VENEER PLANT TO START THIS WEEK

Machinery Nearly all Installed and Plant Nearing Completion

MANY ORDERS ARE BEING RECEIVED

The Perry Veneer Plant is now nearing completion, and the machinery, which is practically all new, is nearly all installed, so that Mr. Perry hopes to get the wheels rolling this week, or the first of the next at the very latest.

Mr. Perry's machinery is the most modern to be had, and his new turning lathe, with which he shaves the veneering, is much superior to his old one, being larger, heavier, and of greater capacity. It will handle a block 84 inches long and 60 inches in diameter.

The new plant is commodious and convenient for the business. The main building is 39x80, and together with the annex, he has a floor space 50x96, and will build an addition 14x50 in the near future, which will be used for a basket room.

Mr. Perry has all the orders he can take care of this year, and others are constantly coming in so that there is every reason to feel encouraged so far as business is concerned.

With his new plant and new machinery, Mr. Perry will be able to turn out the finished product in his line in a rapid and satisfactory form, and the industry is an excellent thing for Bandon.

Riverton Locals.

Adam Pershbaker, of Prosper, was in town last week. He called on his old friend Wm. Rohn.

Deputy assessor, Lawrence, was assessing the Riverton people last Friday.

Mrs. C. C. Price has been under the doctor's care for several days. She is now improving some.

Mrs. Prewett of Bear creek, was up to see her sister, Mrs. C. C. Price. The Peterson brothers drove up to Coquille last week.

Mrs. Lee is visiting her niece, Mrs. Edwards, down the coast.

Mesdames McCormick and Cessna spent a few days in Bandon.

Stewart Whittsett is building an addition to his house.

Charles Peterson is improving his house by raising and underpinning it and rebuilding the porches.

VERITAS

Brown & Gibson have rented the corner building formerly occupied by Lint's variety store, and are using it for a draughting room. The Bandon Light & Power Co. also have an office with them. This is an excellent location, and will no doubt prove a paying proposition to the occupants.

Mrs. Emma Smith returned to Bandon, Monday, after an absence of five months. She spent the first three months at Magalia, a mining town in northern California, afterward going to San Francisco. She visited her son and his wife, Mr. and Mrs. Almon Smith, both well known in Bandon. Mrs. Smith came up on the Fifield and reports a very rough trip.

FACING THE MUSIC A GREAT SUCCESS

Home Talent Did Excellent Work at the Grand, Saturday Night

The opening play in the new Grand Theatre, Saturday night, was a great success in every particular, and goes to show that Bandon has some home talent of which our citizens may well feel proud, and those who participated have since been receiving the congratulations of their friends for the excellent work done.

The play, entitled "Facing the Music," was put on entirely by Bandon people, and from the rounds applause that were received from the audience, there is no mistaking the fact that the work was highly pleasing to all.

We could not begin to enumerate all the good points, but will state here that each individual did his or her part with such grace and ease, that one forgot that they did not make any pretense at professionalism, for in fact their work was superior to that of many who follow the stage as a profession.

The cast of characters was as follows:

Rev. John Smith	Lentner Gallier
John Smith	J. H. Johnston
Dick Desmond	C. R. Moore
Col. Duncan Smith	R. A. Felter
Sergeant Dullell	Robt. Blackeby
Mabel	Miss Edna Mills
Nora	Mrs. R. A. Felter
Miss Fotheringay	Mrs. J. H. Johnston
Mrs. Ponting	Mr. B. A. Kalp

It is sufficient to say that all performed their parts with great credit to themselves.

The specialties between acts, and the musical program by the Grand orchestra, all came in for their share of praise and applause.

The new Grand theatre is certainly a credit to Bandon, and the effects Saturday night were beautiful to say the least. Mr. Selmer is to be congratulated upon his determination to give the people of Bandon an up-to-date play house.

Field Meet May 6.

