declares that the lumber rates to the East will remain as they are notwithstanding any changes that may be made by the Great Northern or the Northern Pacific, when the present schedule expires in two years. This is regarded as good news by the lumbermen in the Northwest.

Birthday Party

Yesterday was the 70th birthday of A. M. Sumner, one of Bandon's leading citizens, and to commemorate the event, all the four children, and seven grand children, gathered at the parental home to celebrate the day.

The children present were Mrs. E. B. Fish and family, Edwin Sumner and family all of Bandon, and Milo and Frank Sumner of Marshfield.

A bounteous dinner was served at noon and the day was greatly enjoyed. It being the first time in a number of years when all the children were home.

Mr. Sumner is a veteran of the Civil war, having enlisted with Birge's sharp shooters, Sept. 12, 1861 and served three years and ten months to the close of the war. He was through Sherman's famous march to the sea, and was wounded in the Battle of Atlanta, Aug. 11, 1864.

Mr. Sumner was born in Boston, Mass. Nov. 17, 1839. Yesterday was also the 70th birthday of Thos. Coates a veteran of the Civil war and at present is road supervisor in this district.

High School Play

The high school play, entitled "Father and the Game," written by C. R. Moore, and put on at the

opera house by the high school students Thursday and Friday evenings was a success in every particular. The opera house was filled to its utmost capacity both evenings and the audiences were highly pleased with the entertainment as was evidenced by the constant applause.

The proceeds after the expenses are paid will go toward defraying the debt on the high school piano.

Crewe Fox

Chas. Fox and Miss Kittie Crewe gave their friends in Bandon the slip last week and went over to Marshfield where they were married, at the home of Mr. Fox's sister Mr. and Mrs. Ben Schuyler, Rev. Rutledge of the M. E. church of Marshfield, officiating. Mr. and Mrs. Fox are two of Bandon's most popular young people, Mr. Fox being a member of the life saving saving crew and the bride is manager of the local telephone office. We are glad to note that the young people will continue to make Bandon their home, Mr. Fox will continue in the life saving station and Mrs. Fox will continue to manage the telephone office. The happy young couple will have the best wishes of a large circle of friends for a long and prosperous journey down the great sea of life.

Butter wrappers of all sizes for sale at this office.

The Bonneville salmon hatchery, the biggest in the world, which will be the central fish hatchery for this state, was opened yesterday with appropriate exercises. Governor Benson, State Treasurer Steel, Fish Warden McAllister, of Oregon, and Fish Commissioner Riesland, of Washington, together with a number of prominent cannerymen of both states, attended. The new hatchery is a model plant, and has a capacity of 60,000,000 eggs, there being now about 20,000,000 on hand. Nursery and feeding ponds are provided for 3,000,000 young fish.

ADLER'S

CLOTHES

It is reasonable to believe that we would not constantly dwell upon the merit of Adler's Collegian Clothes if our experience had not taught us to thoroughly respect the wonderful value one obtains when he buys a garment of this well known make. In quality they have no equal. The best of materials throughout is one of their strong characteristics. When it comes to the question of style, we have never seen garments from any other maker which possess these artistic lines and which so strongly appeal to the young man, who demands every feature of fashion. We would like to show you a few of the New Fall Suits and Overcoats and let you try on your size, whether you want to buy or not

Notice

Notice is hereby given, That the common council of the city of Bandon, by resolution passed at a regular meeting Nov. 1st, 1909, pro-

poses sidewalk improvement upon streets as follows:

On South Fourth street, on the south side thereof, extending from the northwest corner of the Waterman's Park addition east to the plank road thence south where there is no walk at this time to Fifth street.

Also on Pacific avenue (otherwise known as Little and Wood street) on both sides thereof (where walk has not already been built) extending from Atwater to Sixth streets. Said walks to be six feet wide and of usual specifications.

Now unless a separate written remonstrance against each or either of the above described and proposed improvements be signed by the owners

of two-thirds of the real property adjacent to and abutting upon such streets or parts thereof as contained in each or either improvement, and such remonstrance or remonstrances be filed with the recorder on or before the 8th day of December, 1909, then the common council will pass an ordinance declaring and ordering such improvements, and both of them, or either of them that may not have been remonstrated against, which ordinance will assess the cost thereof to adjacent property, and provide for the collection thereof.

Dated at Bandon, Oregon, November 18th, 1909.
C. R. WADE,
City Recorder.
