BANDON

To The People of Bandon

And The Coquille Country

We have Recently opened The "Golden Rule" Store in Your City. We believe this will prove of interest to you. We have called it The "Golden Rule" and in our business relations with you, it shall be our endeavor to conform to that rule, which requires that WE do unto others as we would have OTHERS do unto us.

We go personally, twice a year, into the great Commercial Centers of the East, especially New York, and in connection with the Great Golden Rule Syndicate of stores from all parts of the Pacific North West, we buy our goods at prices that can not be approached by our competitors.

We ask but a reasonable profit and sell on a strictly Cash basis, therefore we are able in almost every case to give you the goods for less money than you have been paying for them, often as much as 50 per cent. lower. As you come to know us better you will realize the truth of this statement. In the meantime we can only ask that you investigate this.

Our goods are all marked in plain figures. We have but one price for all and that price the lowest it is possible to quote.

Finally: if at any time you are not perfectly satisfied with the goods you have received or the treatment that has been accorded you at the Golden Rule, we will consider it a special favor if you will notify us of it.

Hoping we may soon have the pleasure of serving you, we are,

Very truly yours

The Golden Rule Co.
