NORTHWEST FIR

Sent to Washington, D. C. To Be Used as Finishing

Lumber

Portland, Or., Jan. 4-Splendi examples of fir finishing, said to be next Tuesday. week to Washington, D. C., where they will enter into the new building being erected by the Bureau of American Republics, under the di rection of John Barrett. The wood will be used in the reception roe of the new building, which will completely finished in fir Thi will result in a big advertisement for this wood as finishing material.

The wood has been prepared for shipment East and goes as a gil The finishing consists of panels scrolls, medallions, desks an brackets of the most elaborate handcarved design. The grain of the wood is shown to splendid advan tage and is stained with an oal

Loggers of Oregon expect th new year will see more raw material handled in their camps than ever before in the history of the industry within a similar period. The luu ber trade is said to be booming and the coming year promises great a tivity. Many mills are short of logs ative will debate with the Bandon the answer is according to the of- cursed with land grabbers who ex- fidence in the city and adjoining white House callers, who have and camps will resume operation in February instead of waiting for Spring, New mills in the Columbia ican Cities Should owr and Operate ficulty in getting a light, or else, pay no tax to speak of. This is a River district have drawn heavily Public Utility Plants." -- Enterprise. on the other hand, smoke con- class of blood suckers who want to upon the usual log supply until it is less than usual at this season of the year. Mills are said to be filled up with orders that will keep them busy for the coming three months.

Plan For Debates