Prof. H. C. Ostien was at Coquille last Saturday in conference with the other high school superintendents and principals of the county, arranging for the Coos county high school field meet, which is to be pulled off at Marshfield, May 6th. All the schools in the county are entered in the contest, and it will no doubt be a battle royal for supremacy in track events. The Bandon boys are practicing daily, and are making some good records. Last year, with practically no practice, they easily took second place in the meet, and this year the prospects are good for first place because of the excellent training they are going through.

Orson R. Willard, Jr., the eight months old son of Capt. and Mrs. O. R. Willard, died at their home in Coquille, Tuesday, of this week, and interment was made in the I. O. O. F. cemetery of that city yesterday. The Bandon friends of Capt. and Mrs. Willard extend sincere sympathy in their time of bereavement.

The Ladies' Art Club will be entertained this afternoon by Miss Blanche Van Valkenburgh.

A good set of chain plow harness for \$18.00 at the Bandon Harness Shop.

A good riding saddle for \$22.50 at the Bandon Harness Shop.

Mrs. Emma Smith will re-open Millinery Store. Watch for the date in the next issue.

NEWPORT TO START APRIL 15

Will Ply Directly Between the Coquille River and Portland

WILL MAKE REGULAR WEEKLY TRIPS

Portland, Ore., April 8.—Beginning April 15, the steamship Newport will be placed in regular service between Portland and points on the Coquille River in the freight and passenger trade, affording the only through transportation facilities the merchants of the Rose city have ever enjoyed with Bandon, Myrtle Point and Coquille City. A Dunham and associates, who own the Newport, have purchased a controlling interest in the river boats plying on the Coquille. By transferring freight from the Newport to them, goods can be delivered to the various points on the Coquille during the lowest stage of the river.

Heretofore, shipments destined to Bandon Myrtle Point and Coquille City from Portland, were forwarded on the steamers plying between here and Coos Bay. At Marshfield the goods were re-shipped on other lines, necessitating their frequent handling.

There are two ways to ship from Marshfield—over the railroad or by gasoline schooners. Delays are often experienced, and it is believed a through line will afford the heavy shippers a much improved service.

The Newport has accommodations for 40 first-class passengers, and she can take care of 200 tons of general cargo. For the past two months she has been at Fureka undergoing extensive repairs and receiving alterations. Rather heavy travel to the Coquille is anticipated the coming season, and it is announced that particular attention will be given to looking after the passenger trade. The steamer is expected to provide close to a weekly service.

On the up trips the cargoes of the Newport will be made up mostly of coal, which will come from mines operated by the owners of the steamer. She will also bring considerable farm produce from that section. Returning she will take out general merchandise. The Company officials have been led to believe that a most thriving business can be built up by the line, and others acquainted with the varied resources of that rich territory, say there is no doubt of it. The steamer will probably be operated from the Oak street dock, although no definite arrangements of this sort have as yet been completed.

Day Won Fight

Jess Day of Marshfield knocked out Billy Thomas at Oriental hall Saturday night. The fight was billed for twenty rounds but Day scored a knockout in the fourth, and it was a decisive one, Thomas not regaining consciousness for some time. The preliminary between Iud Nosler and Art Fish resulted in a draw, as did also the other preliminary.

All three bouts were very fast and the spectators received the worth of their money.

T. G. Leyland, who was here last year with the Sherman-Clay Piano Co., has returned with his family, and will be connected with the Coumerilh-Christensen Co. Bandon people will be glad to welcome them to our city.

NEW BANK WILL OPEN APRIL 20

First National Is About Ready for Business Operations.

The new First National Bank of Bandon will be open for business about April 20th if no unforeseen delays occur. The vault and other fixtures are practically completed, and the safe has been here for some time. The building is being remodeled in every way, and when completed will present a very neat appearance, both inside and out.

Cashier Roberts, in conversation with a representative of the Recorder stated that the people could depend on courteous treatment, and would be granted all the accommodations consistent with good banking business.

