Van Marter Just Closed a Successful Meeting at Lebanon

Brother C. M. Van Marter recently closed a very successful series of meetings here. About fifty professed conversion and we will get about thirty additions to the church. Bro. Van Marter has grown into a strong evangelist. His sermons were eloquent, plain and practical. His delineations of the consequence of sin I have not heard surpassed. He certainly is a fearless preacher, at all times speaking the plain truth. This was Bro. Van Marter's second visit here. He preached an entirely new set of sermons, and the meetings grew in interest to the end. Those places where he has once been need not fear to employ him the second time. He is the equal in preaching power to any evangelist that has been recently in the state, and with a tabernacle and a proper organization behind him, his work will be as fruitful as any.—A. F. Lacy, pastor M. E. church, Lebanon, Ore.

Mr. Van Marter will commence a series of Union Evangelistic meetings in the old Shingle Mill building, Sunday, July 3rd. Don't fail to hear him. The meetings will continue indefinitely.

Uncle Sam's Timber Resources

Uncle Sam is counting his timber wealth on the slopes of the Cascade Mountains. Expert timber cruisers in the employ of the Government are at work making the estimate and it is expected it will take all this summer and next to complete the cruise of the water shed of the Willamette river and its tributaries in the Cascade reserve. The land will be classified and the timber segregated into logging units. This is the first attempt, so far as known, of the Government to take an inventory of its timber resources.

The A. F. Estabrook Co. Wish to Announce a Change in Passenger Rates Bet. San Francisco & Bandon On The Steamer FIFIELD

Hereafter a Rate of \$10.00 will be maintained for the state-rooms upon the upper deck.

The staterooms off the saloon will continue to be \$7.50 as in the past. This Change does not mean a first and second class passage, as all passengers at either the \$10 or the \$7.50 will receive the same attention and service, and be accorded the same privileges aboard the steamer.

This new schedule has been made at the solicitation of many of our most satisfied patrons, such a change making it possible for those residing out of Bandon to arrive here while there remains a possibility of securing upper deck accommodations.

The New Rates will work hardships upon no one as it is still possible to travel at the usual rates and secure the best services obtainable in this section of the country.

The Steamer FIFIELD is the only steamship carrying passengers between Coos County and San Francisco, that is equipped with TWIN SCREWS.

Twin Screws mean reliability, safety, speed and everything that you would wish to insure your safe arrival at your destination.

This steamer is also the only steamer on the Pacific Ocean which has furnished in each and every stateroom, hot and cold running water for the convenience of its passengers. Its staterooms are most spacious and thoroughly well ventilated.

The cuisine of the Steamer FIFIELD is all that any one can desire. The Crew is willing, attentive and courteous. We desire to please you, and assure satisfaction to you and to any of your friends to whom you may recommend traveling on the FIFIELD.