The stockholders are among the best and most solid business men of Coos and Curry counties, and the outlook for future business is very flattering indeed.

Charles Fox and wife, of Bandon, and Mrs. Fox's mother, Mrs. Crewe, of Myrtle Point, were Fourmile visitors recently. Mr. and Mrs. Fox spent the day fishing, with good results, and Mrs. Crewe spent the day with Mrs. Robert Hunt.

For the past ten years she has lived with her daughter's family near Coquille but they moved to Bandon last December. The members of the Thimble Club met this afternoon at the home of Mrs. W. E. Craine, in the east end of town. A few friends were invited to meet with the members, and the thimbles were laid aside for the time and the afternoon spent in playing whist, after which a dainty lunch was served.

R. A. Copple, of the Golden Rule, came over from Marshfield Sunday, and has spent the week getting in touch with business conditions and acquainted with the people of Bandon. By the way, the Coldea Rule has a very interesting ad. on the last page of this paper. This store is creating something of a sensation in price making for Bandon, and yet they say these are their regular prices and that they will be maintained.

The first and second grades of the Bandon public school will put on a musical play at the Grand Theatre Friday evening April 22nd. There will be fine motion pictures between scenes and the price of admission will be 15 cents. The proceeds to go toward buying material for use in the school. This is a worthy cause and the children are being thoroughly trained so that the patrons are assured the worth of their money.

DEAN OF CATHOLIC CHURCHES TO VISIT

Very Rev. Father A. Lane of Albany Will Spend Two Weeks Here

The Coos Bay Times says that the Very Rev. Father A. Lane, of Albany, dean of the Catholic church for this district, is to make his annual visit to the churches in this section of the state the latter part of this month. He is scheduled to be at Gardiner April 24 and will be met there by Rev. Father D. P. Curley of North Bend. They will reach North Bend April 25th and on April 26th a conference of the priests of this section will be held there. Then he will visit the Marshfield parish and proceed to Bandon and the parishes along the coast south of here.

Edwards-Jensen.

On Saturday, April 9, 1910, in the Methodist Episcopal church, Miss Mabel Jensen and Mr. George Edwards were united in the holy bonds of matrimony. At 12 o'clock noon, while the wedding march was being played by Mrs. R. H. Allen, the bridal party appeared led by Miss Bessie Jensen as ring bearer. The bridesmaid was Miss Eula Wilson, and the best man was Mr. Raleigh Tucker. At the altar the party stopped and the ring service of the M. E. church was performed by the Rev. R. H. Allen. After congratulations all retired to the home of the bride's parents where a bounteous wedding dinner was served.

The bride is one of Bandon's best young ladies and the groom is held in high esteem by a large circle of friends. They will make their home in the Edwards' house in the eastern part of town. Their many friends wish them a happy, prosperous and useful life.

Special to Rebekahs.

Mrs. Corrie C. Hubbard, President of the Rebekah Assembly of this state, will visit, officially, the local lodge of this city, Saturday evening, April 16th, at their lodge room in the I. O. O. F. building. All Rebekahs earnestly and cordially invited to be present. Banquet. Mrs. Hubbard will stop in Bandon over Sunday.

Quite a number of the members and friends of the Methodist church gathered at the parsonage on Monday evening to tender a farewell reception to Mr. F. A. Bates and family. Mr. Bates and his family have been faithful members of the church since moving to Bandon, and their going leaves places hard to fill in the rank of workers. At the reception, after a time had been spent in social visiting and playing games, light refreshments were served after which Mr. Bates spoke briefly of his regard for the Methodists of Bandon and the church, and of his regret at leaving. The pastor, R. H. Allen, responded, and assured Mr. Bates and family that their work was appreciated and their leaving regretted, but that wherever they were the Methodists of Bandon wished them success. After singing "Blest Be the Tie that Binds," the company separated.
